Did you know?

Did you know that Charles Lindberg was the grandson of a dentist?

It's true! Not only that, Charles Land, grandfather of Charles Lindberg, invented the porcelain jacketed crown in 1903. The basic design of the crown, used on millions of molars, has not changed since it was invented. Is it possibly the first crown to cross the Atlantic?

We've come a long way! With excellent dental care from Dr. Strong, you will protect your teeth, look great, and feel even better. We're here to help! Dentistry with a difference.

Bandon Fire Hall flagpole ball stolen

BANDON - Bandon Fire Chief Lanny Boston reported that the ball from the top of the Bandon Rural Fire District's flagpole has been stolen. He noticed it Thursday morning, April 12, but said it may have happened within the last few days. The ball has been on the ground since the flagpole was hit by lightning on Feb. 22. Boston said in retrospect, he should have put the ball inside, but didn't think it was unsafe where it was. A

new flagpole is on order, but the Fire District was going to use the ball, which survived the lightning strike without damage, for the new flagpole.

The cost to replace the ball is approximately \$500, Boston said. "We'd like it back," Boston said. "If someone could bring it back to the Fire Hall, there will be no questions asked, or drop it off when the Fire Hall isn't open. It would be much appreciated."
