Feds prep 1.2 M acres for wildfire season

With peak wildfire activity predicted in the coming months, the Department of the Interior (DOI) has been working tirelessly to implement preventative measures to limit the size and scope of wildfires, treat current wildfires already underway, and protect wildfire-prone areas to best safeguard people and their communities.

“As stewards of one-fifth of the country’s public lands, primarily in the West, we know that our ability to be prepared for wildfires and reduce their severity is paramount to protecting communities and saving lives,” said U.S. Secretary of the Interior David Bernhardt. “In collaboration with local, state, and other federal partners, we are using everything in our arsenal to prepare for wildfires this year, treating more than one million acres.”

As a part of the DOI, the Bureau of Land Management (BLM), the Bureau of Indian Affairs (BIA), the National Park Service (NPS), and the U.S. Fish and Wildlife Service (FWS) contribute to a total workforce of 4,500 firefighting personnel, 500 tribal firefighters, 151 smoke-jumpers, 18 interagency hotshot crews and 4 Tribal hotshot crews.

These firefighters will have over 600 pieces of specialized equipment available for use, including engines, water tenders, dozers, and other equipment. Aviation assets also play a

Suspected ammonia leak sparks HAZMAT response, evacuation

Headlight Report

HAZMAT teams have cleared the location of a possible ammonia leak in Tillamook County.

Tillamook 911 was notified of a possible ammonia leak from storage tanks around 5:52 a.m. Tuesday, Aug. 27, at 31595 Sandlake Road near Cape Kiwanda.

Tillamook County Sheriff’s Office said in a press release that two large, older commercial tanks around 300-gallons in size were reported to be at the location, part of an old milk farm from about 50 years ago. The ammonia was used as a refrigerant in the cooling system.

Image: Sandlake Road Google Maps

The caller, Dan Krueger, reported that he could smell ammonia in the area of the buildings.

Nestucca Rural Fire Protection District units responded, notifying the Oregon State Fire Marshal as well as the Oregon Emergency Response System, which dispatched hazardous materials and decontamination teams from Salem and

Tualatin Fire and Rescue to assist.

Two nearby residences were evacuated, according to the Sheriff’s Office.

At around 10:13 a.m., response crews arrived and located the buildings and storage tanks, which were evaluated and found to be clear of any gasses. At around 11:35 a.m. the scene was declared

free of any hazard.

Emergency response crews were dispatched from Nestucca Rural Fire Protection District, Tillamook County Sheriff’s Office, Tillamook County Emergency Management, Tillamook Adventist Ambulance, Salem Fire HAZMAT, and Tualatin Valley Fire and Rescue.

Rockaway Preparedness Fair slated

Emergencies large and small can happen any time at the coast, but we can be prepared to help each other and ourselves. And once we prepare, we can be confident and relax.

“This Wednesday, Sept. 18 from 6-8 p.m. in the Neah Kah Nie high school gym, you can meet your neighbors, ask the local experts for advice on emergency response and preparedness, and sign up for some training,” said Patricia Jones, Event Coordinator. “What is the disaster plan for your family? Rockaway, like many coastal towns, has a history of coming together and helping each other in times of

trouble, but we have to take care of ourselves and our family first. The Community Preparedness Fair will teach you how,” Jones said.

Rockaway Beach Police, Fire and the Tillamook County Sheriff’s Office will be there, as well as the Coast Guard, Red Cross, Tillamook County Health, Oregon Dept of Land Conservation, Pioneer Veterinary Hospital, First Student, 911, etc. Tillamook PUD will be there and handing out their tote bags for every-

Manzanita council to add \$6.5M bond to ballot

Hilary Dorsey
headlightreporter@countrymedia.net

The Manzanita City Council meeting met on August 7, at 7 p.m. at Manzanita City Hall. This meeting discussed the City Hall Project and offered a general update on the new city hall, as well as acting to place a bond measure on the November’s ballot.

Randy Kugler, former city council manager, began by reading his latest presentation about the ongoing water budget issue. Kugler writes that at the July 10 meeting, the mayor attempted to explain how the city water utility operated in order to justify excessive salary payments from the water fund for the city manager and assistant city manager. Mayor Scott had stated, “If the water system was a separate business, it would have its own manager and board of directors.”

“The city water system is not a separate ‘business’,” said Kugler. “It is a utility owned by the citizens of Manzanita, operated and managed by employees of the City, under the ultimate authority of the elected City Council who enjoys some discretion

SPOTLIGHT ON BUSINESS

Old Oregon Smokehouse known for fish & chips and more

Cody Mann
headlightnews@countrymedia.net

If you ask around in Tillamook County, Old Oregon Smokehouse has a solid reputation for serving up some of the best dishes around. An Oregonian article recently awarded two top slots to the Smokehouse for best fish and chips on the coast, one for each location, adding to a long list of accolades that includes a nod from USA Today for best seafood.

With locations in Rockaway Beach and Tillamook, it’s likely you’ve seen the restaurants before. One is directly across from the Tillamook Creamery, the other is tucked away on the main drag in Rockaway. Both spots offer a surprisingly diverse menu that is highlighted by wide array of seafood, too much to list here. There is quite a bit choose from for taking home, too.

Harold, Cindy and Adam Brecht own the Old Oregon Smokehouses. They run the restaurants themselves along with manager Sandy Dix-

son and a staff of around a dozen between both locations. They’re particularly proud of the fish and chips, hand-breaded with a dry batter and fried to perfection. The clam chowder is acclaimed as well, and the crab dishes are among the most popular. They scour the Pacific Northwest coast for the best to fill out the menu.

It’s not uncommon to find a line outside the Rockaway Beach location at opening time. Hundreds of rave reviews on Yelp and strong local following keep the cozy spot packed year-round. During the Kite Festival this year, the line stretched down the sidewalk to the corner, dozens and dozens of people eager for a taste. Old Oregon Smokehouse is said to be the longest running restaurant with the same owners in the community.

Harold ran his own logging company before an injury forced his retirement, leading the Brechts to the seafood market and later the restaurant business in Scappoose around 25 years ago. It was a natural fallback after growing up around

Old Oregon Smokehouse owners and staff. Cody Mann/Headlight Herald

his mom’s restaurant. The Rockaway Beach Old Oregon Smokehouse opened seventeen years ago and hasn’t slowed down since. Around a decade ago, they opened the Tillamook location. The secret to their success is working for it.

“If you want to be successful,

you’ve got to work hard,” Harold said. It’s paying off. The past four years have seen significant increases in business for the Brechts. As locals hear the good word and tourists flock to the shores, they expect to keep seeing crowds line up to check it out.

4th annual Oktoberfest returns Saturday

The 4th annual Oktoberfest will be held on Saturday, September 7 from 12 p.m. to 6 p.m. at Second Street Plaza in Tillamook.

In 2014, a group of community leaders came together with a goal in mind: they wanted to recreate the celebration of Swiss music and culture that was such a huge part of their childhood.

"A lot of us grew up with Swiss dances, festivals, reunions, and music being a huge part of our lives," said Adam Schwend, one of the original organizers, in a press release. "We felt that there would be those in the community who would love to relive those days, and others who never had a chance to experience them to have the ability to see what people were talking about when someone talked about a 'Swiss Stomp'."

The group struggled with a lot of questions about what the event should look like, who should sponsor it, when and where it should be and how it would be paid for. Eventually, they decided to take a step back and encourage an individual organization to take the event on as a fundraiser rather than create a new organization. The Monday Musical Club of Tillamook saw it as a great way to celebrate local music and local music history, as well as raise funds for their Cultural Events concert series.

"It just seemed like a good fit," said Schwend in the release. "Monday Musical has non-profit status, can accept donations, and had a little bit of seed money to get started. It made sense and it's worked well."

Like any first-year event, there were struggles. "Oh Lord, the first year was a mess," said Schwend. "The stage didn't show up on time, we held it in the evening and it got windy and cold, we didn't have enough volunteers."

I thought for sure no one would ever want to come back. But people came to me afterwards and said how much they loved it and how they couldn't wait for next year. I couldn't believe it."

The next year, the event moved to its current location, Second Street Plaza in Tillamook. An event committee was formed to handle a lot of the details, and Chef Nelia Seratista of Pacific Restaurant took control of serving food.

"It was exactly what we needed and it was a big hit," said Schwend.

What hasn't changed is the entertainment. A mixture of local talent, formerly local talent and talent from the Portland Metro area with again be on stage, especially featuring The Fabulous Polkatones, a polka band with its roots in Tillamook. Schwend's great-uncle, Al Schwend, founded the band in Tillamook in the 1970s and took it over on the road all over the western United States. When Al passed away in 1997, the band continued on and does so to this day.

Dancing is also a huge part of Oktoberfest and Tillamook will be graced with both local and imported talent. The dancers from Oregon Coast Dance Center will again take part in the event, as well as the Tirolean Dancers of Oregon, a troop of professional dancers from Portland.

Tickets for Oktoberfest in the Dairylands are \$10 and include a commemorative mug (while supplies last). Tickets can be purchased at the Tillamook Chamber of Commerce Visitors Center, at the Monday Musical Club website, www.mondaymusicalclub.com, on Monday Musical Club's Facebook page, or at the gate on the day of the event.

Tillamook hunter wins national honor

William L. Larson of Tillamook, OR, was recently honored by the Boone and Crockett Club, the nation's most prestigious conservation and big game hunting organization. William was presented a Third Award for his typical Coues' whitetail at the

Boone and Crockett Club's 30th Big Game Awards Banquet in Springfield, Missouri on August 3, 2019.

Every three years, the finest North American big game trophies accepted into Boone and Crockett Club's big game records-keeping program are assembled for public display followed by a banquet and award presentations. A Judges Panel comprised of Boone and Crockett Official Measurers verified each trophy's final score, which is the sum total of a comprehensive series of measurements taken of antlers, horns, skulls, and tusks, depending on the species. Trophy size is a direct reflection of habitat quality, age, and low mortality.

