“You made it! I would like to commend each one of you on your achievements at Coquille High School. You are now prepared to move on to college, the work force, the military, trade school or wherever else you choose. You’ve been resilient and courageous. I wish every one of you the best in life.”

Valedictorian - Luke Donaldson

I owe my journey of academic success to my family, especially my mom. From an early age, she instilled the value of knowledge and that being open to new experiences would lead to success. At school, I have participated in several sports, including soccer and track, as well as academic clubs like Knowledge Bowl and Philosophy Club. Through the National Honor Society, Key Club, and Oregon Stewardship, I have actively participated in the community at festivals and fundraisers. While I was heavily interested in school clubs, I began volunteering at local organizations that might become future employment opportunities. The South Slough Reserve and Surfrider Foundation Coos Chapter are the primary organizations I work for, performing water quality tests, trapping invasive species, assisting public kayak trips, installing wildlife cameras, and a variety of other projects. I will be applying this experience at Oregon State University in the fall by studying natural resource management. With college credits already applied to my focus of study, I hope to receive my bachelor’s degree early and enter the workforce as a conservationist or fish and wildlife scientist.

Salutarian - Grace Wright

My parents are Kip Wright and Mary Craddock. Over the course of high school I have been involved in knowledge bowl, drama, battle of the books, spirit club, science club, philosophy club, speech and debate, student council, Key Club, National Honor Society, soccer, track and field, and cross country.

After high school, I am going to attend Oregon State University where I will earn my double degree in English and Education in hopes of teaching English abroad and becoming a high school English Teacher.

Salutarian - Celeste Snively

My parents are Jeremy and Misty Snively, my older sister is Imogen Anthony, and my younger brother is William Snively. In school I have been involved in NHS as the Red Cross Blood Drive Coordinator, Student Representative my junior year, ASB secretary, cheerleading and cheer captain, and track and field. I am going to Southwestern Oregon Community College for an Associate of Arts Oregon Transfer Degree. I am interested pursuing a career in the art field.

Salutarian - Bailey Higgins

My grandparents are Kristen and John Higgins. While in high school, I have been a part of speech and debate, battle of the books, Model UN, knowledge bowl, spirit club, basketball, soccer, softball, student council, and National Honor Society. After high school I plan on attending Oregon State University where I will major in Marine biology, beginning my career path as a marine biologist.

At the time of publication, student photos were not complete so keep an eye out for all the Coquille graduating class photos and review coming soon.

To the Tigers in the Class of 2022

This past year, it has been my pleasure to work with you and help prepare you for your next adventures. Even though the year started out in an untraditional manner, you were able to create many memories together. This group is the embodiment of resilience and determination.

Early in the year, the class of 2022 selected a quote to represent their class; "Sometimes you will never know the value of a moment until it becomes a memory." We have added a few more quotes and boy, have we made some memories!

Our year has ended with hidden mashed potatoes, glitter and demon crickets from Hades being released into the main of-

fice. I reminded students of the quote, "Revenge is a dish best served cold", (isn't that right, Cooper?) and Abraham Lincoln's famous line, "Better to remain silent and be thought a fool than to speak and remove all doubt." On the Senior Trip we acquired more "bull riders", Oak Springs Rapids survivors, lava cave explorers, corn hole champions and mobile tent finders.

All of this has been amazing, but BHS Graduates, it is now time to strike out and start crossing things off your bucket lists. These include skydiving, finishing a novel, backpacking through Europe, and traveling the world to places such as Ireland, Bora-Bora, Greece, Germany, Africa, Italy, and space.

But now, in the wise words of Tom Kazansky, callsign "Iceman" of Top Gun movie fame, "It's time to let go." So I wish for you to live a life full of love, adventure, peace, strength and lasting friendships. I hope your futures are as sweet as a sundae made with chocolate, cookie dough, vanilla, mint chip, and malted moo shake ice creams in a waffle cone with chocolate sauce and extra sprinkles. Godspeed, Tigers of 2022. I am so proud of you and love you to Tumalo and back.

All my best to you always,
Mama Radcliffe
