Demand for testing decreases, Pfizer requests approval for ages 5-11

Hilary Dorsey
Staff Writer

Tillamook County Health Department reported during a Tillamook County Board of Commissioners meeting Wednesday, Oct. 13, 14 COVID-19 cases for the weekend case count from Friday, Oct. 8, through Sunday, Oct. 10. The 7-day case count from Oct. 3 through Oct. 9 was 26. The 14-day case count from Sept. 26 through Oct. 9 was 55.

“When we talk about our breakthrough rate, from Sept. 26 through Oct. 2, it was 75.6 percent of new COVID-19 cases were not vaccinated versus 24.4 percent statewide were breakthrough cases [in the state],” Emergency Preparedness Coordinator Ed Colson said. “Here in the county through the end of September, it was 74.2 percent not vaccinated versus 25.8 percent vaccine breakthrough cases for Tillamook County.”

The county’s death toll is at 26 deaths, as of Oct. 12. Twenty-three of these individuals were unvaccinated, one had no vaccine record and two were fully vaccinated.

There are six confirmed outbreaks and 15 under monitoring, Colson said. Oregon Health Authority confirmed outbreaks, as of Oct. 13, at Fred Meyer with 31 COVID-19 cases, Adventist Health with a total of 24 cases, and Tillamook County Creamery Association with 20 cases. Monoclonal antibody treatment is available in Tillamook County.

“These treatments require provider referral after a positive COVID-19 test,” Colson said. “This treatment is given through our one-time IV infusion currently at Adventist Health Hospital in Tillamook.”

Colson said on average, 30 individuals have been tested at each of the testing days throughout the week at the fairgrounds.

“Last week, we had on Monday, 34; Wednesday, 36; and Friday, 26,” Colson said.

Due to the decrease in demand for testing, drive up testing at the convention center ends after Friday, Oct. 15, Colson said. COVID-19 testing is still available at the health center’s acute care clinic. To make an appointment with the health center, call 503-842-3900.

“Our vaccine rates in October so far are averaging about 35 per day,” Colson said. “We had 31 last Tuesday and 37 on Thursday.”

Pfizer and BioNTech have submitted a request to the Food and Drug Administration (FDA) for emergency use authorization for those ages 5-11. Colson said the ruling by the FDA is expected in early November. It would then go to the Centers for Disease Control and Prevention’s advisory committee and then to the Western States Scientific Safety Review Workgroup, and finally to Oregon Health Authority for authorizing use.

“Booster shots for Moderna and Johnson & Johnson are going to follow the same steps,” Colson said. “We expect to have a decision in mid-October from the FDA.”

A booster dose for Pfizer has been authorized for those who have completed the two-dose series at least six months ago. These eligible groups include people 65 years of age or older, those with underlying health conditions, those who live in long-term care settings, and those who work in high-risk settings such as teachers and grocery workers.

Rep. Kurt Schrader hosts virtual town hall for district

Hilary Dorsey
Staff Writer

Citizens throughout Oregon’s 5th Congressional District sat in on a virtual town hall Tuesday, Oct. 12, to hear from U.S. Rep. Kurt Schrader. Schrader addressed questions on prescription drug pricing, the Violence Against Women Act and the Jan. 6 attack on the state Capitol.

Schrader said he has been in favor of drug pricing negotiations and for the last two years, he has been trying for some alternatives for drug pricing and he said the U.S. House of Representatives has come up with a bill that he believes hits the mark. The proposed Reduced Costs and Continued Cures Act would lower patients’ prescription drug costs. The plan is the first to cap out-of-pocket costs for seniors.

“Seniors can have huge, uncontrolled out-of-pocket costs when they get past their insurance cover-

age,” Schrader said. “Under our bill, the maximum out-of-pocket cost for a low-income senior would be \$100 a month.”

Insurance and pharmaceutical

companies would also have to pick up the bill, Schrader added. He said there is a great chance right now to

Commissioners approve new location added for needle exchange events

Hilary Dorsey
Staff Writer

The Tillamook County Board of Commissioners approved during a meeting Wednesday, Oct. 13, an agreement for an additional location for harm reduction needle exchanges. The health department has been holding these needle exchange events since April.

“We currently hold an event on the first and third Wednesdays of each month in the CARE parking lot,” Tillamook County Public Health Representative Tara Stevens said. “We’d held a total of 11 events to date.”

Stevens said the health department usually sees about three individuals at each of the events. These individuals will sometimes exchange syringes and pick up supplies for other people.

“We estimate we’ve reached a total of 43 unique individuals represented by those attendees,” Stevens said. “We’ve seen a handful of individuals return to an exchange once more.”

To date, the health department has exchanged 13,829 syringes and provided 69 sharps containers, Stevens added.