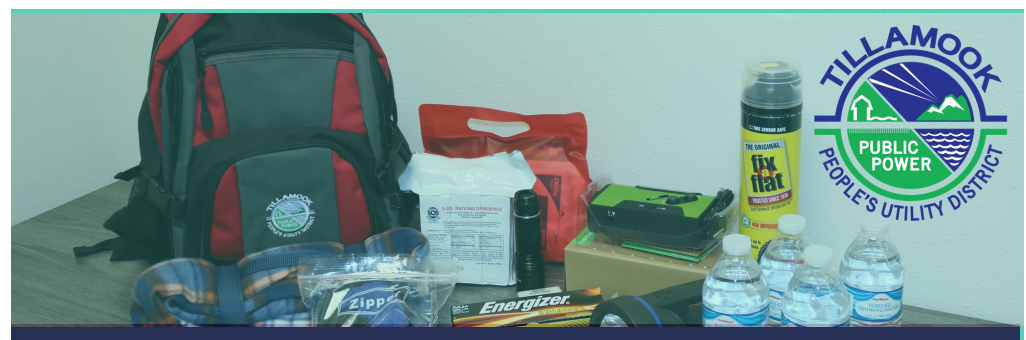

The Boone and Crockett system of scoring big game trophies originated in 1906 as

means of recording details on species thought to be disappearing because of rampant habitat loss, market hunting, and unregulated harvest. Science-based conservation efforts led and funded by license-buying hunters brought those species from vanishing to flourishing.

The existence of large male specimens remains a classic gauge of successful game management and conservation strategies.

In addition to its prestigious history and tradition, the Boone and Crockett Club's records program is strongly associated with the highest tenets of Fair Chase and ethical hunting.

William's typical Coues' whitetail scored 123-7/8 Boone and Crockett points and ranks number 36 all-time for that species. It will be listed; along with 4,462 other outstanding trophies in the Boone and Crockett Club's 30th Big Game Awards.

Upcoming events at the Bay City Arts Center

September 6th: The BCAC welcomes April Peterson & local mosaic artists as the September Artists of the Month. The opening reception is from 5pm – 7pm, is free to the public, and light refreshments will be served. Artwork is available to view during regular BCAC events and on Tuesday and Friday from 11am – 1pm. Special viewing appointments may be scheduled at (503) 377-9620.

September 15th: Looking for an amazing breakfast.... join us for all you can eat Pancake Breakfast from 8am - Noon! Adults \$5, youth \$4, discounts available to BCAC

members. Enjoy pancakes, sausage, veggie sausage, and Charlie's famous baked beans! This is a family friendly event where you can enjoy great food, and the company of friends.

September 19th: The BCAC presents the Repair Café. This is a monthly community event every 3rd Thursday of the month from 6pm – 8pm comprised of community volunteers who repair, sew and give expert advice on items in need of fixing. NO Internal combustion engines. If you have questions, contact repairmook@gmail.com. There is no admission fee, all ages welcome.

Early October: Join the BCAC for another "Discovery in Stone" workshop. The workshop will be from 9am - 4pm each day at the BCAC and is open to all ages and experience levels. The class is open house style instruction with teachers and experienced stone carvers on hand to answer questions and share techniques. Tools are available for use and purchase on site. The workshop is by donation, and feel free to bring food to share during the lunch hour.

December 7th: Join us for the Annual Lasagna-thon Fundraiser!!! The event will

include all you can eat lasagna (vegetarian and gluten free options available), silent auction, live music, and fun for the whole family!!! More details to come soon! Also, don't miss out on seeing all of the amazing artwork provided by you, our members as the December Artists of the Month. Now is the perfect time to start getting some pieces created for submission!

Ongoing Events:

3rd Sunday of the Month: Join the BCAC for an all you can eat Pancake Breakfast! Enjoy pancakes, sausage, veggie sausage, and Charlie's famous baked beans! This is a family friendly event where you can enjoy great food, and the company of friends. Pancake Breakfast is every 3rd Sunday of the month from 8am - Noon.

Tuesdays Weekly: Join us for weekly Yoga at the Bay City Arts Center taught by Emily Fanjoy. Sessions are every Tuesday evening begin at 5:30pm. Classes are \$10 per session or \$8 per session for BCAC members. Drop ins welcome. This series is for beginner to intermediate levels to increase flexibility and strength. Next Session Series run June 18th – August 27th. If you have questions please contact Emily at (503)

333-4406.

Announcements:

Members Wanted: The Bay City Arts Center is kicking off our annual membership drive. Become a member now for a low annual rate of \$50 for a family, \$20 for an individual and only \$10 for Students/seniors. Membership not only helps to support ongoing arts programs at the BCAC, but also gets you discounted admission to BCAC sponsored events, event updates via e-mail, annual meeting invite and much more! Join today by stopping into our office, attending an event, or signing up online.

Attention Artists: We are looking for interested individuals to participate in the BCAC Artist of the month program. Interested artists should contact Leeauna Perry in the BCAC office at (503) 377-9620. Selected artists will be featured for a month during the calendar year. This is a great way to get your art featured, and generate some art sales!!

Program Ideas: The Bay City Arts Center is expanding our Education & Outreach program, if you have suggestions for classes, or interest in teaching an art class, contact Leeauna at (503) 377-9620.

New Tillamook Coast guidebook takes explorers on 25 cultural adventures

Tillamook County is rich in cultural heritage, however a few of the local treasures remain less known. That's why Visit Tillamook Coast, the tourism organization, reached out to writer Dan Haag of Nehalem to help uncover more of the engaging experiences the county has to offer both residents and visitors.

"25 Cultural Adventures on Oregon's Tillamook Coast" is the third guidebook published by Visit Tillamook Coast. The chapters, covering the arts, museums, festivals, outdoor activities and historic events. The book is arranged geographically from north to south, with a bonus #26 trek east to the Tillamook Forest Center. It is spiral-bound and pocket-sized to fit in a glove box, vest, knapsack or purse. "Dan captured the story of each activity in a way that makes you want to experience every adventure," said Nan Devlin, Executive Director of Visit Tillamook Coast. "And each guidebook contains a 'Caring for our Coast' page with recommendations on how to be a good steward of our area."

The first guidebook was "25 Hikes on Oregon's Tillamook Coast," written by hiking guide Adam Sawyer and published in 2017, followed by "25 Family Adventures on Oregon's Tillamook Coast," authored by local writer Brian Cameron and published in 2018. Two more guidebooks are scheduled for publication in 2020: "25 Outdoor Adventures on Oregon's Tillamook Coast" and "25 Culinary Experiences on Oregon's North Coast."

The guidebooks sell for \$9.99 each; however, you can

save \$5.00 if you purchase all three books at the same time. Books are sold at tillamook-coast.com/books and can also be found at Cloud & Leaf Bookstore in Manzanita, the historic Wheeler Hotel, and at the Tillamook County Pioneer Museum.

For more information, contact Nan Devlin at 503 842-2672 or email nan@tillamook-coast.com

OPINION

SPEEDBUMP

BY DAVE COVERLY GUEST COLUMN

LETTERS TO THE EDITOR

Here comes City Council. Grab your wallets!

Manzanita City Council has a plan to build a new City Hall with features that far exceed current needs at an unknown cost on expensive land.

This would be Manzanita's most expensive building. Council chambers would be larger than the current City Hall. City Council will try to convince you Manzanita should be an area emergency center to scare you into approval. They will say your already low taxes will just go up a little.

They will not tell you about TANSTAAFL, that is,

there ain't no such thing as a free lunch!

-- You, property owners, are already in debt on this project. Council already overpaid for the Underhill property, adding \$300,000 interest to your bill. That does not count an unrecognized \$400,000 environmental demolition cost to remove the building in their plan.

- City Council will ask for bonding authority for up to \$6.5 million for up to 31 years. They don't mention the additional \$3.5 million in interest costs you will be paying. Don't worry, second homeowners will pay most of the costs and they don't get to vote. Interest rates are low. What better time to buy something you don't need.

- The \$6.5 million is just a guess from an architect for the new structure. It doesn't include land costs, demolition costs, environmental costs, site improvement costs, offsite improvement costs, furnishings, systems, operating costs, permits, etc. You will need to pay for them later.
- You will hear you can pass the costs years and years down the road to your children.
- You will not hear that if you kept your money and invested it for your retirement the average homeowner would save \$25,000 over the same time period.
- Of course you can demand more transparency, more options, including less expensive remodeling

The dam may break

Patricia G. Rogers
Homeowner Tierra Del Mar

When Governor Kate Brown wrote her letters in 2016 and 2018, to the delegates of the Pacific Telecommunications Conference, she said,

These comments are pretty wide open in terms of specifics about this cutting edge industry. At face value they look like a positive reinforcement for Oregon's economy - placing the state in a top position to attract a booming industry. But surely, Governor Brown did not mean to offer a carte blanche invitation to make the entire Oregon Coast available to any company engaging in submarine cable business. As Governor of Oregon, she of all people knows how precious the coast of Oregon is to all Oregonians. In a state that prides itself on preserving and caring for our pristine coast and environment, she could not possibly have meant to open our shores to unrestricted or unregulated development by internet providers, could she?

I believe that we are at this hearing because in our rush to be a leader in this commercial endeavor, we have put the cart before the horse. We all have had experiences where technology has come before prudence. Smoking was cool before the health concerns were known. Things get invented and used before knowledge and laws can catch up.

Our issue with Edge

Cable LLC/Facebook is an example of this. Oregon does have the reputation of getting submarine cables landed and up and running more quickly than other coastal states. But in every other case - Bandon, Pacific City, Nedonna Beach, the cables make landfall under public property. We think this is as it should be.

Submarine fiber optic cables are private enterprises not public utilities. They are built by companies to enhance their business and profit. As such, they are subject to a myriad of laws and restrictions. It is our argument that these laws and restrictions should also apply to the locations allowed for such enterprise.

Tierra Del Mar is zoned RR-2. It is an unincorporated cluster of homes along a beautiful quiet beach - truly one of many gems along the Oregon Coast. Facebook wants to change that. By manipulating the zoning conditional use allowance, Facebook wants to turn an ocean front home site into a commercial cable landing.

Their argument is that we, the neighbors, will never know they were there upon completion of this project. That doesn't wash. Besides the horrific nature of the duration of the drilling and all of the health and welfare concerns inherent in that, they will install a buried 12'X14'X14' cement bunker to house the necessary equipment. If you are installing something that you never need to come

back to why is the bunker large enough for one or two men to work in when necessary?

