4 GREAT Reasons Why Ductless Heat Pumps are *Amazing*

Save Money & Energy

- 1 Homeowners SAVE 25 – 50%** off their heating and cooling bills by upgrading to a ductless heat pump.
- 2 Easy Installation** – Installation is easy, averaging 4-6 hours.

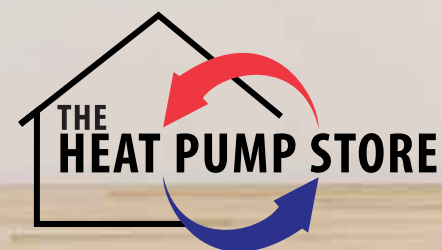

Experience a More Comfortable Home

- 3 Superior Heating & Air Conditioning.** All ductless heat pumps use inverter technology for consistent heat and air conditioning is standard on all models.
- 4 Whisper Quiet Technology** – you will almost forget they are even operating.

Another Great Reason to Install a Ductless Heat Pump

SIGNIFICANT Utility Rebates & Tax Credits are available to offset installation costs plus receive an additional **\$100^{off}** when you mention the Business Expo. Expires 7.31.2017.

More Comfort, Less Money!

Come join your local Environmental Clean Up professionals at the 2017 Business Expo!

Who We Are

Arcadia is a full service environmental remediation firm located on the Oregon Coast.

Our Goal

To provide our customers with the highest level of professional service with integrity.

Our Commitment

If we do not offer a service you are looking for; either in house or through our substantial connections, we will strive to find a provider that will best fit your needs.

When you're looking for an experienced, locally owned and operated, hazardous material removal company, call Arcadia Environmental Inc. to speak to our team of professionals!

Our objective as an environmental remediation company is to provide the best possible service, in a timely manner, following all of the regulatory requirements, in order for our customers to continue their project with the least disruptions possible."

-Ken Newman
General Manager

Your Local Environmental Clean-up Professionals Specializing in Asbestos, Lead, and Mold Remediation

Our Services

Asbestos and Lead:

inspections, remediation and disposal

Inspecting residential, commercial and government structures for the presence of asbestos and lead, sampling to determine the amount of material involved and designing a plan for remediation work to remove or encapsulate the material and the final disposal in a DEQ approved landfill.

Mold:

inspections, remediation and disposal

Visual inspections, direct sampling and air sampling for molds and fungi that can cause health issues to people and damage to materials.

Hazardous Materials:

cleanup, disposal and Spill Response

Arcadia has the contacts and resources to mobilize the required people and equipment to clean up various types of contaminants used in everyday life and industry and dispose of them properly.

Underground Fuel Storage Tank Testing

Soil testing for DEQ tank decommissioning by removal or fill in place, exposing and cleaning the tank as required for decommissioning. Removal of contaminants in and around the tanks.

Ground and Water Testing

Conducting soil and water sampling for various environmental conditions to guide the customer in remediation efforts and maintain EPA or DEQ compliance.

Phase I and Phase II Site Assessments:

Conduct Phase I and Phase II site assessments in preparation for sale of property or construction activities

Full-service environmental cleanup

You can rely on Arcadia Environmental Inc. to provide the best possible services. Whether the job is big or small, we get the job done right.