“We have distributed 54 Narcan kits and 23 Naloxone kits and many safe injection and wound care kits in addition to information on services in our county or nearby,” Stevens said.

The health department has worked with Tillamook Family Counseling Center to come up with the agreement to include the counseling center’s Ivy Avenue Wellness Center as a location for an event. Stevens said the agreement outlines the use of the build-

ing, parking lot and supply storage auctions. The health department is also looking to reach more people by looking for locations in north and south county.

Chair Mary Faith Bell said she supports harm reduction. Commissioner Erin Skaar said it is a way for people to get healthier.

“It’s a way to help people who have substance use disorder or opioid use disorder stay safe while they are using and have an opportunity to be connected to services when they are ready to be able to end their usage of the drugs,” Skaar said. “It’s a really, really important service.”

The commissioners approved the agreement.

State Sen. Betsy Johnson announces bid for Governor

Staff

State Sen. Betsy Johnson, of Warren, announced Thursday on her Facebook page that she is running for Oregon Governor, “as an independent leader unaffiliated with any party and loyal only to the people of Oregon.”

The Oregonian first reported Johnson’s announcement following her Facebook post.

The following is Johnson’s Facebook letter.

Dear Friends:

With an election for Governor fast approaching, Oregonians are eager for a fresh start and new leadership. But having to choose between another left-wing liberal promising more of the same or a right-wing Trump apologist – is no choice at all. Oregonians deserve better than the excesses and nonsense of the extreme left and radical right. Oregonians are ready to move to the middle where sensible solutions are found.

That’s why I have decided to run for Governor as an independent leader unaffiliated with any party and loyal only to the people of Oregon.

I will be a no-nonsense leader with the backbone and life experience to tame the partisan excesses and with the humility to know that delivering results matters more than who gets credit. As Governor, I will force the two parties to work together to put Oregon ahead of narrow partisan politics.

Our campaign will be like no other in Oregon history – because the stakes for Oregon’s future have never been higher. Freed from the distraction of a primary election, I will formally launch my general election campaign after the first of the year. Until then, I will be listening to Oregonians, raising money, and building a first-rate campaign organization. Next summer, I will be nominated for Oregon Governor by the people through the power of their signatures.

Taking on the entrenched two parties will be difficult and expensive. Oregon’s state motto is “She Flies with Her Own Wings”. But this Oregonian can’t fly anywhere without your early and generous financial support.

The decision to run independent of any party, by law, requires me to give-up my Democratic Party registration by next Spring. Rest assured, my bedrock values will not change. I was raised in a moderate Republican family and became a Democrat because the Republican Party had moved too far to the right. For twenty years, I’ve been an independent-minded, pro-choice, pro-jobs Democrat proudly serving the people of Northwest Oregon. This is who I am.

Governor Tom McCall, in his first inaugural address, urged Oregonians to “put aside the temptations to be guided by regionalism, factionalism, or anything which fragments the public interest.”

Tom McCall was a maverick Governor the likes of which we have not seen since. I believe we need leadership that reaches beyond partisan labels and geographic boundaries and that unites Oregonians around our shared values.

As I begin this exciting and important journey, there is only one thing I

45th annual Kite Festival slated for Oct. 22-24

The 45th annual Rockaway Beach Kite Festival will take place Friday, Oct. 22, through Sunday, Oct. 24, at the Rockaway Beach Wayside. The Arts and Kite Festival took place earlier this month.

The annual Kite Festival is dedicated to the memory of Ann Swain. Swain was a chamber and community volunteer for many years.

Sponsored by the American Kitefliers Association, the festival hosts professional and amateur kit fliers. As the largest organized group of kites in the world, the

association travels all over to spread the joy of kiting to people of all ages and skills.

The event offers contests in a friendly, unofficial environment. Participants can compete to win awards for the nicest kite, the kite that drags on the ground the longest before becoming airborne, etc.

Kite enthusiasts are encouraged to bring their own kites to fly. The festival also features live music, kite exhibitions, an array of vendors and artisans, and meals all weekend.

Agencies respond to shop fire, no injuries

Staff

Nehalem Bay Fire, Garibaldi Fire and Rockaway Fire were dispatched for a report of a large shop on fire at 2 p.m. Monday, Oct. 11, on Miami Foley Road.

According to Nehalem Bay Fire & Rescue Fire Chief Chris Beswick, when units arrived on scene, they found a three-bay shop, approximately 1,200 square feet, fully involved. The fire was quickly brought under control; however, the shop was a total loss. There was no damage to surrounding structures, and no injuries either to the residents or responders.

The cause of the fire is officially undetermined, but a malfunctioning heat lamp in a chicken coop is suspected, Beswick said.