The very nature of the technology refutes the premise. We all know that internet technology change so quickly that we are hard pressed to keep up. Today's cutting edge is tomorrow's obsolete. Facebook would have us believe that for 20+ years there will be no changes and no need to maintain, improve, or change this cable? If so I have a bridge I'd like to sell you. And there are other empty home sites in Tierra Del Mar. If this project goes through would it not make sense for Facebook or others to buy those lots and add those locations to their business because they will be near an already established location? If there is no restriction now to deny the access through Lot 3200, there will be no restriction on other Tierra Del Mar locations or anywhere else on the coast. The dam will be broken.

So my husband and I, co-owners of the home just south of Lot 3200 for almost 30 years, urge you to deny this permit. Submarine fiber optic cable landing sites should be regulated and permitted only through public land - as they already are. To do otherwise is to open Pandora's Box. And though I cannot speak for Governor Brown, I can't help but think that she would agree.

WRITE TO US

We want to hear from you, and encourage you to write letters to the editor. Because of space limitations, shorter letters have a better chance of being printed. We may edit your letter for style, grammar and clarity, although we do as little editing as possible. **Letters longer than 350 words will be edited.**

Thank you letters are limited to mentioning individuals and non-commercial organizations. Letters received after noon on Friday may not be in time for the following Wednesday's paper. We also encourage your longer, guest editorials. These might

be columns written by newsmakers, public officials or organization representatives. These can run a little longer in length.

To verify authenticity, all guest opinions must be signed and include your address and daytime phone number. We won't print your street address or phone number.

Submissions may be sent in by:

- **Email:** Editor Joe Warren at jwarren@countrymedia.net
- **Mail:** Headlight Herald P.O. Box 444, Tillamook, OR 97141
- **Stop by our office:** 1906 Second St. Tillamook, OR Any guest opinion may appear on the *Headlight Herald's* website.

OPINION

LETTERS TO THE EDITOR

Reply to Chip Greening on the bbq post regarding the City Hall Underhill project

The City's current low property tax rate is the result of history and has nothing to do with the fiscal responsibility of this or any other City Council. When Oregon voters approved Measure 47 and then Measure 50 putting a limit on property tax rates, the

State stepped in and calculated all Oregon cities including Manzanita's present property tax rate in 1996 and made it the permanent tax rate. This calculation was based on the fiscal and budgetary operating conditions of the City at the time of the calculation. Then, as today short term rental monies were the major source of General Fund revenue with property taxes a distant second. While Manzanita's population was higher in 1996 than today, the City operated with less than half the number

of employees and provided all of the services that citizens requested.

It's ironic that you acknowledge how the City has managed to operate with such a low tax rate and without benefit of property taxes by using water utility revenue. This is the point that I have been raising to citizens and how water utility revenues are funding General Fund positions like the City Manager and Assistant City Manager through absurd overhead allocations from our water utility. The General Fund was not able to fund the salaries and benefits of this employee growth since 1996 and forced City officials to find creative ways to justify tapping the cash cow Water Fund to pay for these new employees. If anything, it is the fiscal irresponsibility of this City Council that has further stressed the General Fund and its ability to remain solvent by adding payments from the General Fund to repay the loan on the Underhill property.

I haven't seen anyone accuse the Council of being in violation of Public Meeting law during negotiations for the purchase of the Underhill property. As to the mystery developer, who was this and what was he/she going to do with the property? It doesn't really matter what a private developer wants to spend for a property using their own money. Public officials are held to a different standard when spending the public's money including basic due diligence like getting an appraisal and letting your appraiser know that you are only interested in the property for the land. The City bought the property using the seller's appraisal which concluded that to remove asbestos and demolish the buildings it would only cost \$20,000. After the purchase, the City's consultants now estimate those cost to be approximately \$400,000. How about removing this controversy from this discussion and have the City do an appraisal and see if they could sell the property today for what they paid for it with what is now known about the property?

What structural engineering experts are you referring to that condemned the school? The licensed structural engineer who produced a 127 page report and said during his 2 hour presentation with the City Council that the

buildings could be reused, could be brought to a Class 3 seismic rating, could have the interior reconfigured for other uses based on its simplistic construction design, provided costs for repair and structural remediation totaling \$1.3 million dollars etc. Or the expert who the City brought in who gave a 3 minute presentation to the City Council, gave an opinion that the building should be demolished with the Council not asking not a single question? When this expert delivered his 2 page "report" 3 months later for the Council and citizens to finally read, it was discovered that he is not even a licensed structural engineer. Please go listen to the tapes of both meeting to confirm what I have just said.

No one is against preparing for future natural disasters in our community. I and others are against turning what was supposed to be building a new City Hall and Police Station outside of the tsunami zone into a regional evacuation site that Manzanita taxpayers will exclusively pay for. If the goal is to now make emergency preparedness the main goal, do it the right way so that all surrounding communities that will benefit will also pay their fair share of the facility costs.

Finally, please stop the scare tactics that suggest that if you do not vote for this bond there are no other options or more financially equitable opportunities to prepare for a natural disaster.

Randy Kugler

farms, with an added kinetic element depicting wind.

Of course the price tag of such a venture is formidable, but as a permanent installation, the cost would eventually be offset by the attraction itself drawing visitors to specifically see the monument. Since its location would be at the entrance to the city and at a busy intersection, it might not be an attraction for pedestrians to access, but more an iconic symbol of our area, large enough to be enjoyed from various angles by passersby. Perhaps it would eventually be a prelude to a Sculpture Garden, which would be a truly unique attraction, unlike anything else along the coast, inviting tourists to linger and explore the city.

There are several bronze foundries in Joseph, Oregon, and probably others around the state. Perhaps there could be a competition to elicit ideas and designs. The city's development staff could access foundations and grants that might support this endeavor.

At any rate, the image of Bossy the Cow is sweet, and might be retained, but Tillamook needs something large and three-dimensional to capture the attention of those who might otherwise drive on through it - something to entice motorists to explore the town, instead of continuing to drive on through it, heading either north or south.

Maryann Burningham
Tillamook

involved in building a house. Trees, shrubs and grasses will grow back, and then the neighbors will have beach access and unblocked views (even though this is private property) that they would not have if a home was built. Yes, there is a need for more internet cables, or companies would not be going to the expense of providing them - and we do all benefit from them in numerous ways. I've also heard Facebook did a significant amount of research in trying to select what they believed to be the best landing site since the current Pacific City landing site is at capacity.

Please do come to the public hearing at the Courthouse at 7 PM on September 5, but please come with an open mind - not a biased opinion based on misleading and false "truths."

Arlene Landwehr
Astoria, Oregon

Animal Haven By The Sea needs your support

Animal Haven By The Sea is a charitable organization providing care for needy animals in the Nehalem Bay area. For the last 9 years we have been paying for veterinarian services, providing an adoption service, and supplying free pet food and supplies. We have been advised by the State of Oregon that the 501(c)3 non-profit status of Animal Haven By The Sea has been temporarily suspended. This is due to administrative issues, and our tax accountant is currently working to prepare and submit missing paperwork. We are confident that the non-profit status will be restored in the near future. In the meantime, however, donations will not be tax deductible. The need has not gone away, and our work is continuing. All gifts will still pay for veterinarian services, and for pet supplies at the Animal Food Pantries located at the three north county food banks. I do hope you will continue to support our needy animal friends in the meantime by donating through our Facebook page or in our collection boxes in north county. DON'T YOU WANT TO TAKE ME HOME?

Some would call Squirt the runt of the litter, he prefers "Tiny but Mighty"

He has a loud voice and is not afraid to ask for loves, playtime or his favorite treats, he also tends to be a little sneaky and trouble seems to find him naturally. If you are ready for a challenge and a lot of love, he is your kitten.

Adoption fees range from \$75-100

United Paws is not a shelter, and most of our cats and kittens are in foster homes getting ready to be in your home!

Visit our facebook Page: <https://www.facebook.com/unitedpaws>
Watch for adoption events held in Tillamook, and Petsmart on 185th in Hillsboro.

21st annual Longboard Classic rides into Pacific City Sept 13-15

The 21st annual Cape Kiwanda Longboard Classic (CKLC) will take place on Friday, Sep. 13 to Sunday, Sep. 15 in Pacific City. 200 participants will be competing in 15-minute heats for two

consecutive days.

The CKLC contest is for longboards nine feet and up. Contestants will be judged on three criteria: size and quality of wave selection, length of ride, and most importantly,

maneuvers the rider completes on the critical sections of the waves.

Event Schedule

Friday, Sep. 13

6-9 p.m. - Dinner and Beer Garden at the event tent. Dinner is by Parilla Grill. The Pelican Brewery sponsors the Beer Garden.

Saturday, Sep. 14

8 a.m. to 5 p.m. - Competition starts in 15-minute heats
11 a.m. to 5 p.m. - Silent Auction. Lunch by Parilla Grill. Vendor display.
12-6 p.m. - Brewfest sponsored by the Pelican Brewery
1-5 p.m. - Live music by Zhug

Sunday, Sep. 15

8 a.m. to 3 p.m. - Competition starts in 15-minute heats
9 a.m. - Beach Cleanup
10 a.m. to 4 p.m. - Coastal Craft. Lunch by Parilla Grill.
10 a.m. to 3 p.m. - Silent Auction
11 a.m. to 4 p.m. - Beer Garden, sponsored by the Pelican Brewery
12-3 p.m. - Live music by Bryan Nichols & Dylan Crawford
4-5 p.m. - Awards Ceremony

OBITUARIES

**Arvel Charles
'Chuck' Atwood**

Arvel Charles "Chuck" Atwood was born in Vernal, Utah on January 15, 1938 to Ivan and Marie (Hall) Atwood. Chuck passed away at his home in Beaver, Oregon on August 26, 2019 at the age of 81. Chuck lived all over the Northwest and attended high school in Buhl, Idaho before joining the United States Airforce. He served his country honorably until his discharge in 1958. Upon his discharge he lived in Portland, OR and around Idaho where he worked as a Police Officer. He later worked as a truck driver and a machine manufacturer and designer for a farm in Caldwell, Idaho. Chuck was united in marriage to Linda Cook in Caldwell, Idaho on June 6, 1989 and they were sealed for eternity on June 6, 1990 in the Boise Temple, Church of Jesus Christ of Latter Day Saints. They moved together to Beaver, Oregon in 2007. Chuck was an avid marksman and was a past member of the Nampa Rod and Gun Club. He also won many shooting competitions throughout the country. He was preceded in death by his parents, his son Charlie Atwood, his brother Garth Atwood, sister Elva Allred and by his infant siblings Bonnie and Tommy. He leaves behind to honor his life his loving family.

