Teddy Bear Toss takes on its 10th year

BY NATE SCHWARTZ Editor

The Bay Area's Junior Chamber of Commerce organized the tenth iteration of their annual Teddy Bear Toss charity fundraiser on February 26th, 2025. The event sees hundreds of stuffed animals donated the Pediatric Unit at the Kids

HOPE Center wing of Bay Area Hospital.

At halftime of the Southwestern Community College men's basketball game against Linn-Benton, attendees tossed dozens of stuffed animals

Coos County Animal Shelter continues donation push to retain employees

BY NATE SCHWARTZ

The Coos County Animal Shelter (CCAS) is seeking donations to permanently hire a second Animal Shelter Operator (ASO) in the wake of continued budgetary constraints with the County. Under the purview of the Sheriffs Office, the County Animal Shelter is also operating with reduced funding and will be losing an Animal Control Officer this year.

To compensate, said donations will go toward keeping the CCAS operating at full capacity through bringing in another shelter operator on a long-term basis. Currently the CCAS only has two permanent positions, the Officer and the Shelter Operator. The loss of their second officer position, which was already unfilled at present, greatly reduces the ability to respond to service calls and keep the shelter open to the public.

"There used to be one animal shelter operator and two officers," said Gwyndolynne McDonald, who was hired for an ASO position. "With the levy not passing, I was hired to take over the ASO with hopes that the current operator would move into

the second officer position." Instead that second officer position was cut, and now the shelter is facing operation with only two employees and McDonald is at risk of losing her job

CCAS has already raised over \$21,000 dollars for the position since announcing they

Bay Area Hospital Update: A Bullet-train to the Unknown

By TRACY SWEELY and JUDY MOODY

Where Things Stand

When we wrote our Opinion piece published here December 31, 2024, we felt we were witnessing Bay Area Hospital's existential financial problems, and their strategy to partner with private-equity owned Quorom Health, as a slow-motion train wreck. Now, just two months later, we see this as a high-speed train barreling towards the unknown. We thought we'd catch everyone up.

Private-equity owned hospitals are notorious for extracting profits at the expense of quality care. They funnel money out of the community into investors pockets. Many community members have only recently become aware of the deal and public concern has quickly grown. Audio of BAH board meetings is available at the "Coos Board Watch" YouTube channel. We encourage anyone interested to listen.

Since December 10th when the BAH Board voted to execute a Letter of Intent with Ouorom, they have been negotiating towards a definitive agreement. Here is a tentative timeline:

- · An Oregon Health Authority, HealthCare Marketplace Oversight (OHA HCMO) pre-filling conference with BAH and Quorom was scheduled for February 18th.
- At the March 11th BAH board meeting, they will vote on approving the partnership.
- If approved, they submit the Transaction to OHA HCMO for its approval.
- They expect to execute the Final Agreement at the end of March.
- If the OHA HCMO program allows a Preliminary Review, approval could occur within 30 days of submission. If they require a Comprehensive Review, their decision could take many months.

- · Four BAH board seats will be up for election on May 20th: Positions 3 (vacant), 4 (Barbara Taylor), 5 (Renee Nelson), and 6 (Troy Cribbins).
- · The new board would be seated July 1st
- · If OHA HCMO approves, Quorom would take over hospital operations, possibly before the new board is seated.

While BAH is again in default of their loan, the Bank of Montreal has not called the note. BAH requested a forbearance reducing the required days of cash on hand, waiving callability and capping the interest rate, but the forbearance requires a partial pay down, likely from investments.

Better Late than Never

At the February 11th board meeting, Chair Cribbins announced they would host a Town Hall on February 18th to answer questions about the partnership. Despite the short notice community turnout was strong, requiring a move to the lobby. There were five tables where questions could be posed to a BAH board member and an executive. Attendees were to move to a different table every 20 minutes, so answers to many important questions were not heard by everyone.

The opportunity was long overdue but we appreciated getting answers to a few long simmering questions. The BAH negotiating team is attempting to mitigate a few strategies private equity companies use to extract profits at the expense of quality care, but we didn't feel that all such strategies were being adequately addressed. In the end we remained unconvinced. Some of our remaining questions are:

- Is there a cap on what Quorom will be able to charge for their Management Service Organization Fees, and on raising those fees?
- Why is Leadership agreeing to lease the hospital to Quorom for 30-years, but allowing

Quorom to only guarantee Core Services for 10 years?