Foundation Awarded Grant to Support CTE Students

This fall, the Tillamook Bay Community College Foundation was awarded a \$15,000 grant from The Roundhouse Foundation to support students enrolled in a Career-Technical Education Program. The grant helps cover costs associated with supplies and program fees.

“The intent is to lessen the barrier for these students to participate in these programs,” said Britta Lawrence, Development Director for the TBCC Foundation. “This is the inaugural year this grant has been funded, and TBCC feels very lucky to have been selected as a recipient.”

The TBCC Foundation has already awarded close to \$3,000 of the grant this

fall to assist TBCC Students. Lawrence said students do not need to apply for the funding; it is automatically credited to their account when they enroll in a qualified CTE program.

The grant helps students who may need things like boots or gloves for welding; scrubs and stethoscopes for the healthcare programs; and fingerprinting, and licensing requirements for EMTs, among other things that a student would typically pay for out of pocket.

Tillamook Bay Community College has CTE degrees and certificates in the fields of healthcare, manufacturing and industrial technology, agricultural technology, criminal justice, and business administration. For more information on TBCC’s Career-Technical Education programs, visit www.tillamookbaycc.edu.

The Roundhouse Foundation supports creative solutions to the unique challenges associated with rural culture and landscapes of the Pacific Northwest.

reduce drug prices for everyone, especially seniors.

Regarding social security and Medicare for retirement, Schrader said social security just requires some political whip. There is a way to target those benefits to make sure everyone gets their fair share but to also make sure those who are low-income get what they need.

“That’s a topic we need to be discussing right now,” Schrader said.

The Violence Against Women Reauthorization Act of 2021, passed in the House and sent to the Senate, modifies and reauthorizes programs and activities that seek to prevent and respond to domestic violence, sexual assault, dating violence and stalking. Schrader said women’s reproductive rights are also under siege right now.

“In this country, we need to stand strong for women’s reproductive rights,” Schrader said.

Child care was another issue brought up. Schrader said adequate child care is essential to getting people back to work.

“We need to figure out how to leverage our investment in child care,” Schrader said. “I think that is going to be huge.”

Not every region has the same cost structure for child care, Schrader added. There is general commitment by everyone in Congress that child care is a good investment.

Schrader spoke about the Jan. 6 attack on the U.S. capitol, stating there is “no excuse for evading a capitol and attacking your own capitol is terrible.” As professionals, those working in the capitol have tried to put it behind them while also not sweeping it under the rug.

Schrader said the capitol’s police are also being improved and there are new people in place.

“We’re trying to make sure this never happens again in our country,” Schrader said.

Several others have also announced or indicated their intention to run as a candidate for Oregon Governor in

2022, including Democrats Speaker of the House Tina Kotek and State Treasurer Tobias Read.

Sandy Mayor Stan Pulkiam, who brought an exploratory effort to St. Helens earlier this year, and Bud Pierce are running as Republicans.

New York Times columnist Nicholas Kristof said he is also considering a bid to be Oregon Governor.

Under Oregon’s term limits, current Governor Kate Brown cannot seen an additional term.

FENCEPOSTS

Last week, Captain Pete wrote a paragraph for this column describing his 30th annual Hogs ‘r’ Runnin’ salmon derby and its official results. But I have sources beyond him. This week, you’ll hear the rest of the story...

Equipment problems were rampant during the derby. One participant had the reel fall off his rod. Two boats had trailer troubles that required them to exit the derby early. One couple had to buy a brand-new motor to be in the derby. Moving on from equipment to bureaucratic issues, one party couldn’t get his boat registered in time; he and his

CAPE MEARES
ELLEN STEEN
503-842-8608

wife had to catch a ride with another participant. Now on to perhaps what could best be described as clumsiness, two guys in the same boat lost their cell phones. One man lost his wedding ring, but

his fishing partner (his wife) eventually found it in the bottom of the boat. And now for the category of bad luck: One entrant snagged a salmon in the tail, and it wiped out the fishing lines of all the clients in a nearby guide boat. One boat hauled in a record number of fish (six) on Friday, but all were wild coho that had to be released. The next day, Saturday, when fishers could retain one wild coho (if they had not done so earlier in the season), this same boat had no bites at all. Now you have it; the rest of the derby story.

What good news! The Cape Meares Community

Association’s Social Committee announced there will be a Halloween potluck for Cape Meares residents on Oct. 30 at 6 p.m. at the Barbara Bennett Community Center. Please bring a ghoulish dish and BYOB. Water and soda will be provided. Attendance requires a full vaccination status and a mask; you may remove your mask as you enjoy your meal. Looking forward to seeing all you neighbors in person again!

