Did you know?

Did you know that toothpaste was known in 500 BC in India and China?

It's true! The first commercial toothpaste in the US was introduced in 1850, and in 1879 a company called Colgate began production. It was a minty mix of finely ground pumice, water, soap and flavoring. Colgate went on to become a household name in oral health.

We've come a long way! With expert dental care from Dr. Strong, you will protect your teeth, look great, and feel even better. Keep your beautiful teeth and smile for a lifetime! Dentistry with a difference!