- Are there any exceptions that would allow Quorom to discontinue any Core Services under certain conditions?
- Does the nine-member Board of Trustees wield any real authority, and how can it represent the community if it is appointed by Quorom?

The mission of an Oregon Health District is to ensure access to and local control of health services. Private-equity owned Quorom and the Hospital District have fundamentally incompatible missions. With all that BAH Leadership has invested in partnering, and with Quorom being their only choice, they could be susceptible to Quorom telling them what they want to hear. We wonder if BAH Leadership is capable of objectively assessing the deal.

Two weeks before the Town Hall, the League of Women Voters had extended an invitation to BAH Leadership to participate in a public forum to answer questions. We expect that event will have a larger turnout than the Town Hall. It is critical that BAH continue to engage the community.

How we Got Here

Despite implementing strategies from a turnaround consultant through 2023, BAH's financial situation did not adequately improve. At the beginning of 2024, Leadership hired another consultant to look into pursuing a levy on the November 2024 ballot. Polling by that consultant revealed 54% of those polled would have supported a levy at the \$100/year level, and this without knowing what was at stake.

Early in 2024, Leadership appeared to make the decision that partnership was the only way forward and they opened communication with Juniper Consulting, who over the next several months presented options. Meeting Minutes from May 14th indicate that Juniper discouraged the board from simultaneously moving forward with the levy. The board voted to engage Juniper on June 11th.

At the July 9th board meeting a public input session was held, and in August BAH ran a small online survey. The survey, did not appear to have been created by anyone with survey design expertise. It had six suggestive questions that guided respondents to a partnership decision. Between the one public input session and the flawed survey, it seems Leadership had made the decision to partner, then "backed into" public input to make it appear the public had a role in the decision. The lack of genuine engagement has given community members every right to be concerned and angry about a decision that will irrevocably change the nature of how the hospital is operated.

What's the problem?

The private-equity owned partner aside, the underlying

issue we have with the proposed partnership is that current BAH Leadership has treated the hospital as if it is a private business. Despite trying to pacify community concerns with statements on the BAH website and a hastily held Town Hall, leadership has cut the community out of participation in the process.

We wonder why Leadership never drew upon the wealth of experience from knowledgeable members of the community by establishing steering committees. They could have reached out to the unions, the physicians, other staff, executives from local medical facilities and community members for input and ideas about increasing revenues, streamlining operations and even partnering. Why didn't they do this?

About the time that the Survey was conducted in August 2024, according to Meeting Minutes from August 27th, CEO Moore had already had an introductory meeting with the proponents of a Local Proposal. Board members were interested in following up on it. We have heard from several credible sources that 2 months later, on October 31st, CEOs from Advanced Health, Coquille Valley Hospital, Bay Clinic, North Bend Medical Center and the Southwestern Oregon Independent Physician's Association met with CEO Moore, Board Chair Cribbens and Board Member Thomas McAndrew. Proponents of the Local Proposal flew in a specialized attorney who gave a presentation on a local health system concept that had been successful in the Midwest. It was agreed that a presentation to the full BAH board would occur on December 9th. We tried to review the minutes from this December 9th meeting but they are not posted on the BAH

Meeting Minutes webpage. Leadership's ongoing negotiations behind closed doors, in their single-minded pursuit of a risky partnership that gives up all authority over hospital operations to an out-of-town firm, has broken the social contract between the Hospital District and the wider community. The lack of transparency and accountability for its financial crisis, points again, to Leadership operating as if this hospital is a private entity, rather than a public one that is owned by, and answers to, members of the community.

Community Resistance and Alternatives

For many months commenters at BAH board meetings have warned the board about the potential consequences of this dynamic. It should be no surprise to anyone that the community is actively organizing against this affiliation with Quorom. We've heard serious efforts are underway to:

• Promote a Public Comment campaign to OHA HCMO

to disallow any Exemption, conduct a Comprehensive Review rather than a Preliminary one and to ultimately Deny the transaction. Public Comment can be via voice mail at 503-945-6161, email at hcmo.info@oha.oregon.gov, or on their Public Comment webpage.