Hunting season is in full swing. We have a couple of neighbors who are off deer hunting in central Oregon, and others who are hunting

here. This might be a good time to refresh ourselves on hunting safety tips. Please remember to:

1. Check current regulations before you hunt (<https://www.eregulations.com/oregon/hunting/>);
2. Wear blaze orange;
3. Be aware of other hunters’ locations in the forest;
4. Take time to be certain your target is a legal animal;
5. Look beyond the target to ensure your bullet won’t hit anyone in the background;
6. Carry basic emergency supplies in case you get lost; i.e., water, food, whistle, fire-making tools, rain slicker, and

cell phone;

7. Download a location-tracking app, such as Garmin, before going in the woods; and,
8. Tell someone where you are going, and when you expect to return.

Congratulations to Randy and Spike Klobas on their 50th wedding anniversary earlier this month. They enjoyed a delicious dinner at Portside Bistro in Garibaldi with good friends Scott and Mary Gordon. Completely unrelated (one hopes), Randy bought Spike some throwing axes; she is practicing on their wood pile.

OPINION

LETTERS TO THE EDITOR

Wee the People

What ever happened to “We the People...”? What happened to individual God given rights and freedoms? What happened to bottom up government of the people, by the people, for the people?

As the Progressive / Socialist movement sweeps across this country it feels like I/we no longer have a voice. I, meaning the individual, the individual is the largest minority. As we take are marching orders from a top down, faceless, centralized government, we the people no longer have a seat at the table.

With ever increasing mandates, legislation, closed door meetings, in the name of the greater good, it’s difficult to figure out which end is up or what is going on within government. By the time we the people hear about change it’s already been done.

In an age of information overload, complicated legislation, mandates, etc. it’s no wonder people feel

overwhelmed, confused and powerless. I believe it’s on purpose. Thomas Jefferson believed that our legal system and form of government should be designed so that the common man could comprehend it. There’s nothing I comprehend about the Progressive Movement as it relates to the Constitution or the American way of life.

Wheeler: A brighter future for whom?

Recently, an article was posted on the Oregon Coast Alliance (ORCA) website under the “News” and “Victories” tabs. The title of the article was “Wheeler: The End of the Ulbright Project and the Beginning of a Brighter Future.” The article was about, once again, stopping a developer from building on waterfront property. However, the title of the article is misleading because the project is not at

an end.

For years, a small group of Wheeler citizens has vocally opposed a potential development in our small village. In the face of this opposition, other voices and other opinions have been drowned out. Has yours?

Will Wheeler have a “brighter future” if development is stifled? Probably not. Do you really want to sit back and let only one small group determine the future for Wheeler? We urge our neighbors to become acquainted with all sides of the current, proposed development plans and any future plans. Take time to learn about the options and make your voices heard about what you believe to be in the best interests of Wheeler.

We encourage our fellow citizens to join us at City Council and Planning Commission meetings. Become informed. Get involved. Make your voices known.

CHAMBER CHATTER

Tillamook Living Magazine is officially on the streets

Mallory Gruben
Communications Manager

The second edition of the Tillamook Living Magazine arrived at the Chamber last month, and it feels like it’s all I’ve been able to talk about since. I see so much potential in this locally produced lifestyle and relocation guide, which is available through the Chamber and at several of our member businesses!

As you may already know, the Chamber started publishing Tillamook Living last year. The idea for the magazine was born out of several conversations with local businesses, organizations, real estate agents and other community leaders about how we could highlight our community to attract and retain talented workers, as well as help newcomers settle in as they moved to Tillamook.

This year the magazine went through a major redesign. We started from scratch, rewriting all the content, refreshing photos and constructing a totally new layout. Yes, it was intimidating to look at a blank sheet and build a 60-page publication. But the final product is a seriously impressive resource that the entire Chamber team can be proud of.

As part of the redesign — and building off my own background as a local reporter — we added space for six short articles that tell a deeper story of Tillamook. I really love these articles, which cover everything from one resident’s discovery of outdoor recreational opportunities right in her backyard, to the reason why our county fair is better than the rest. They showcase the values and personality of this community in a way that an informational blurb about local services can’t. They add the “lifestyle” content to this lifestyle and relocation guide.

The plan is to change out those articles each edition of the magazine. That means there will always be something new to read in Tilla-

mook Living and learn about this community — even if you’ve lived here your whole life.

Another one of my favorite parts of the magazine is how genuine it is. All of the content was written in-house at the Chamber, and the photos come from local photographers who have a special eye for what makes Tillamook great. This isn’t a promotional publication made by a company that has never been to Tillamook. It’s an authentic look at this place we call home, created by locals who not only live here but also care deeply for this community.

You can pick up a free copy of the Tillamook Living Magazine at Chamber HQ at 208 Main Ave. The magazine is also available at local businesses and realtor offices, including but not limited to the Tillamook County Pioneer Museum, Tillamook PUD, Habitat for Humanity ReStore, Roby’s Furniture and Appliance, YMCA, REMAX and Tillamook Bay Community College.