Spouse – Linda Atwood of Beaver, OR, Children – Nicole Hughes and husband Ken of Woods Cross, Utah

Terry Call and wife Tina of North Carolina, Jane Marlof and husband Fred of Seward, Alaska, Sisters – Alice Mecham of Redding, CA, Marvel Kearsley of Clinton, Utah

And by Five grandchildren and Five great Grandchildren

A graveside service will be held on Tuesday September 3, 2019 at 11:00AM at the Willamette National Cemetery in Portland, Oregon. Arrangements are in care of Waud's Funeral Home.

**Rosalind Joan
Edwards**

Rosalind Edwards was born December 22, 1968, to Andrew Lisik and Mary Rose, at Selfridge Air Force Base, Mt. Clemens, Michigan. Rosalind passed away in Tillamook, August 31, 2019 after a long, courageous battle with Stage IV colon cancer. In 1972, her father Andy was transferred to Mt. Hebo Air Force base in Oregon. This started her idyllic childhood living in Netarts. Rosalind and family could walk to the beach from the neighbor's house, which had a special trail to get to it. A short walk would be to the Schooner Beach, a medium walk would be to Happy Camp, and a long walk would be to Oceanside. Rosalind was a high-school graduate of Home Study International, finishing her Senior year

six-months early in 1986. In 1989, Rosalind was awarded an Associate of Applied Science Degree in Secretarial Studies from Tillamook Bay Community College, with a GPA of 3.92. After graduation, Rosalind secured a temporary Forest Fire Dispatcher job at Oregon Dept. of Forestry. When Fire Season was coming to a close, a new job opened up at Tillamook County Emergency Communications District: 911 Emergency Dispatcher. Rosalind served the citizens and visitors of Tillamook County for 29 years, until forced to medically retire. When Rosalind was 21, she decided that she didn't have enough to do, so she toyed with the idea that it might good to go where the men are: Tillamook Volunteer Fire Association. After going to three drills, she decided it wasn't for her. In less than 30 days, Rosalind ran into Capt. Paul Edwards again. The rest is history. They eloped to Reno, NV, July 16, 1994, and were married at the Chapel of the Bells. Paul and Rosalind were able to celebrate 25 years of marriage together. Rosalind enjoyed almost all genres of music, from JS Bach to new country. She was a talented pianist, who liked to play along with iTunes or Spotify. In middle school, she also tried taking on the violin and French horn. Rosalind also excelled at sewing, jewelry-making, and tailoring: making her own wedding dress. She was known for being kind, sometimes opinionated, and loving, with a saucy sense of humor.

Rosalind is survived by her beloved and devoted husband, Tillamook Volunteer Fire Assistant Chief Paul, sons Jacob and Jason, mother Mary Lisik, Tillamook, Brother Andy Walker and wife Gayle, Nieces Kirsten Walker, Sheridan, and Bethany Miller and husband Chris Miller, Walla Walla, WA, Uncle David Barnett and wife Edith Mitchell,

Edmonton, Alberta, Canada.

Rosalind was preceded in death by her father Andy Lisik, November, 2018.

A memorial service for Rosalind will be held at the Tillamook Adventist Church, Thursday, September 12, 2019 at 11a.m. 2610 1st St. Tillamook, Oregon 97141.

In lieu of flowers, memorial contributions can be made to Tillamook Volunteer Firefighters Association, 2310 Fourth Street, Tillamook, Oregon 97141.

**Elizabeth A.
Severns**

Elizabeth A Severns was born September 27, 1929 in Portland, Oregon to Rudolph and Elsie (Blank) Wostel and passed away August 28, 2019 in Tillamook, Oregon at the age of 89.

Elizabeth is a graduate of Sacred Heart Academy. She worked for Sackleys Dress Shop, for Mode o' Day Dress Shop, for Dr. Shea's Dentist Office, and later worked as a medical receptionist for Dr. Hayes, Dr. Lemery and Dr. Todd.

Elizabeth was married to Virgel Severns in Tillamook, Oregon.

Elizabeth was active as a Blue Bird and Camp Fire Leader.

She also enjoyed crossword puzzles, knitting, avid reader, sewing and various arts and crafts. Elizabeth was a member of the Tillamook Pioneers Association.

Elizabeth is survived by

daughter Deborah Tupper of Tillamook, OR.

2 grandchildren, Melissa Woods (Greg) of Beaver, OR., and Christopher Tupper (Tara) of Salem, OR.

3 great grandchildren, Blake, Justin and Carrie Woods.

1 sister June Wostel of Portland, OR., and 1 brother Rudy Wostel of The Dalles, OR.

And by numerous nieces and nephews.

Elizabeth is preceded in death by her husband Virgel, 1 brother, Paul Wostel, 2 sisters, Dorothy Wostel and Mary Brooks.

A private family inurnment will be held at Tillamook IOOF Cemetery.

Memorial contributions

in Elizabeth's name may be made to the Tillamook Pioneer Association.

Arrangements in care of Waud's Funeral Home.

Death Notice Peggy Reicherter

Peggy Reicherter, of Cape Meares died July 24, 2019. She owned Room by Room Antiques and Collectibles in Rockaway Beach.

For those interested, her husband Bill and her sisters will be hosting a memorial gathering from 12-6 p.m. on Saturday, September 8 at the Oceanside, OR community hall to honor her memory. You may bring refreshments to supplement those provided.

Governor signs expanded tuition assistance for Guard

With the signing of House Bill 2817 by Democratic Gov. Kate Brown, members of the Oregon National Guard will be able to receive tuition assistance at Oregon Health and Science University (OHSU) and private institutions in addition to community colleges and public higher education institutions.

This law will expand higher education grants to qualified members of the Oregon National Guard by permitting grant(s) to be used for undergraduate degree program at OHSU or qualifying private post-secondary institutions or for program or curriculum designed to lead to certificate of completion at community college, public university, OHSU or qualifying private post-secondary institution.

The law states that "grants provided under this section shall be awarded to a qualified student for up to 90 credit hours at a community college; or 180 credit hours at a public university and now 180 credit hours at a qualifying private institution; or 180 credit hours at OHSU."

This benefit will be available for the 2020-21 academic year. The provision of House Bill 2817 helps expand on House Bill 4035 signed by Brown on April 3,

2018 that established Tuition Assistance to members of the Oregon National Guard to attend public universities and community colleges, and began during the 2018-19 academic year.

Both laws require student to be in "good standing" with a cumulative grade point average of 2.0 or higher at OHSU or qualifying private and public institutions at which they are enrolled.

Nehalem Valley Historical Society installs civil war medallions at local cemetery

Hilary Dorsey
headlightreporter@
countrymedia.net

The Nehalem Valley Historical Society (NVHS) installed several civil war medallions at the Historic Nehalem American Legion

Cemetery on Tuesday, August 13 at 5:30 p.m. Val Vines Magee has led NVHS cemetery beautification efforts. She started out by seeking grant money for the project through the Oregon Department of Parks and Recreation/ Oregon Heritage

Commission. She has been brining people to the cemetery for a few years now and has had the support of the City of Nehalem.

In 2018, NVHS sponsored a program in which Manzanita's mayor, Mike Scott, spoke about Oregon's role in the American Civil War.

"He asked questions of our society about civil war vets that are buried there," said Tom Campbell, President of NVHS. "Lyla Hendrickson and Val answered his questions and Mike did some work of his own and we learned about those civil war vets that are interred there."

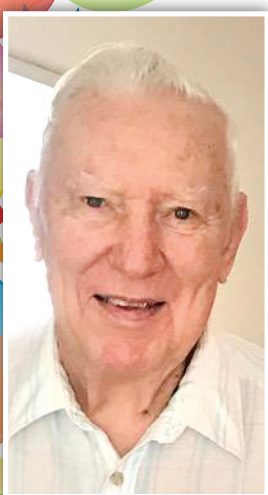

Magee has since won the Sally Donovan Award for His-

toric Cemetery Beautification. The award also came from the Oregon Heritage Commission. The grant money funded a new split rail fence around the cemetery.

This year, Eileen Nordquist came up with the idea to have the special grave markers added to the cemetery. Nordquist priced out the markers and sought funding through the City of Nehalem. The city council agreed to pay the amount and the NVHS ordered them. These medallions are star-shaped and were placed on eight civil war vets' graves. The city halls of Manzanita and Nehalem were notified of this event.

Volunteers with the Nehalem Valley Historical Society (NVHS) installed several civil war medallions at the Historic Nehalem American Legion Cemetery.

Annual Adventist Health Appreciation Picnic to be held in Pacific City

Hilary Dorsey
headlightreporter@countrymedia.net

Adventist Health in Pacific City and Tillamook will be hosting a shared Pacific City and Lincoln City community Appreciation Picnic at Adventist Health Bayshore Medical in Pacific City on Sunday, Sep. 8 from 1-3 p.m. This event celebrates the community, patients, and clinic staff. This is an annual event.

"We have been hosting the picnic since 2013," Cherie Sykes Plaisted, Marketing and Communication Manager

of Adventist Health, said.

"For the past several years we have hosted community picnics in Manzanita and Pacific City," Plaisted in a press release. "The tradition was started by one of our physicians, Dr. Thompson, who founded a couple of clinics several years ago."

There will be free food, live music, and giveaways under the big tent. Live music will be by Donna Jose ANP, beloved healthcare provider and talented musician. A few of Adventist Health's associates and providers will be there to thank the community for their support.

The complete menu is brisket, vegan sliders, potato salad, baked beans, buns, chips, pie, ice cream, watermelon, lemonade, and water. Free giveaways are lip balm, sunscreen, and hand sanitizer. There will also be a drawing for a \$100 gift basket from the Blue Heron. Kids' games include corn hole, ladder toss, and Jenga.

By attending, the community can ask questions and take a tour of the facility. The picnic is rain or shine. There will be a big tent to keep people out of the rain and smaller tents for kids, gifts, and giveaways.