- Promote a Public Letter writing campaign to legislators in support of
 - o The United Food and Commercial Workers Local 555 effort to increase the size of the district, establish a levy and provide funds in the amount of \$24M per year for two years
 - o Brock Smith's Senate Bill 1000 that would provide the district with \$10M
 - o Senate Bill 951, that would prevent Management Service Organizations from affecting clinical decision-making
- Promote new candidates to replace incumbents in the May Board Election cycle
- · Initiate a Referendum to overturn the deal

What if the Deal Dies?

Jennifer Briggs, a vocal critic of the partnership, was told at the February 11th board meeting that there is a Plan B if the Quorom deal collapses. Briggs stated, "In my conversations with board members after Tuesday's meeting, the Board considers partnering with Quorum to be Plan A. Plan B consists of looking for solutions that are very similar to what we have suggested-finding another bank to take the loan, partnering with local entities (tribes, other medical entities, etc.). To my mind, Plan B should have been investigated, publicly, long ago."

In light of the opportunities at hand, where any one option would not solve the financial problems, all of them taken together could do so. These options include:

- · Forbearance of the loan
- Finding another bank to take the loan
- Changing the size of the Hospital District
- Implementing a tax levy
- State funding for two years allowing time to explore other options to maintain and improve hospital finances in the long term, including the Local Proposal.

Plan B is what should have happened all along. We would ask the Board to table the vote on the Quorom partnership for now, and give the community the opportunity to engage in the process. Otherwise, they are likely to rightfully obstruct this decision, made entirely without consensus.

In last week's article titled "Bay Area Hospital leadership..." it was stated that Quorum Health is a private equity firm. This is incorrect as Quorum itself is a healthcare management company. The article should have stated "Quorum Health, a private equity-owned healthcare management company with a portfolio of similar rural hospitals."

Letters to the Editor

Bandon High

An open letter to the students, parents, faculty, staff, and administrators of Bandon High School,

Thank you.

Our family arrived in Bandon this past September. Moving always has its uncertainties, and for our family these uncertainties were magnified by the fact that our two sons were moving away from the only town they had ever lived in. We had no idea what to expect.

Max, our younger son, is a high school sophomore. Not only was he entering a new school, but the timing of our move meant he arrived after the school year here had already started. From the very beginning the staff of Bandon High School were extremely helpful. For that we are grateful.

It can be hard to make friends in a new town and at a new school, but you accepted Max as if we had lived here all our lives. Max has not just adapted

to Bandon High; he has thrived. Every morning, he wakes up excited to go to school, and that is because of you. Thank you.

Whatever the future brings, we hope Bandon never loses its welcoming heart. Go Tigers!

Blessed to live in Bandon since September 2024,

USAID

Dear Editor,

For all the talk about government waste, few programs are as cost-effective as USAID. For less than 1% of the federal budget, USAID prevents famines, responds to disasters, strengthens economies, and keeps America safe—often at a fraction of what military intervention would cost. Yet, some in Washington, fueled by misinformation, are pushing to dismantle it, leaving both American interests and global

stability in jeopardy. USAID helps American

businesses by opening and maintaining markets abroad. It creates trading partners instead of adversaries. China is already stepping into the space we are abandoning, securing influence in regions where American

leadership once stood strong. Eliminating USAID is not a budgetary decision; it's a political failure. Senators Ron Wyden and Jeff Merkley must fight to protect it, not just as a tool of humanitarian aid but as a vital economic and security asset. To gut USAID is to weaken America—it is reckless, shortsighted, and ultimately more expensive. We can either invest in diplomacy and development now or pay the price later when instability reaches our shores.

The American people deserve leaders who understand that smart investments today prevent costly disasters tomorrow. USAID must be restored and protected. Sincerely,

> Barbara Miles North Bend

Marshfield girls capture trophy at state swim meet

BY JOHN GUNTHER For the World

Marshfield's girls swim team secured the fourth-place trophy at the Class 4A-3A-2A-1A state meet Saturday the 22nd, on the strength of its three relay teams.

North Bend's boys came up just short of also earning a trophy in the meet at the Tualatin Hills Aquatic Center in Beaverton.

Marshfield had the same four girls in all three relays, and they accounted for 20 of the team's 28 points. When the quartet of Avery Bartholomew, Ella Croson, Lily Thompson and Allison Wright touched the wall third in the meet-closing 400-yard freestyle relay, the Pirates secured fourth place in the final team standings ahead of Newport, which was fifth in the relay.