If you would like to receive a bundle of magazines to distribute through your business, please call the Chamber at 503-842-7525 or email info@tillamookchamber.org

TALES FROM THE LIBRARY

Bill Landau
Tillamook County Library

It is hard to run a library during an ongoing pandemic. Of course, this difficulty is shared by all businesses and organizations, as well. We are all in the same boat while we operate outside our comfort zones.

Being a part of the county government, the library operations are overseen by the Board of County Commissioners (BOCC). This is an important partnership, but we could not effectively communicate with the BOCC without an effective leader, and that leader is our director, Geri Godber. It is Geri’s job to shepherd the staff and the library board to come up with a grand plan of operations, then relay this information to the BOCC. During normal times this is a giant task, but trying to come up with a plan during chaotic times like these is even harder.

I thought I would pick Geri’s brain for this column to get her take on what big ideas are directing her vision of getting us a little closer to normal. Geri’s first priority is to put the patrons’ needs first. How will she accomplish this? Geri says, “We recognize people miss being able to come to the library for programs or just hang out. As COVID flareups threatened to close us down, I have concentrated on ways of keeping us open. Since we can’t have big programs right now, I have the staff working to put together take-home crafting kits for patrons.” This idea has been widely embraced and is now expanded to include take-home crafts for children. We are also making sure we have an online story-time posted on our YouTube channel weekly.

One other way Geri is putting the patrons’ need first is to continually coach the staff on the importance of excellent customer service. “It is so important that patrons have a good customer service experience each and every time they come to the library.

I tell the staff we only have one chance to make a good first impression.”

Geri is also concentrating on improving customer experiences and service. One example of this is thanks to a generous donation from the Tillamook County Library Foundation. They have provided funds for new color copiers/printer/scanners in all the branches! “As an added bonus, these machines will soon be available to send FAX transmissions,” says Geri. “People have been asking for this service for years and we are finally able to make it a reality.”

Geri also mentions there are some behind-the-scenes updates going on. “While the public may not see them, the procedural updates and additional vendor services will lead to cost savings and better customer service for the public. Also, we’re excited to tell you we will soon be adding a couple new services. It is a bit too early to announce exactly what those items are, so stay tuned!”

Beyond the immediate improvements mentioned above, the library is always looking into the future by focusing on a strategic plan. Geri says she will soon be “reaching out to the public for ideas so we can continue to serve the public at the highest level possible.” We are hoping when that call goes out that you will respond with lots of ideas! This is YOUR library.

FENCEPOSTS

I lost my calendar for my column last weekend, and I am totally lost without my notes now. So, bear with me. I hope I can recall everything I was going to talk about for the rest of the year.

Our community lost a good man. Dr. John Tarnasky recently passed away in the Seaside hospital. I did not know him, but my friend, Cecile Doyle, wrote a very nice tribute to him I would like to share.

“Today is a very sad day

for our friend John Tarnasky as he passed away in the Seaside hospital this afternoon. He was a very fine OBGYN doctor and said he delivered over 3000 babies in his career. He was a gentle man that loved travel, Oregon football, live theater, good food, and most of all his wife Gloria. May he Rest In Peace. We shall all miss him. He made so many of us laugh and follow his sense of humor. You are loved and will always be thought of.

His children were and are fine people who also will miss this amazing man.”

RIP John and my prayers for his wife and family.

October 22nd- 24th are the dates for the Rockaway Beach Kite Festival “Go Fly A Kite” at the wayside. 2021 is the 45th Annual. So plan on bringing your camera and your family and friends and pray for wind.

I have a surprise! It even surprised me! This year Rockaway Beach will have a Trunk or Treat event at the wayside on Saturday, October 30th. It is just now

being planned, so next week I will have the full scoop. The Rockaway Beach Volunteer Fire Department sponsors it and the Merchants Association will be in costume with ‘bags of goodies’ for the kids. That will keep you in suspense until next week. Right?

The Lighting of the Christmas Tree is happening! Sue Wilson gave me a call about it, so it is official. It too is in the planning stages, but I can tell you it is on November 26th, the Friday after Thanks-

giving. Be sure to jot it on your calendar. I wish I could find mine. It would make life so much easier.

I just noticed that the ‘Get Fit With Rhonda and Friends’ will be walking up the 3rd Street hill on October 20th. Call Rhonda at 503 332 5861 if you want more information.

“October, tuck tiny candy bars in my pockets and carve my smile into a thousand pumpkins.” That’s Rockaway Beach, “Sugar Coated!”