Emergency radio classes slated in Rockaway Beach

There are two classes in the series: EMCOM 101 will instruct you on how to operate the emergency radio, and EMCOM 102 instructs you on how to use the radio in an emergency or disaster. The radios used in the class are a two-way radio with 128 programmable channels. The classes, EMCOM 101 and EMCOM 102 are two hours long.

The classes are free, and the radios are \$45 each. The radios come with the extended battery, extended and stubby antennas, programming specific to the Rockaway Beach area and have an

8-watt transmitting power.

For amateur radio operators, the radios can be programmed with the HAM channels.

You are committing to sign-up for both classes, a week or two apart, which are held on a Saturday for your convenience. Practice call-ins are conducted on Sundays at 6 p.m. which are designed to give you the skills that you will need to operate your radio in an emergency or disaster. The organizers are short of funds so please make sure if you sign-up that you plan on attending because they cannot afford to carry an inventory of radios.

When an emergency or disaster of significance hits our area, chances are that cell or landline service will not be available. The radio will assist you on getting help for yourself, your family and your neighbors. The classes are not difficult. If you can operate a cell phone, you will be able to use a radio.

If you have an interest in the classes and want to sign-up, please send an email to rbemcom@gmail.com confirming your interest. When I have 10 people that want to attend a class I will schedule a class at that time.

The Nehalem Tiderunners Dragonboat team members pose after finishing a race at the Salem Worldbeat Dragonboat races in July. Their next competition is at Flathead Lake in Montana during the weekend of Sep. 7-8. The Tiderunners team, affiliated with the Wasabi Dragonboat team of Portland, practices three times per week, starting at the Nehalem City Dock and paddling the Nehalem River. The boat holds 24 paddlers who are primarily residents of Nehalem and Manzanita, but also from Wheeler, Rockaway, Garibaldi, Bay City, Tillamook, and Netarts. To the north, teammates are from Cannon Beach, Seaside, and Astoria. Coach Char Von Ahlefeldt said that she is "always on the lookout for more team members." Interested paddlers should contact her at 360-904-3899.

SCHEDULED POWER OUTAGE NOTICE

SEPTEMBER 6, 2019- SEPTEMBER 7, 2019
SOUTH TILLAMOOK COUNTY

Bonneville Power Administration (BPA) has scheduled an outage that will affect Tillamook PUD customers in the South Tillamook County area from Highway 101 south at Farmer Creek, south to Slab Creek in Neskowin. These areas include Hebo, Cloverdale and Pacific City. The outage is scheduled for **Friday, September 6 beginning at 11:00 p.m. until approximately 6:00 a.m. on Saturday, September 7, 2019.**

This outage is necessary for BPA to perform testing and transmission maintenance for future reliability and to comply with federal regulatory requirements.

Questions? Contact Tillamook PUD at 503-842-2535 or service@tpud.org.

Senior Kaleb Boomer to attend Bowl Game Series

Hilary Dorsey
headlightreporter@
countrymedia.net

Tillamook High School football senior Kaleb Boomer is set to attend the Bowl Game series this December in Dallas, Texas. He had strong performances at multiple Blue-Grey All-American Bowl combines last spring. The Blue-Grey Football organization was established in 1989 with the intent of helping high school athletes reach their collegiate goals through combines and exposure. The Bowl Game series is another great event for Boomer to be a part of.

“This is a marquee event for college-bound prospects, which Kaleb certainly has the potential to be,” Kye Johnson, Tillamook High School Football coach, said.

Boomer had previously gone to a regional combine in May in Portland, where he posted a 4.5 40-yard dash, which was the fastest clocked time at the combine. He also had a broad jump of nine feet, one inch, one of the best marks of any skill position players.

Boomer then got invited to a Dallas, Texas regional event held in June. The event was held at AT&T Stadium, home of the Dallas Cowboys. He ran a 4.54 in

Kaleb Boomer and Head Coach Kye Johnson.

the 40, and improved his shuttle time from the Northwest event. Boomer’s marks were among the best in terms of speed and quickness for the entire event. Last

year, Boomer was a first-team all Cowapa League defensive back and punter, and a honorable mention all-state punter for Tillamook High School.

Tillamook Cross Country opens season at night meet Ultimook Race this weekend

Chelsea Yarnell
Guest contributor

Tillamook Cheesemakers debuted their 2019 cross country team at the Wilsonville Night Meet on Friday night. Racing divisions were separated by grade and ability level.

“The Night Meet is my favorite day of the year as I love watching my kids race and I get to see my kids race for the first time,” Head Coach Patrick Zweifel said. “I was able to see most of my kids run; we’ll still pick up a lot of kids after school starts.”

The girls’ team was led by senior Solace Bergeron (10:54) and junior Sarah Pullen (11:09) over the 3k course.

“It was good to see Bergeron make a comeback

from last track season,” Zweifel said. “She did get beat by 4A rival McKenna Priske, but she made up a minute in the 3k in the past three months and will continue to get better over the next couple of months.”

Whitney Averill (11:59), Chloe Rieger (12:39), and Nina Zweifel (12:46) rounded out the top five for the Cheesemakers.

“Bergeron and Pullen are two of the best in the state, but other girls have goals to be in the top 10-15 at state as well. Nina Zweifel, Whitney Averill, and Chloe Rieger all have that ability,” said Zweifel.

On the boys side, junior Marshall Bush led the way, finishing in 18th in a time of 9:42.

“He didn’t have a particularly great start, and moved

up significantly during the race, but in this 3k a poor start can really cost you,” Zweifel said. “His fitness will really show in a 5k as he averaged close to 70 miles per week all summer.”

Bush was followed in time by senior Riley Cloyd (10:21), Johnathan Gingerich (10:25), and Dexter Patching (10:32).

“On the boys side, the results were a bit tempered,” Zweifel said. “Four of my top six boys were either out or just coming back for a variety of reasons... We have 15 freshmen boys out for cross country; I won’t see them all until school starts, but in one to two years you’ll see the boys team take a real spike in performance,

WELLNESS

The intersection between education and health

"It is widely recognized that education influences health outcomes and community well-being." So begins the introductory statement from a recent National Academy of Sciences workshop linking school success with improvements in public health. As our kids head back to school, it is important to remember that education is not just for young children and teens. Lifelong learning and continuing education are tied to better health and quality of life at every age. And, it doesn't require a four-year degree to experience the benefits of continued learning.

We are very fortunate to have Tillamook Bay Community College right here in Tillamook County, providing affordable, accessible continuing education opportunities in fields that are relevant to our local economy. In collaboration with TBCC, we are sharing the following message from TBCC President, Dr. Ross Tomlin, to highlight these amazing, local opportunities for personal and professional development. If you, or someone you know, are ready to take the next step on your wellness journey, consider a visit to TBCC to explore how they can help you achieve your goals.

Reprinted with permission from the TBCC 2019 Fall Schedule of Classes

All of us here at the college are excited for the upcoming fall activities, and to have students back on campus. TBCC will have a lot of new program opportunities this year, including our new Welding program. This includes a full degree and certificate. There are also new Associate of Science degree programs in Agriculture, Animal Science and Natural Resources that join the AS degree program in Forestry which began last year. These degrees can prepare you to transfer to Oregon State University in their related Bachelor of Science degree programs. There is also a new certificate in Office Supervision within our online Business program, and a new Occupational Skills Training certificate with the Associate of General Science degree program. For any of these programs, reach out to our outstanding group of advisors located in Student Services. They can provide guidance on how to sign up for courses in any of the programs and develop a Career Education Plan that can help you achieve a degree on your schedule.

We are starting our third year of the Career-to-Career Scholarship program that focuses on people in Tillamook

TBCC President Dr. Ross Tomlin.

County that have been out of high school or have not taken college classes for at least 5 years but want to attend college. We had our first eight Career-to-Career graduates this past June and they all did very well; several are going on to pursue a Bachelor's Degree. If you think you might be qualified, please check in with student services to apply. In addition, we will be offering several other scholarships using our new online platform. Please take advantage of these opportunities to get

some resources to help you with college costs. There is a lot of money available to help you get the education you need to get a good paying career. You just need to seek it out by talking to our knowledgeable staff.

TBCC is joining a statewide community college movement called Guided Pathways. This will help us develop even better ways to help students get on a pathway toward a career, help them stay on the pathway and achieve a completion, whether that is a certificate or Career Technical degree in order to get a good job right out of TBCC, or to transfer on to a university for a Bachelor's Degree. We are looking forward to enhancing these services to students over the coming year. Fall Term registration is open now through September 22nd and classes start on September 23rd.

For more local health and wellness information, follow Tillamook County Wellness on Facebook, Twitter and Instagram or visit us at tillamookcountyhealthmatters.org.

Raspberry Oatmeal Bars

Recipe & Photo Source: FoodHero.org

Number of servings: 12

Time for preparation (including preparation and cooking): 1 hour 5 minutes

Ingredients:

Crust and topping:
1/2 cup flour
1/4 cup brown sugar
1 cup quick oats
3 Tablespoons butter or margarine
2 Tablespoons applesauce
1 Tablespoon orange juice
Filling:
1 Tablespoon flour
1 Tablespoon brown sugar
1 1/2 teaspoons orange juice
2 cups raspberries (fresh or frozen)

Directions:

1. Preheat oven to 375 degrees. Spray or lightly oil an 8"x 8" baking pan.
2. Crust and topping: Mix flour and sugar in a bowl. Cut butter into mixture until crumbly. Mix in oats. Set half aside for topping.
3. To remaining mixture,

stir in applesauce and orange juice. Press in bottom of baking pan.

4. Filling: Combine flour, sugar, juice and raspberries. Mix well.

5. Spread filling on crust.

Sprinkle with topping.
6. Bake 40-45 minutes. Cool. Cut into 12 bars.

Continued from Page A10

much the same as the girls have enjoyed the past four years. We have a good young squad, eager to get better. Out of those 15 boys, there will be a good group of kids that progress well together over the next four years."

In recent state polls, the Lady Cheesemakers are ranked third, and the boys are ranked seventh.

The annual Ultimook Race will take place Saturday, Sept. 7 beginning at 8 am at the Hydrangea Ranch. Come watch the action as 108 teams race their way through the famous mud-pit.