Catlin Gabel dominated the team race with 87 points and Sweet Home had 44. Valley Catholic scored 29 to edge the Pirates, who had 28.

Marshfield was fifth in the 200 medley relay in 2:00.09, third in the 200 freestyle relay (1:47.02) and third in the 400 freestyle relay (3:54.76).

Individually, Bartholomew was fourth in the 50 freestyle (25.59), Wright was fourth in the 500

freestyle (5:30.70) and Thompson was fifth in the 200 individual medley (2:29.45).

North Bend's girls finished 13th with five points. Emma Slade was fifth in the 100 freestyle (58.20) and sixth in the 50 freestyle (26.27) and teamed with Morgan Ryback, Sophia Ryan and Adrianna Delph to finish sixth in the 200 freestyle relay (1:48.95).

North Bend's boys were in contention for a trophy most of the day, but ultimately were passed by league rival Phoenix on the final event.

Catlin Gabel again was dominant, with 70 points to easily outdistance defending champion Newport (47). La Grande was third (30), Phoenix fourth (26) and North Bend fifth (23). Marshfield finished seventh (13).

The Bulldogs were second behind Catlin Gabel in the 200 freestyle relay, with the squad of Miles Baxter, Noah Bustamente, Landon Takenaka-Gaul and Elijah Bowman finishing in 1:32.60.

The Bulldogs also were fifth in the 200 medley relay (1:48.65) with the same quartet. Takenaka-Gaul was third (22.78) and Bustamente fifth (23.15) in the 50 freestyle while Bowman

SWOCC men earn spot in NWAC tourney

The Southwestern Oregon Community College men's basketball team is headed to the NWAC tournament.

The Roadrunners led the Lakers by 16 points with just over 10 minutes to go in the second half when SWOCC charged back.

onto the court at Prosper Hall to show their support for kids in the child abuse prevention center.

Coos County, rather unfortunately, has one of the highest rates of child abuse in the state, highlighting the importance of resources like the HOPE Center for the protection of the most vulnerable among us. The children in care at the HOPE Center receive treatment free of charge from specialized providers.

Over the years, the event has collected thousands of stuffed animals, given to patients at the center as a small comfort in otherwise difficult times. If you missed the toss and still wish to donate you can find information on how to do so on the HOPE Center's official webpage:

Animal Shelter

From Page 1

were looking for donations in December, with a little over two thirds of the funding still needed to make the push successful. Without it, the CCAS will lose a significant capacity to care for stray and neglected animals within Coos County.

We rely on volunteers a lot of the time, and we're so grateful for them," said McDonald, "But we really need, especially with the hard decisions we have to make sometimes, three people on staff... We won't be able to respond to the public as fast as we are, even with just one officer we're not doing as much as we'd like to."

While the county continues

to struggle to fund the Sheriffs Office, and voters continue to make it clear that new taxes simply aren't feasible for them financially, it is still possible for the county's citizens to put what financial muscle they have toward the specific departments that they'd like to see continue at full strength.

Donations can be made out to CCAS/ASO via cash or check and sent in via mail, or stop by to give in person. They are open 12 pm - 4pm, Tuesday through Saturday, at 92960 Southport Lane. All donations are tax deductible. Donations in the form of specific animal care products are also always accepted, with a list available along with more information at:

https://www.co.coos.or.us/ sheriff/page/donation-information The CCAS is one of multiple

animal shelters throughout the county, but is the only one directly governed by the Animal Control Division of the County Sheriffs Office, and therefore receives a large number of abandoned and unwanted animals from all over the county as they are called in by concerned citizens.

Those without the financial ability to contribute are always welcome to volunteer their time. The CCAS is always seeking volunteers of many kinds. They hope for a once-a-week commitment of around 4 hours, working with either dogs or cats across two different shifts. Those who are willing to foster can also sign up to house cats and dogs in need. You can find more information on how to volunteer

Charleston's annual Blessing of the Fleet & Memorial Service to honor fishing community on Memorial Day

The Charleston Fishing Families Association invites the community to the annual Blessing of the Fleet and Memorial Service, a timehonored tradition honoring the men and women of Charleston's fishing industry who have passed. The event will take place at 10:00 AM on Monday, May 26, 2025, at the Charleston Fishermen's Memorial Garden, located near the launch ramp at the Charleston Marina.