Fall Greetings Bay City, I am away from my desk for a few days, but I didn’t want you to miss an opportunity to participate in all the fun events and happenings in Bay City. Starting October 22nd with a live performance by Bart Budwig whose music is described “cosmic-country”. Opening for Bart is the folk duo team from Astoria, The Hackles. The performance starts at 7:00 pm. There are only twenty-five ticket available, so hurry and order now. To order your coveted ticket, email Baycityartscenter@gmail.com or call 503-377-

9620. The very next day, October 23, the Bay City Arts Center is hosting a Balik workshop led by Shawn Jackson and Hope Montgomery. The class starts at 9:00 am and ends at 4:00 pm. Classes are limited to eight-people with a suggested donation of \$30.00 and supplies are included. For more information or to register call Hope at 731-592-1737. All classes and events at the Bay City Art Center require a mask and proof of vaccination. I am quoting in part “the BCAC is a community workshop, gallery, art school, auditorium, dining hall, recording studio

and radio station wrapped up in a historic building.” But the most important to me is that it is a wonderful place to gather with friends and family. Mark your calendars for the Bay City Methodist Church, online auction start-

ing Thursday November 4th at 8:00 am and bidding closes on Friday November 5th at 9:00 pm. BCMC gratefully will accept mail donations. You can mail your donation to BCMC PO Box 3135 Bay City, Oregon 97107. My guest writer today is my fifteen-year old granddaughter Macy Jo. Here are her thoughts and memories of her time visiting grandma and grandpa at the beach:

The coast has always been a big part of my life. Growing up in the valley of Oregon some of my favorite memories were driving to Bay City and spending the

day at the beach. Whether we were celebrating our family’s “grandma camp” or going to lunch at The Dutch Mill, it was always an amazing day. I was so excited and honored when I found out I was able to be a part of writing this week’s Fencepost. Bay City has been like a second home to me for a long as I can remember. I participated in my first ever business venture as an entrepreneur at the Oyster Festival. Another one of my favorite memories was when the whole city went to the Christmas tree lighting and even the rain couldn’t stop our Christmas spirit.

I will never forget playing my pink guitar with my pink cowgirl hat and matching boots with Benny and the Bay City Rockers and signing and playing my little heart out. A message that I thought I would share is a quote by Sandy Gingras, “The beach, life is different, time doesn’t move hour to hour but mood to moment. We live by the currents, plan by the tides and follow the sun” and on that note I think everyone should have a grandma and grandpa that lives at the beach.

Thank you for reading Grandma’s Fencepost and she will see you all next week.

LETTERS TO THE EDITOR

Original friend of Wave misses services

I am Pat Patterson at age 97 writing this letter to complain about the Tillamook County Transportation District. I with Bob Kenny, Jack Graves and other original founders of the District went door to door and the tax payers all pitched in and agreed to fund a COUNTY SPECIAL DISTRICT to bring public transportation to the citizens. At my age now I may still have my drivers license but I had been proud of the service from the local volunteers here in the South County who knew me and the other citizens and could provide affordable transportation with dial a ride van that was parked right here in Pacific City available for us local citizens. After the volunteers where gotten rid of things really did change but not for the better. I went to a board meeting by telephone a couple of years ago and asked for the volunteers to be kept and not forgotten as we did have people who actually did a good job and did not waste tax payer dollars caring about us in the South County, but now they are gone. And what is left here? We have buses that do not even go down our Sandlake Road but go with maybe 2 or 3 people on them driving along the business sections of town. Sometimes we even see empty buses there. For a parking lot to keep it from being over crowded and to keep the businesses taken care of that is just fine.

But we are being forgotten as the local citizens who pay the tax dollars that were

being spent carefully to take care of us.

We need a bus to travel down our road where the seniors like myself and other citizens who need regular transportation to serve US! The Sandlake Road does meet with highway 101. My suggestion is also to work with the Artichoke Farm Store with the big parking lot where a bus could turn around with the owners making an agreement for a bus stop there. I know widows and other seniors who live down here in my Sandlake Road neighborhood who are stuck without transportation and we need some help with more local citizens also raising their concerns.

Dial a Ride used to serve me as a former original Board Member. We had an agreement after serving the board for so many years to serve a former board member with transportation as I would grow older, but that does not seem to be honored. My daughter Dee actually complained to the management about how I was not being provided dial a ride services when it was an important thing to do. As a World War 2 Coast Guard Veteran serving here with Japan sending submarines along our coast line I was also the lat keeper of the Cape Meares Lighthouse when it was in operation. The National Archives of the nation came to Garibaldi and wanted me to come be interviewed and recorded to share my experiences. I had a ride from dial a ride scheduled to take me but I turned out to be sick that day, so we requested it be rescheduled for the following week. Instead of letting me know right away that

it could not work out, we did not get the dial a ride to take me. Instead a friend had to drive to Sandlake Road from Netarts to get me and take me in his personal vehicle. My daughter Dee who is my caregiver living nextdoor called in to make a complaint. There was no apology. She and Larry Stephens attended a Board Meeting for Public Comment to complain as well. They asked for the District to send each of them a written public document to review that would be a complaint procedure back in May 2021. It is October 2021 and we have never received that either in the mail. We don’t have a computer at home, and we citizens are not ALL just on the internet, or reading Facebook for our information on a County Transportation District. We need our Tillamook County Transportation District to be more people to people, just like we were when I helped the original Friends of the Wave get a Board together after the local citizens passed a property tax.

