Did you know?

Did you know that the Mayas practiced cosmetic dentistry before Europeans arrived in the New World?

It's true! The Mayas of Central America were very concerned about the appearance of their teeth. Besides using inlays of gold and colored stones, they also shaped their teeth by filing them into sharp points. This was to honor their Sun God, Kinich Ahau.

We've come a long way! With excellent dental care From Dr. Strong, you will protect your teeth, look great, and feel even better. Keep your beautiful teeth and smile for a lifetime! We enhance people's lives!