This important gathering serves as a moment to reflect on the lives and sacrifices of those who dedicated themselves to the sea. Families, friends, and community members are encouraged to join in paying tribute to those lost at sea and those who spent their

lives working in Charleston's 2025. There is no cost to fishing industry.

Following the ceremony, attendees are invited to gather for coffee and cake at the Charleston Fishing Families office, located across from the Coast Guard Station on Crossline Road.

Honoring Loved Ones on the Memorial

The Charleston Fishermen's Memorial Committee is currently accepting recommendations for names to be included on the memorial plaques. Those eligible include commercial fishermen who worked out of Charleston or individuals who made a meaningful contribution to the local

fishing industry. The deadline for name submissions is March 31,

families for inclusion, though donations are appreciated to help support the preservation of this important community tribute.

TUESDAY, MARCH 4, 2025 | 13 THE WORLD

Bandon Bandon WESTERN WORLD The World Link, com/community/bandon

As I See It

By Mary Schamehorn

In February of 1958, an item and a photo in Western World reported that Jess "Bud" Laub had opened a new service station in Bandon.

"The new Texaco service station (first photo), constructed on the former Bob-Otto Court site in downtown Bandon, is now doing business under the name Laub's Texaco Service, according to an announcement on page six of this newspaper.

"Operator is Jess Laub (second photo), native Bandonian and former trucker, who has leased the station from the Texaco company.

"Mr. and Mrs. Laub are former operators of the grocery at 'Wintersville,' at the top of Bear Creek

"A grand opening event is being planned for the new station after some painting and other minor details of construction are completed on the \$14,000 installation." Today that is the location of a Chevron station, on the corner of Second Street (Highway 101) and Elmira Avenue.

The next article I am sharing is a story about F.S. "Frank" Perry, which appeared in the Dec. 20, 1910, Bandon Recorder.

"F.S. Perry returned on the Elizabeth his morning from San Francisco where he has been looking after business in connection with a large order for grape baskets which he received in that city, and together with a big order for berry boxes to be shipped to Portland, Mr. Perry has sufficient orders ahead now to keep his veneer plant running at full management team, local capacity for ten months.

'This announcement will come as good news to the people of Bandon as it insures the continued operation of this excellent industry and the employment of a large number of people (third photo), thus adding a big sum to Bandon's pay roll.

"Mr. Perry has been in Bandon now for over two years, and has invested a large amount of money here and is one of the best boosters Bandon has got; thus the continued success of his business will be good news to all his friends.'

Facebook definitely blew up Sunday afternoon with news of a swarm of police officers converging on Old Town in pursuit of an armed man.

Brian Adam Gulseth, 34, a former resident of Bandon and Myrtle Point and now a resident of Coquille, was eventually taken into custody for felon in possession of a firearm, unlawful use of a weapon and menacing.

Police Chief Cory Dhillon posted shortly before 3:30 p.m. to let the public know that "the large law enforcement presence and armed standoff at First St SW and Oregon Avenue was over, and that there was no danger to the public."

The standoff was on the west end of the gravel parking lot in Old Town, across from Bandon Fisheries Warehouse, which was on lock down during the incident.

Chief Dhillon thanked the Oregon State Police, the Coos County Sheriff's Office, the Coos Bay Police and the Coquille Police for assisting the

Bandon Police Department.

The Bandon Girls basketball team defeated their arch rival Myrtle Point Friday night 49-27 in the finals of the Sunset Conference playoffs to earn a home playoff game.

The Tigers, who are coached by Jordan Sammons, will host Enterprise Friday night in their sixth straight year of hosting a playoff game. Myrtle Pont travels to East Linn Christian in the first round of the playoffs, with the winners in both games advancing to the state tournament in Pendleton. Bandon, who won 12 of its last 14 games, secured the league title a week earlier, but Friday's game was important for the winner to host a playoff game, rather than having to travel.

The team leaders are Makenna Vierck and Caitlyn Michalek. According to an article in The World, Bandon has five players who are at least 5 feet, 9 inches tall. Vierck and Alex Butler are the only seniors on the team.

In Friday's win, Michalek had 15 points, Vierck 9 and Jordan Llewellyn 8. Freshman Sunny Thompson hit two three-pointers.