And you don't just have to be a spectator! A kids, 400-meter race will begin at 8 am, and the open 5k will follow at 8:15 am. Kids are free to race, the open race is \$20.

If you are interested in volunteering, show up under the bell at the Hydrangea Ranch at 7:30 am with a chair.

"We will feed them and give them a shirt and they will be involved in the Disneyland of all cross country races right here on the Oregon coast," said Zweifel.

Watershed Moment event held at NCRD

North Coast Communities for Watershed Protection (NCCWP) will present “Look up! It’s A Watershed Moment!” at the North County Recreation District (NCRD) building in Nehalem on Saturday, Sep. 28 from noon to 9 p.m.

Highlights of the day’s events are a new movie by Shane Anderson and an important announcement

by keynote speaker Ralph Bloemers of the Crag Law Center. Starting at noon, workshops will include “Exploring Regenerative Forestry” with Peter Hayes, owner of Hyla Woods, a family-owned restoration forestry business; “Old Growth and Water” presented by Chandra LeGue, author of “Oregon’s Ancient Forests: A Hiking Guide”; children’s watershed

activities for grades 5-8; a panel including fishing guide Bob Rees will discuss multiple factors putting fish at risk, including current forestry and farming practices, climate change, and what we can do to ensure they survive; and “Fixing Oregon’s Logging Laws” by Jason Gonzales of Oregon Wild.

At 5 p.m., soup, bread, and drinks will be provided, fol-

lowed at 6 p.m. with an evening program in the NCRD Theater. Forest Fairies will flutter in to start things off will a welcome and thanks, followed immediately by the keynote address by Ralph Bloemers, discussing the effects of industrial logging on watersheds, what best science says, what current laws and regulations in Oregon are concerning logging, as well

as how money and politics influence forestry management practices and publicly available information.

Bloemers is expected to make an important announcement about a statewide effort to modernize and update forest laws to protect water supplies and community health. He is an attorney with over twenty years of legal experience. As the senior

staff attorney at the Crag Law Center in Portland, he has been working to protect and sustain the Pacific Northwest’s natural environmental legacy by dealing with forest and water law policy, as well as through advocacy.

A brief comedy routine by Stumpy will lead into Shane Anderson’s film, “Run Wild, Run Free.”

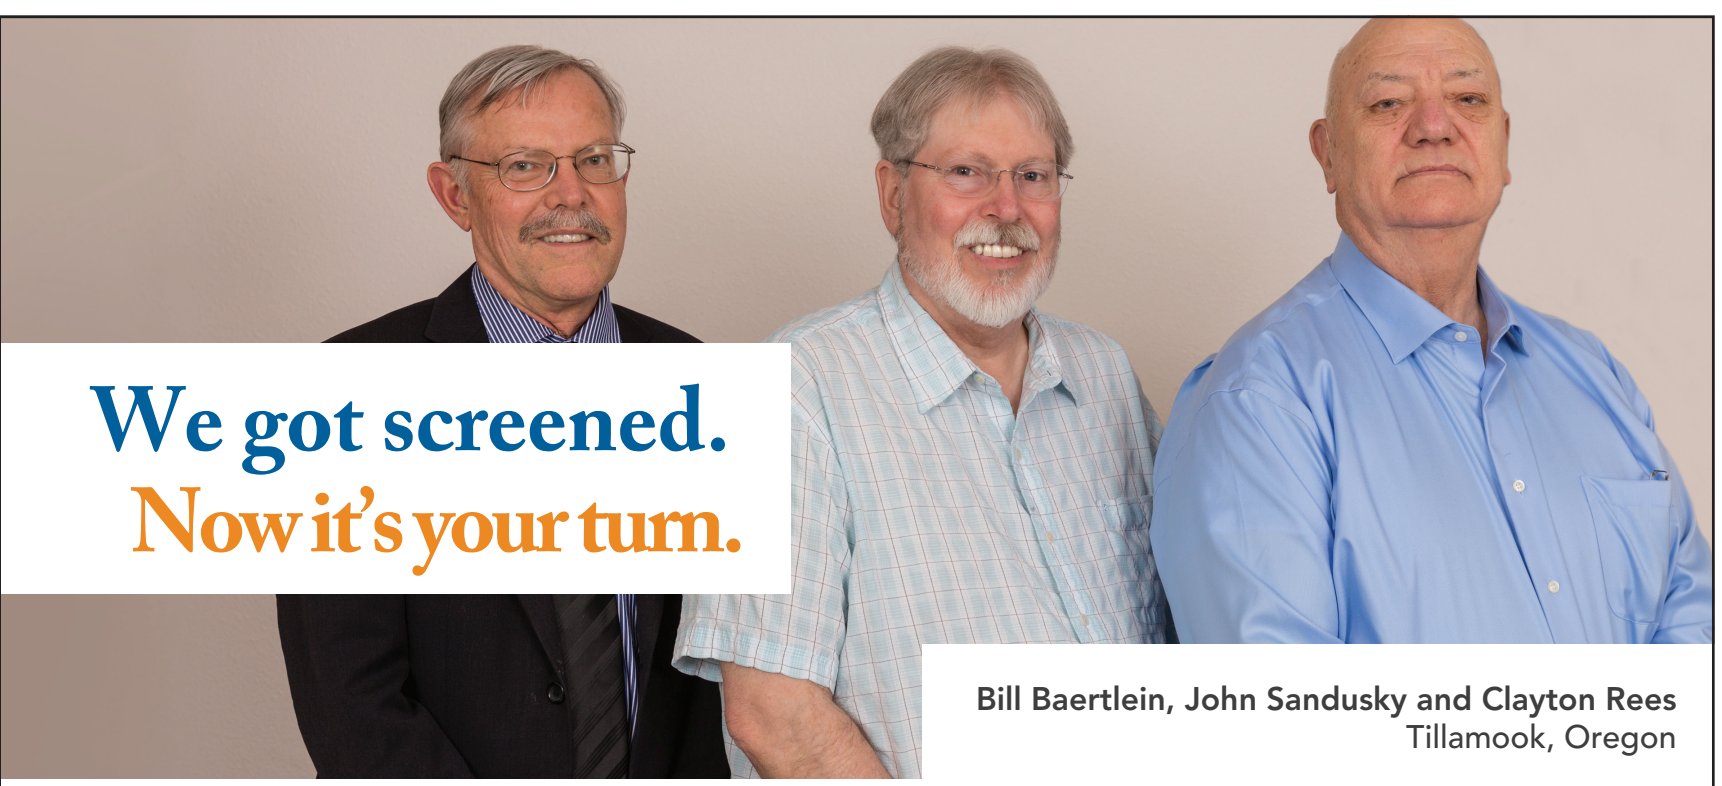

ODF says firewood cutting areas open Sept. 3

Personal Firewood Permits will be sold for \$20.00, purchasers need to come in person to the ODF office located at 5005 Third Street, and bring the license plate number of vehicle that will be used to haul the wood. Permits are only good for down and dead wood. More permit information regarding wood-cutting areas, permit limits, violations and consequences can be obtained by calling the Tillamook ODF office at 503-842-2545.

Hike Netarts: Bay birds and migrating visitors

Join Oregon State Park Rangers, Friends of Netarts Bay WEBS, and Portland Audubon for a 3-mile guided walk at Cape Lookout State Park on August 29 from 9am to 11:30am. Home to a variety of wildlife, join us as we explore the dynamic and ever changing Netarts Spit. Search for shorebirds and learn about the challenges facing Oregon’s snowy plover population. This installment of the Hike Netarts series will focus on Bay Birds and Migrating Visitors. This is a family friendly, easy hike along the beach. Participants should expect to take part in a lovely walk speckled with frequent stops to view birds or to discuss the local ecosystem, headlands, plants, or animals. This walk will be mostly over soft sand and may include a brief climb over the dune to the inner bay trail. Please, no pets on this event.

This event will be led by WEBS staff and Portland Audubon bird expert, Joe Liebezeit. Liebezeit, Staff Scientist and Avian Conservation Program Manager, leads Portland Audubon’s community science program which includes projects ranging from songbird surveys in Portland greenspaces to seabird and oystercatcher monitoring on the coast. Over 20 years’ experience, Joe has worked as a wildlife biologist and conservationist studying birds and other wildlife in di-

verse habitats throughout the US and internationally. Prior to his position with Portland Audubon, Joe worked for the Wildlife Conservation Society for 12 years leveraging on-the-ground science efforts to protect wildlife from oil development and climate change impacts in Arctic Alaska.

PLEASE NOTE: While snowy plovers will be discussed and many adorable images and biofacts shared, it is unlikely we will see them in person during the hike. Don’t worry - the bay is full of many beautiful and stunning birds. Also, we will only be exploring a section of the spit. The round-trip hike to the end of the spit from the Cape Lookout day use area is ~11 miles.

This event is an EXPLORE NATURE approved adventure! Each of these events are free and are part of the Explore Nature series of hikes, walks, paddles and outdoor adventures. Explore Nature Series events are hosted by a consortium of volunteer community and non-profit organizations, and are meaningful nature-based experiences highlight the unique beauty of Tillamook County and the work being done to preserve and conserve the area’s natural resources and natural resource-based economy. They are partially funded through the Economic Development Council of Tillamook County,

Visit Tillamook Coast and the Travel Oregon Forever Fund. Learn more at www.explorenaturetillamookCoast.com.

WEBS is a local non-profit organization dedicated to sustaining the Netarts Bay area through education and stewardship. Learn more at www.netartsbaytoday.org. All of WEBS community programs are free. Tax-exempt donations to Netarts Bay WEBS to enable programs like this are encouraged, but not required.

Please register in advance. Registration opens approximately two weeks prior to the event and spots typically fill quickly. Find links to the reservation site at Explorenaturetillamookcoast.com, Netartsbaytoday.org, or by searching for the Friends of Netarts Bay on Eventbrite.com.

We understand everyone learns and experiences the outdoors differently and we are open to working with anyone that needs additional support. We will adjust this hike to meet the needs of participants however we have limited capacity. Please contact us in advance so we can do our best to accommodate your needs and/or find a way for you or your group to have fun participating in our events.

For questions please contact webspresident@aol.com or call 541-231-8041.

Mt Hebo AFS Reunion coming Sept. 20-23

Air Force veterans, spouses, and kids will join with folk who helped maintain the Air Force Station from Friday September 20 through Monday Sep 23, 2019.