Now at 97 years old and not wanting to drive my car much at this time in my life, I watch the dial a ride vans travel up and down Sandlake Road, but I don’t really see how they are going to be serving me at my own address. As an original 97 year old Friend of the Wave, I have stated my concerns here in this letter because my own duahgter never even got an apology.

Original Board Member
of TCTD 1998 to 2005

The Tillamook Cheese-makers celebrated Homecoming all week long, with anticipation of taking their 5-2 overall record and 3-0 record atop the Cowapa League standings to test against the Valley Catholic Valiants Friday at home. The Valiants had to forfeit their second game in a row due to player shortages, so the administration set up a Homecoming match-up against fourth ranked Marshfield Pirates under the Friday night lights in Tillamook.

Tillamook, who is rated ninth overall in OSAA rankings, played the Pirates tough the first half out producing the offensive powerhouse 187 yards of offense compared to the Pirates 167 total offensive yards.

Marshfield set the tone early when DJ Daugherty took the opening kickoff for the Pirates 81 yards for a quick score.

Tillamook got the ball and made a nice drive down to the Marshfield seven yard line but turned the ball over on downs. The Mook defense stepped up and made a Pirate stop

and got the ball back after the Pirates went three and out.

The Mooks offense got the ball back and made another nice drive down to the Marshfield 15 yards line. On second down speedster Tanner Hoskins took the ball in from the 8 yard line for the first Mooks score. The point after was good and Tillamook was tied at 7-7.

Marshfield got the ball back after a kickoff went out of bounds. On the next play from scrimmage, Pirate power runner, Miguel Velazquez took it 57 yards for a score. With the point after attempt no good, Marshfield led at the end of the first quarter 13-7.

Marshfield got the ball back early in the second quarter of play after the Mooks offense suffered the loss for the game and probably the season when Tanner Hoskins went down early in the period. Hoskins was checked out by medical personnel on the sidelines and was transported to the hospital by ambulance. According to reports from the family's Facebook page, Hoskins suffered a hairline fracture of a vertebrae in his neck, he will be out the remaining two games against

Seaside and Banks, but hopefully will be ready for Basketball season. Hoskins was back home with family Saturday and according to his father, the first thing Tanner asked in the hospital was, "did we win?" Teammates, coaches, friends and fans are all happy to hear Tanner is back home doing well.

Hoskins is a huge loss for the Mooks offensive and special teams attack and is the school's kick return record holder running a kick return last week against Astoria during Senior Night 99 yards for a score (see related sidebar story).

After the Pirates got the ball back after the Hoskins injury, the mood in the entire stadium was quiet. The Mooks would have to do without their speedy sophomore who added so many dimensions to their offensive attack. The Pirates added two more scores in the second quarter and took a 27-13 lead into the locker room.

Marshfield added three more scored in the second half of play, the final score was 49-13 for the Mooks loss.

Tillamook is still 3-0 in the Cowapa League standings,

Banks is also 3-0. The Cheese-makers meet the Seaside Seagulls Friday night (Oct. 22) on the road at 7 p.m. Tillamook is ranked by OSAA going into the match-up 9th overall, Seaside is ranked 15th. The Mooks end league play on the road when they

meet 6th ranked Banks on Friday Oct. 29.

School Record

Tanner Hoskins wearing #3, Wide Receiver and Punt and Kick Returner for the Tillamook Cheesemakers set a school kick return record Friday Oct. 8 when he took a kickoff 99 yards for a score. Hoskins is a sophomore at Tillamook High School and plays multiple sports. Hoskins breaks Matt Benjamin's record set in 1997 as the longest kick return in school history, what also makes this a real milestone is the fact that Hoskins is a sophomore. Tillamook beat the Astoria Fishermen 41-6 that evening with many good runs by the sophomore speedster.