Jakelynn Hermann led Myrtle Point with 8 points.

I recently received a press release from Nick Schoeppner, manager of Bullards Beach State Park, to say that thanks to the hard work of the primary contractor (Johnson Rock Products), the construction park staff and volunteer park hosts, they were able to reopen the campground earlier than anticipated. The C-Loop was opened to walk-in campers Feb. 10. Reservable day use facilities, including the meeting hall, and the dump station also reopened Feb. 10. Friday, Feb. 14, C-Loop sites (including yurts) reopened to reservations. Reservable dates will begin March 3, with the standard seasonal reopening of A-Loop starting March 17 and B-Loop starting May 19.

"This puts us just over a month ahead of schedule of our original reopening date," said Schoeppner. The work included the upgrade of critical infrastructure.

I am sorry to report that the City of Bandon's wastewater treatment plant supervisor Steve James died Feb. 18 after a battle with cancer. He was 69. Among his survivors is his wife, Lori Kreutzer James.

I also learned that Donald "Donee" Gaffer, a member of the Bandon High School Class of 1983, died last week in Texas.

"Tsunami 101" is the title of a public talk to be co-hosted by the City and the State on Friday, Feb.

28, at The Barn from 10 a.m. until noon. Presenters will represent the Oregon Department of Emergency Management and Oregon Department of Geology and Mineral Industries.

The deadline to file for a seat on the school board, the hospital board or the port commission is 5 p.m. March 20 for the May 20 election. Open seats on the school board and the position they hold are David Hisel (1), Stan Avery (2), Angela Cardas (5), Briana Hutchens (6) and Jon Sullivan (7).

Two seats are open on the port commission including those held by Reg Pullen (3) and Rick Goche (1). Positions on the hospital board are Bob Pickel's (5) and a vacant one (4) which is expected to be filled at Thursday night's board meeting.

People are reminded that the issue of banning fireworks, except for the community display, will be discussed at the March 3 meeting of the city council.

The Bandon Police Department was among the agencies who assisted in the arrest of a Sunriver family, accused of child abuse, who were taken into custody recently at the Best Western Hotel in Coos Bay.

The Deschutes County Sheriff's Office said Sarah Session and her parents, Paula and Gary Hardenburg, have been arrested. Session and her mother were taken to the Coos County Jail to await extradition to Deschutes County. Gary Hardenburg was sent to the Coos County Jail.

Court records say the victim, later identified as Session's 10-year-old stepson, was starved, beaten with a curtain rod, forced to eat his own vomit and poisoned with sodium. She and her ex-husband divorced in 2022 while she was pregnant with the couple's second children. They also shared a 3-year-old. A year ago the victim was admitted to the ICU at OHSU unconscious and on a ventilator. The father was granted custody of the three children while DHS

investigated. Court records show they have since moved out of state, something the Hardenburgs attempted to stop, but were unsuccessful. The criminal charges against Session were initially filed in April of last year, but dismissed pending further investigation. The new charges were filed last week.

After reading my column last week about layoffs in the Gold Beach/ Siskiyou Ranger District, a classmate wrote to say that her daughter has a high ranking Forest Service job in California. She is a contracting analyst supervisor with a salary of a gs13, with only a few 14 and 15's in the U.S. She has an unlimited warrant, meaning she can issue payment of unlimited

amounts. The first day of the new administration, they had a freeze of all payments. They had a contaminated water supply and it took all day for her to get authorization for the payment. They can't even have restrooms cleaned in the national parks. Then they got the notice to sign

Marie Elizabeth Conrad

April 22, 1929 - February 17, 2025

With great sadness, we announce the passing of our sweet mother, Marie Elizabeth Conrad of North Bend, Oregon who was called home at age 95 to be with her Lord and Savior, Jesus Christ on February 17, 2025. She died at home, peacefully in her sleep, surrounded by loved ones. According to Danish tradition, her full name was Marie Elizabeth Hauch Fenger Voetmann Conrad but she was known to her many friends as Bette.