The reunion will begin with a Commander’s Call on Friday evening September 20 at 5 PM at the Rendezvous Restaurant reminiscent of the Friday afternoon get togethers at the NCO Club where the airmen would meet informally and discuss projects they were working on, who just arrived on site and the folk they knew in common, who was scheduled to depart and what to expect at the new base.

On Saturday September 21 from 10 AM to 4 PM the men are invited to meet at Tillamook Air Museum where the Mt Hebo AFS display is housed and discuss the extreme weather conditions, how to operate the radars, how to maintain the state of the art radars, social life and recreational opportunities. They will discuss how to improve the display and better tell the story of the radar station, how radar works, the extreme wind and snow conditions, the change from looking for bomber aircraft to looking for missiles launched from submarines, the above ground corrugated metal tunnels which connected the above ground corrugated metal buildings,

the snow removal equipment, and what life was like on top of Mt Hebo when only the top was above the cloud cover. Saturday September 21 is also Free Museum Day at Tillamook Air Museum.

On Saturday September 21 at 1 PM, the ladies will meet at St Alban’s Church for a Tea. Ladies will share memories of living at Skyview Terrace, the 28 unit housing area on Mt Hebo, the fire department made up of the wives. Some families lived in Tillamook, Pacific City, Netarts, Hebo and surrounding areas. Linda Watson will remember the kids she taught at Hebo Grade School. Brenna Sage will remember being a student in Watson’s second grade classroom.

On Saturday September 21 at 5 PM an informal no host get together will be held at Tillamook Elks Club

located on 3rd Street.

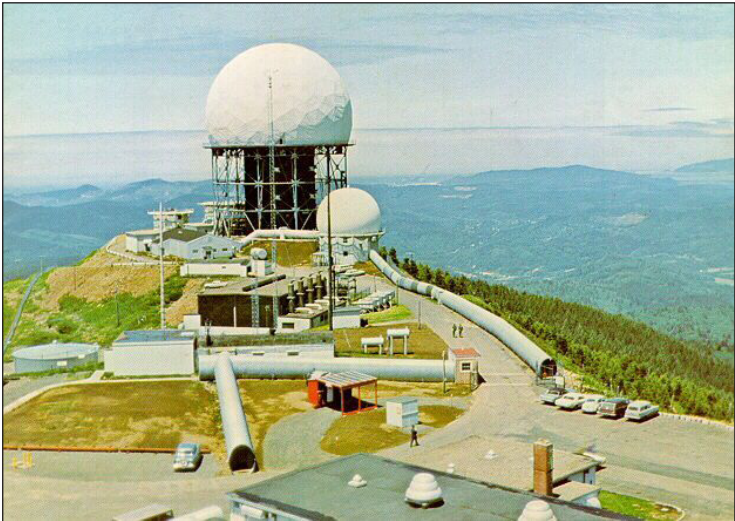

On Saturday September 21 at 6 PM a banquet will be held at Tillamook Elks Club and will feature saluting the flag flown at Mt Hebo AFS. A delicious meal of chicken, pork or salmon, plus Tillamook Ice Cream will be served.

On Sunday September 22

97112 is the registrar.

Second generation Jim Reiff is our photographer. Second generation Diane (Erickson) Lyda is secretary of the reunion committee.

Mt Hebo Air Force Station was noted for its severe winds and snows. The main radome (bubble protecting the 85.5 ton rotating antenna) was blown off the hill during the October 12, 1962 Columbus Day storm and two other times. The wind speed gauge was blown off at 125 mph and the total wind speed was estimated at 175 mph. The antenna was damaged as well. Each replacement was designed to withstand the extreme winds with state of the art engineering. One time the radome panels were hexagons sandwiched around five inch thick cardboard honeycombs like found in hollow core closet doors. Another time the panels were triangles and trapezoids with every side a different length to eliminate harmonic vibrations which tore apart Galloping Gertie, the Tacoma Narrows Bridge. On the final replacement the large model 24 radome was reduced in size to the smaller model 27 radome. Above ground eight foot diameter corrugated galvanized steel tunnels were constructed to protect the airmen walking between the administration building, Bachelor Officer

Headlight Herald ‘Reader Photo of the Week’

This beautiful image of the Scenic Railroad engine rolling down the track with dahlias in the foreground was captured by Lois Bizieff last week. Do you have an camera and an eye for beauty? Send us your photos to editor@orcoastnews.com. Please and thank you of course.

IT’S all about the numbers Almanac

The Bureau of Land Management (BLM) in Oregon and Washington is proud to announce the release of the latest BLM Facts, our annual illustrated almanac answering the diverse and detailed questions one may have about public lands in the Pacific Northwest.

BLM Facts has lots of numbers, and those figures do tell a story. In most cases, your public lands are located within an hour’s drive from where you live or work. You can find an amazing array of resources and opportunities at almost any site you visit.

This 2018 report has the latest BLM news and updates – from wild and scenic rivers and exciting recreation sites to wildlife, cultural, and archaeological programs. BLM Facts also shares information about management plans for minerals and energy, forestry, mining, wild horses, and much more.

In addition to maintaining our commitment to delivering an updated volume every year, we continue to make improvements such as full-color maps, photos, and a plethora of timely, user-friendly data.

You can read it online at: www.blm.gov/sites/blm.gov/files/documents/files/orwa-blmfacts-2018.pdf

You can also swing on by your local BLM Office to pick up your copy of BLM Facts: www.blm.gov/contact/oregon-washington

Nehalem scenic waterway committee to meet

The Nehalem Scenic Waterway Rules Advisory Committee will meet 5:30 – 7:30 p.m. Sept. 5 in the kitchen meeting room at the North County Recreation District Community Center, 36155 9th St., Nehalem. The meeting is open the public, however there will not be an opportunity for public comment.

On the agenda: a committee discussion of proposed rules for regulating the new waterway.

The Nehalem River Scenic Waterway was designed by Gov. Brown in June. Oregon Parks and Recreation Department (OPRD) manages the scenic waterways program; part of that management involves adding specific rules for waterway use into Oregon Administrative Rule.

The Nehalem Scenic Waterway Rules Advisory Committee is tasked with reviewing proposed waterway rules and recommending them to the Oregon State Parks and Recreation Commission. The advisory committee is staffed by volunteers and includes local land owners and representatives from local governments, state agencies and nonprofits.

The commission will hear the proposed Nehalem Scenic Waterway rules at their next meeting mid-September.

The rules will then be open to a public comment period, including a public meeting in Nehalem later this year. The commission will review the comments and make a final decision on the proposed rules by the end of the year.

The Nehalem Scenic Waterway is a 17.5-mile segment that runs through Clatsop and Tillamook Counties. It begins at Henry Rierson Spruce Run campground and ends at the confluence of Cook Creek, near Cougar Valley State Park.

The waterway’s designation recognizes the outstanding scenic, natural and recreational values of the river segment. It’s the 23rd waterway designated under the program.

Individuals who require special accommodations to attend the advisory committee meeting should contact Katie Gauthier, OPRD legislative and policy coordinator, at least three days in advance: 503-947-8625 or Katie.Gauthier@oregon.gov.

DAILY

FENCEPOSTS

Wednesday, Aug. 21, was our first rainy day in quite a while...and with it came our first power outage of the soon-to-be fall season. A tree fell and broke a wire that evening, putting half of Cape Meares out of service. Service to the other half had to be taken down temporarily to fix the problem. Altogether, power was out for about 90 minutes. That's just long enough to make us appreciate what we have day to day. Thank you, Tillamook PUD, for hustling out here and fixing the outages as soon as possible. They've done it again!

CAPE MEARES
ELLEN STEEN
503-842-8608
ellensteen2@gmail.com

Carolyn Ollikainen and Karen Walz teamed up for a fabulous outdoor adventure. They, along with a niece and cousin-in-law from Carolyn's family, hiked 36 miles of the Pacific Crest Trail in preparedness kit was the standard for disaster planning. This is a good start, and helpful in the event of short-term power outages or temporary evacuation. But a large earthquake and tsunami will leave much of the area's transportation routes destroyed [with large areas lacking resources for] weeks."

Oregon Governor Kate Brown issued a proclamation in support of National Preparedness Month and the "2 Weeks Ready" concept. Lieutenant McCraw will present such a Proclamation at the September 4th Board of Commissioner's Meeting for signature.

Ivy Avenue Wellness Center offers three upcoming orientation events to

Washington. The foursome hiked half of the section between Steven's Pass and Snoqualmie Pass. Carolyn said the bonding among the four was one of the best parts of the trip. Karen described the trip as "gorgeous and grueling."

The four women backpacked for four days and three nights. Their packs were 30 pounds and they had all the essentials; what else would you expect with a Girl Scout leader (Karen) in the group? They needed mosquito netting over their faces while cooking and hung their food in trees where the wild-

life couldn't get it. While they didn't see cougars or bears, another hiker they ran into along the trail had seen cougars. Fortunately, the standard advice to look big and carry bear spray kept those two cougars at bay.

As for the gorgeous part, the scenery along the trail was spectacular. There was Indian paintbrush up to their waist and beautiful green trees towering over them. At one point, they saw military jets flying—below them! They were hiking between 4,000 and 6,000 feet.

Despite some blisters and bruised toenails from

going up and down hills and bruised arms from putting on the heavy packs, Karen and Carolyn enjoyed their adventure tremendously and are looking forward to covering another part of the trail next summer.

With summer waning, coasties' thoughts turn to fall. The crab should be fuller, the salmon running, and elk and deer in the forests. Time to stock the freezer for the winter to come! We'll cover tips for some of these outdoor activities here and in the next couple of columns.

Crabbing is best when the difference between low

and high tides is small. Put your crab pots, traps or rings in water 8' or deeper. Mark your buoys with a distinctive pattern so they will be easy to spot and pick up. Use fresh bait: fish carcasses, clams, or turkey legs. Go early in the morning, both for the ease of getting in and out of the boat ramp as well as for a better catch ratio. Know the boys from the girls (you may keep only male crab) and have a crab measurer handy. If Dungeness are in short supply, keep some red rock crab; they are tasty, too. Enjoy your crab dinner!