OBITUARIES

Anna K. Smith
Sept. 5, 1929 - 2021

Anna Kathryn Masters was born Sept. 5th 1929 to Thomas Henry Masters and Emma Frances Streeter Masters at home eight miles southwest of Burlingame Kansas. Anna attended a one room school-house in district 98 and graduated from Burlingame High School in 1947. Anna had two brothers, Daniel Thomas, and George Franklin. She married Joe Allen Tomlinson II on August 29th 1947. They had six children together Emma JoAnn, Daniel Franklin, Louis Allen, JoAnna Kay, Francis Lee, and Marvel Lynn. In 1960 Anna, Joe and children moved to Orangevale California. In April of 1971 Anna was married to Lt. Col. Ret. Warren Greenwood and traveled all over the United States. While living in Tillamook Oregon, Anna married Floyd O. Smith in July 1990. Together they traveled the world going to New Zealand, Australia, Fiji, and Nova Scotia and many of the states. Over her lifetime, Anna was privileged to visit all 50 states. In January 2006, Anna moved to Marion Iowa where she and her daughter, JoAnna, lived and shared a home until she passed.

Anna was preceded in death by her daughter Emma (1948), her husband Joe (1965), her husband Warren (1989), and her husband Floyd (2001).

Anna is survived by her children Dan (Barb), Louis

(Lisa), JoAnna, Francis, Marvel, and many grandchildren, great grandchildren and great great grandchildren.

Anna was loved by her family, and wanted everyone to know, she enjoyed her stay here on earth. She tried to live life to the fullest, while doing her best to make others happy along the way.

Anna’s funeral service was held on Tuesday, October 12, 2021, with a 10 AM visitation, and 11 AM service at the Burlingame Federated Church, Burlingame Kansas. She will be laid to rest near her husband Joe and Warren in Burlingame Cemetery, Burlingame, Kansas. Memorial contributions can be made to the Linn County Sheriff’s office, Cedar Rapids, Iowa, sent c/o Lamb-Roberts-Price Funeral Home, P.O. Box 194 Burlingame, KS 66413. Condolences may be e-mailed to the family through www.lamb-roberts.com.

Jonny “Maxine” Richter (Trammel) was born in Newneta Arkansas on July 26, 1938 to Otis and Icelene Trammel and left this world for heaven on October 8 to join them and sister Ola Jean. After mom’s birth it was not long before she was joined by brother Richard, and sisters Marnie (Schock) and Ola Jean (“Hunter” Panter deceased). By 1943 the Trammel family decided that they would move west where work was aplenty and start a new life, and they wound up in Tillamook.

In 1956 she married Gary Rush and gave birth to Ron, Tammy (Nielsen), Laurie (Fernandes), and Richie. It was 1971 when things got downright

exciting. She married the love of her life Jerry Richter who brought 6 kids into the fold, and we were suddenly “The Brady Bunch”. The other “Brady’s” included Dory (Thompson), Dana (Aufdermauer), Doug, Denise Richter, David, and Dixie (McNeal). It’s hard to imagine raising a family with 10 kids, but mom and Jerry did it. And did it very well. Their kids (“yours, mine, and ours”) were the central focus of their lives. Mom was a loving person that was deeply connected to her church where family and faith meant everything to her. If you wanted to know what was going on “in the family” you would go to mom. If you had a problem you needed to talk about, you would go to mom. She was always there. She knew the number of hairs on each of her 10 kids heads and was very tuned in to their lives. She never gave up on her kids. Even during their biggest life challenges she had faith in

them. It was this faith and love that helped all of her kids land on their feet and succeed as they got older.

Mom’s and Jerry’s “Brady Bunch” begat thirty grandkids. These grandkids in turn begat forty-four great grandkids, with a great grandkid and great-great grandkid on the way when she went to heaven. Mom was preceded in death by grandkids Tavia McNeal (Dixie) and JC Thompson (Dory).

Mom started working at Children’s Services Division in 1971 and retired from there in 1999. “Max” as she was called by co-workers and friends had a deep passion for the welfare of kids which was not surprising given that she was our mom and was helping to raise 10 kids of her own.

Upon retiring from Children’s Services Division, with all of her kids grown up and starting their own families, it was now time for her and Jerry to focus on fun during their retirement

years. They loved to travel and go on vacations across country. Mom particularly loved winning money at Chinook Winds Casino, which she seemed to do regularly. She would keep her winnings in a secret place for emergencies and other things. She was an avid reader that could finish a book in one day. She also loved to keep in contact with her large extended family in Arkansas, who often came to visit. She and Jerry would also often babysit the grandkids and great grandkids. For many years she was involved with the Senior Citizens club as their bookkeeper.

There is a quote from an unknown source about moms. It says, “Being a mama can be tough, but always remember in the eyes of your children, no one did it better than you”. That was our mom.

A Celebration of Life service will be held on Saturday November 6 at the Tillamook Christian Center at 1 PM.

My name is Little Bit and I was found all alone in the woods. I'm a curious little guy. I like to explore. I'm a pretty independent boy and am happy entering myself, but I make friends fast. My foster mom even says I get along with well behaved dogs. I think they are other kitty friends and their tails are such fun. My absolute favorite thing though is snuggling up with my human. Laps, next to legs, curled up on necks.... all places I love to take long afternoon naps.
