### Did you know?

**Did you know** that sour candies erode tooth enamel and speed up decay?

**It's true!** Sour candies contain citric acid which erodes tooth enamel much faster than any other food. Most sour candies are more acidic than vinegar, and are in contact with teeth for prolonged periods as the candy is eaten. Rinsing after sour candy helps.

**We've come a long way!** With excellent dental care from Dr. Strong, you will protect your teeth, look great, and feel even better. With dental implants, you can now keep your smile for a lifetime! We enhance people's loves!

# Operation Christmas Child seeks local donations

BANDON - A small shoebox full of school supplies, toys, necessity items and notes of encouragement can have a big impact on a child. Operation Christmas Child is a worldwide children's project of Samaritan's Purse that uses simple gift-filled shoeboxes to let hurting children know they are not forgotten.

In 2014, Operation Christmas Child reached a major milestone - delivering shoeboxes to more than 150 million children since the project began in 1993. Millions of hurting children who are victims of poverty, disease, natural disaster,

war, terrorism, persecution and famine receive Operation Christmas Child shoebox gifts. For some of these boys and girls, it is the first gift they have ever received. Through the power of a simple gift and the message of hope, these children learn that God loves them.

Operation Christmas Child shoebox gifts will be hand-delivered to children in more than 150 countries on six continents. Boxes from this area will probably go to the Philippines.

Shoeboxes are available from Sally McSherry at 541-347-9130 until Nov. 17.