She was born April 22, 1929 in Balsam Lake, Wisconsin to Holger and Else Broch Hauch Fenger Voetmann who emigrated from Denmark in 1910. She was the sixth of nine siblings. She was preceded in death by her parents and brothers Malm, Fred, David and Danny, and sisters Rose, Ruth and Esther. Bette's youngest sister Gladys lives in Canada and was her lifelong best friend. At a young age, her family moved to a rural Minnesota farm where she grew up. Each spring, their challenge was to see who was brave enough to be the first to swim in the lake as the winter ice broke up. After high school, she graduated from Bemidji State Teachers College and traveled throughout the Midwest, teaching Sunday school, before moving to Washington where she worked for Boeing. It was in Seattle, in 1952, where mom met a good-looking U.S. Sailor, Robert Conrad, and they were soon married. Tragically their first child, Linda died in infancy in 1953. Upon Dad's Navy retirement in 1965, the family moved to a small farm near Sweet Home, Oregon where they raised their four children. Mom was an elementary school and later Superintendent's Secretary for Sweet Home School District from 1966 until retiring in 1992. The family attended Sweet Home Evangelical Church where mom was active in the

choir making many lifelong friends. In 2002, they moved to North Bend, Oregon to live their remaining years with their youngest son, John, his wife Kelly and their children Else and Jackson. Dad passed away in 2010.

Mom is survived by daughters, Deborah Conrad (Ted) of McMinnville: Cyndi Rinehart (Tom d.) of Sweet Home; sons, Dan (Vanessa) of Sweet Home; and John (Kelly) of North Bend; as well as thirteen grandchildren and many greatgrandchildren.

A memorial service was held at 11:00 a.m., Saturday, March 1 at Life Change Church, 200 Ackerman Avenue in Coos Bay. A memorial service in Sweet Home will be held at a later date.

Arrangements are under the care of Coos Bay Chapel, 541-267-3131. Family and friends are invited to sign the online guestbook at www.coosbayareafunerals. com

She helped care for her dad, Jack, and her grandmother, Katherine (Grammie) towards the end of their lives in North Bend. Jack and Cindy were avid bingo players and helped run Friday Night Bingo at Holy Redeemer for years. Cindy loved animals, especially dogs, and was a loyal owner for many throughout her life. She was a fan of music and enjoyed The Commodores. Pink Floyd. Michael Jackson, and Lionel Richie. In Salem, Cindy worked for Fairview Training Center as well as Norpac for several years. After her death, several co-workers shared stories of Cindy always bringing in candy to everyone around the holidays, and she would even bring in a huge birthday cake for everyone on her own birthday. Cindy was a loyal person and was there when you needed her.

She is survived by her son, Earl Goll of Salem; sister, Jackie Kellenberger of Dewey-Humboldt Arizona; her brother,

Sharon Louise King

May 28, 1943 - February 18, 2025

Sharon Louise King passed away peacefully at home on February 18, 2025 in North Bend, Oregon. Her enduring faith and strength in the face of adversity is one of her most powerful lasting messages to all who knew and loved her.

A Celebration of Life will be held Monday, April 7, 2025 at 1:00 p.m. at Harmony United Methodist Church in Coos Bay, Oregon. The family encourages you to come as you are. Mom wore her Tevas everywhere and would hope that all the folks attending be comfortable.

Sharon married Douglas Ray King on August 21, 1960. Genii Robison

February 21, 1944 - February 13, 2025

Genii (Lois Genevieve) Robison died suddenly at her home in Coquille on February 13, 2025. She was born in Albuquerque, New Mexico on February 21, 1944. Genii is survived by her common law husband of 35 years, Steven Reed as well as 3 daughters: Kim Tripp and husband, Dan Malone of Las Cruces, New Mexico; Tonii Lindy of Las Cruces, New Mexico; Kristii Johnson and husband, David Hoag of Carrollton, Texas; and many grand and great-grandchildren. She also had two sisters, Barbara and Anne, both deceased.

Genii worked in the automotive parts, service and warranty field for longer than I've know her. She was tasked with setting up the entire parts department of a brand new Chevrolet dealership in Temecula, California, before moving to Oregon. Here, she had worked for Southwestern Motors, Coos Bay Nissan and Tower Ford before retiring.

She was also an avid quilter for many years and had been president of the Coos Sand & Sea Quilt Guild for a period of time. She was also kept busy with her 2-3 dollhouse projects and was a collector of collections.

Genii was a very kind and generous person, frequently striking up conversations with complete strangers. She was the love of my life and I'm a much better person for having her in my life all these years.