A magnitude 6.3 earthquake 178 miles west of Coos Bay this very morning motivates me to continue steps towards disaster preparedness each week. From here on out, I am going to expand my preparedness efforts from a "72 hour kit" to a "2 Weeks Ready plan."

"September is National Preparedness Month and Oregon's Office of Emergency Management urges individuals, families, businesses and local organizations to take time during this time frame – and throughout the year – to be '2 Weeks Ready,' according to Tillamook County's Emergency Management Director, Gordon McCraw. "For many years, a 72-hour

preparedness kit was the standard for disaster planning. This is a good start, and helpful in the event of short-term power outages or temporary evacuation. But a large earthquake and tsunami will leave much of the area's transportation routes destroyed [with large areas lacking resources for] weeks."

SOUTH COUNTY

mossroses@yahoo.com

acquaint the community with services available at the pain clinic. They're planned for 1:30 p.m. on Tuesdays September 10, September 17 and September 24. Please R.S.V.P. for the session you'll attend by voicemail to 503-815-2704. The Wellness Center is located at 1105 Ivy Avenue

in Tillamook.

Customers of Tillamook P.U.D. located south of Farmer Creek Road to Slab Creek Road in Neskowin (including most residents of Hebo, Cloverdale, Pacific City and Neskowin) will experience a power outage overnight on Friday. Testing and maintenance tasks will be performed from 11 p.m. on Friday, September 6 until 6 a.m. on Saturday, September 7. For more information, call Tillamook P.U.D., 503-842-2535.

South Tillamook County Library is taking a break in September from scheduled programs. We appreciate Mary Groves writing with word that the South Tillamook County Library Club's quarterly member-

ship meeting is planned for 10 a.m. on Tuesday, Sept 10. Valarie Rundquist, from Oregon Community Fund, will present a program. All are welcome to attend. Our library is located on Camp Street in Pacific City.

Cloverdale's singer-songwriter duo, Fred Bassett and Sonya Kazen will croon folk tunes from 9 -12 noon at Neskowin Farmers Market on Saturday, September 22. The weekly event is held through September at the Neskowin State Park parking lot which locals refer to as Neskowin Wayside.

Tillamook County Habitat for Humanity (H4H) is sponsoring a series of free financial education classes for the community. First up

is "Budgeting" planned for 5:30-7:00 p.m. on Tuesday, September 24 at H4H Re-Store, 4192 Highway 101 in Tillamook (across the highway from Tillamook Cheese Factory.) A \$15 gift certificate for the H4H Re-Store will be awarded to each attendee. Complete a series of three classes for a chance to win a \$100 dollar H4H Re-Store gift certificate.

I'm sorry to report that my copy of the Community Calendar, our source for a list of birthdays each week, is still on its way. Perhaps one of my readers can better facilitate its delivery than I have been able to do. We will catch up with a long list of birthdays soon.

We are spending a few weeks with Amber before school starts up again (She's a teacher), and we began to reminisce about the 'good old days' in Rockaway Beach. While in high school and college, Amber worked for the Rockaway Beach Parks and Recreation, The Trade Winds Motel and The Float Ice Cream Shop, which used to be a cute little pink building across the railroad tracks in downtown Rockaway. (And Amber worked for all three to pay those pesky college costs.) Back to our fond memory. Two wonderful women, Ruth Daugherty and Phyllis Baker, who really changed the course of history in Rockaway Beach, had decided to come to our town to make a difference. Our city is still doing almost all the things these ladies began. They both came to our delightful community from Idaho, and after many years began the ice cream shop. This was a shop where all the locals and tourists gathered. They even had a shelf where folks kept their own mugs. People loved to visit on vacations, and not only enjoy the malt, float, cones or whatever their pleasure, but the best part was enjoying these two ladies. Phyllis was the organizer. She was constantly planning the next big event for our community,

finding locals to volunteer and getting involved with our community. And Ruth, oh yes Ruth, she was the nurturer. She would never complain about anything in her life, (she had suffered with polio as a child, and lost her twin to this dread disease), but she would stop anything she was doing and take the time to ask you how your day was going. She knew all your family by name, and never forgot them. These gals helped anyone in need, and would give their last penny to help. But that is another story. Dale, Amber and I were reminiscing about the fabulous 'Customer Appreciation Parties' they had at The Float, on the anniversary of their opening. They would invite absolutely everyone in town that had feasted on one of their ice cream cones, and many that hadn't. It felt like hundreds of 'friends' at this event, because the building was tiny, and all would be served whatever they wanted

on the menu, on the house. They would hire a local banjo duel, Banjo Two, to play throughout this event, and folks would eat, dance, play putt-putt golf on the grounds in the back, and make forever-wonderful memories. Each and every one of their friends was special to them. The folks attending all not only became volunteers for any event in the community these girls were involved in, but we all became friends. These wonderful memories were all because two ladies wanted to come to our town, from Idaho, to make a difference. Thank you Phyllis and Ruth. We miss you and we love you both.

The Mookulele Club has started up their ukulele program again. Join them at 1pm at the Mazanita Library on Saturday, September 14th, for one of their famous relaxing jam sessions. Bring your own ukulele or borrow one of their loaners. Then on Wednesday, hone up your skills with the Rockatooters Ukulele Group of Rockaway Beach at 6pm. Join the spirit of Aloha with this fun, faster paced group. We play at the Rockaway Beach City Hall at 276 Hwy 101. We too have loaner ukes. Or, just join us for a sing-along!

Christmas is just around the corner. I want to remind you to save your gen-

tly used gift items or décor items for the 'soon to be arriving' Christmas table at the library. When you have something you would like to donate, simply drop them off at the library. This fundraiser at Christmas will help pay those bills at our very own Rockaway Beach Library. That is a good, no great thing you can do to help!

It's birthday time! A very happy birthday to all celebrating this month! The birthday list I have is Victor Troxel, Kiley Konruff, Judy Mammano, Terri Michael, Laura Hurst, Joan Love, Beth Vice and

Joanne Agaard. A special birthday greeting to my baby sister, Cookie. (Mom always liked you best. Giggie.)

I haven't gotten the official notice yet, but the Fall Beach and Riverside Cleanup is coming up On September 21st. Thousands of volunteers will be cleaning up our beaches and riversides of debris and trash and help keep our beaches beautiful. I will update you, as the time gets closer. The Lions Club is usually involved. I hope to get official word soon.

Have you ever wondered what you would do in a

disaster here in Rockaway Beach? Well, Wednesday, September 18th, from 6-8 pm at NKN High you can meet up with folks just like you, asking the same question, and experts who have some answers for you. Mark this date on your calendar. I will give you more information next week.

"Volunteers don't get paid, not because they're worthless, but because they're priceless." Thank you to all that have volunteered to make our town a better place over the years. You are priceless! That's Rockaway Beach, "Sugar Coated!"

Hebo

Continued from Page B1

Quarters (rounded corrugated steel building), bowling alley/ snack bar, Bachelor Airmen Barracks, Gym, Dining Hall, and the Operations Buildings. The tunnels were anchored to the ground similarly to the way mobile homes are anchored to the ground these days, less the tunnels be blown away as well.

Initially, the radars were used to spot airplanes and F-106s stationed at McCord AFB near Seattle would intercept potentially unfriendly aircraft. During the years Mt Hebo AFS was operational, 1957 to 1979, Russia changed from airplanes carrying atomic bombs and flying horizontally and relatively slowly to ballistic missiles launched vertically very quickly from submarines. Our radar adapted to meet the new threat. After the missile completed its short propulsion burn, it flew ballistically like a baseball after leaving the bat. When our radar pinpointed exactly where the missile was twice, the computer would draw the rest of the parabola and tell us where it would land and when. There were no anti-ballistic missiles in those days. The radars could only provide warning.

While awaiting the radar's modification, Ronald Watson was assigned Assistant Boy Scout Master of the Hebo troop and he married the lo-

cal Beaver, Oregon pastor's daughter/ public school teacher Linda King. With no wedding reception hall at the church at that time, the whole group including second graders, church people and Air Force personnel and dependents walked together along busy Hwy 101 on Friday evening down to the corner where the Shell station is, and crossed as a group to get to the Beaver Fire Hall where the trucks were rolled out and the reception took place. Traffic was stopped on Hwy 101 by Air Force officers in their white mess dress uniforms with swords held aloft while everyone crossed safely.

Mt Hebo AFS made a lasting mark on Tillamook and Lincoln Counties. Over two hundred monthly paychecks over the years of 1957 to 1979 added to the economy. Local people helped build, maintain, provide food and services to single airmen and military families. Doctors and hospitals cared for the airmen and delivered babies. Airmen married local girls and have come back to the area to live and work. Frank Jordan and Diane Lyda worked at Tillamook County Creamery Association. Vicki Reiff was office manager at Bayocean Medical for 24 years. Former Air Force and dependents are active members of Redeemer Lutheran, St Alban's Episcopal, Calvary Chapel Lincoln City and other churches. On duty personal attended Beaver Community, Hebo Assembly, Pacific City Presbyterian and

other churches. Brad Reiff retired after 40 years of service with Tillamook Fire and Rescue. Jim Reiff works for the Port of Tillamook Bay. Diane Lyda was secretary at Nestucca Valley High School. Linda Watson taught second or third grade at Nestucca Valley Elementary School for 19 years. Vicki Reiff, Linda and Ron Watson sing with Tillamook Community Choir where Vicki is treasurer. Vicki Reiff, Brenna Sage and Linda Watson are Board members of Monday Musical Club of Tillamook. Ron Watson used the GI Bill to attend seminary and then pastored a Lincoln City church for 35 years. Brad and Vicki Reiff attend Tillamook school sports events and watch their grandchildren participate. Brenna Sage is the church organist at St Albans Episcopal and Tillamook United Methodist Churches, has been in TAPA and Black Box productions, substitute teaches at Nestucca Valley High School and is the accompanist for Midway Messiah. Ron Watson was President of Lincoln City Kiwanis and North Lincoln Ministerial Association, facilitates Midway Messiah with performers from Seaside to Newport, and is a docent at Tillamook Air Museum. Skills learned in the Air Force are practiced in Tillamook and Lincoln Counties.

For more information on the upcoming Sep 20-23, 2019 Mt Hebo AFS Reunion, contact Ron Watson at 541 992-3575 or ron216@hotmail.com.
