Did you know Your tongue is important in maintaining healthy teeth and gums.

It's true!

Your tongue plays a crucial role in your functions of talking, tasting and eating, and is a key health indicator. A healthy tongue is a robust pink color. Changes to the color or feel of the tongue or the taste of food can indicate a variety of conditions from vitamin deficiencies to oral cancer. An oral exam can help identify health issues.

Bandon By the Sea & Sinking

@bandonsinking

@BandonSinking

Bandon is facing critical water & sewer issues because of the lack of leadership & responsible governing by Mayor Schamehorn (M) & the City Council (CC), & the unethical & unprofessional management of City Manager (CM) Dan Chandler. Don't forget the feckless Planning Commission.

***Bandon Municipal Code Ch. 13** guarantees us utilities services. The CM & Planning Mgr. Nichols appear to have illegally gutted **BMC Ch. 16 & 17** (building codes), is **Ch. 13 also gone? Do you no longer have water & sewer guarantees?**

***The CM knows that the water plant has capacity for 4,000 people, & that there are no plans or funding (→ Moody's credit downgrade) to double its capacity.** Even with unlimited water, the system has met its engineered capacity. Yet, he & Nichols appear to say yes to any plan that crosses their desks. Where's City Council oversight?

That leaves **water for 831 people (3,169 residents 2021)**, or water for fire suppression, the hospital, new construction connections, hotels & VRDs, visitors, & all businesses. And you were worried about food trucks?

- **Only major changes** will double system capacity, so a new plant? **There is a limit on how much water can be processed each day** by the current plant. **BTW** Where are the capital improvements we have been paying for since 2016?
- **Is the city's one water source, with a water right for ~ 5 cfs, adequate for growth? Guarantees** there will be enough water? **No.** Water belongs to the State, not to the city. **Bandon has not perfected its right. FYI if you don't use it, you can lose it.** So, no back up groundwater wells. The City can buy water rights, but can't take rights through eminent domain. Taking junior rights is a legal & political minefield.
- **The city doesn't have enough in-channel storage capacity** for creek water, regardless of creek flow, dredging, or the repair of Ferry Cr. dam & spillway. **In 2014, experts told the CC that Bandon needed an off-channel reservoir.** Bandon bought the land, paid for permits, plans, etc. & then **they bought a defunct golf course.**
- **Water from the plant leaves from one pipe after leaving from one tank (2M gal.) that is filled from one plant.** It's not rocket science, it's reality. The distribution is like a soaker hose, the closer you are to the water source the more water & pressure you have access to...the further away you are, you get what's left. **Money for upgrades?**
- **What about the aged-out wastewater treatment plant, what is its "person" capacity?** It can't be greater than the water plant since a functioning sewer system needs water flow.
- What has actually been accomplished **since the 2019 GO bond sale that increased our property taxes?**
- **Why doesn't the CC budget enough money for water & sewer utilities?** M & CC appear to only be concerned with accessing Urban Renewal tax monies to do the ~\$1 M repairs on the Sprague Theater (legal?), & stopping seagull feeding.
- **Bandon needs an independent Cost-of-Service study done by experts, not city dilettantes, so ratepayers' dollars are properly & effectively spent.**
- **BTW** It seems we are paying for a **Special Election in August. Rate increases?**

City Manager Chandler, a **suspended WA land use/real property lawyer, is "growing" Bandon without a plan...** the **water & sewer utilities are not keeping up** (CM's own docs). Wishful thinking will not make the problem go away. **Since 2014, public records show that the Mayor & Council have known of the utilities problem & have chosen to not act responsibly** in Bandon's interests.

REMEMBER: Public Hearing on Monday, June 6, 2022, decisions made will directly impact every property owner in Bandon.
