COVID-19 cases increase in Tillamook County

Hilary Dorsey
Staff Writer

Tillamook County Health Department reported Friday, April 2, 37 new confirmed COVID-19 cases for March 26 – April 1, with 34 of those being positive and three presumptive. The health department is monitoring over 50 cases.

Administrator Marlene Putman said during a community update April 2 that a person from Tillamook County is currently hospitalized outside of the area.

“We’re keeping an eye on that Warning Week data,” Putman said. “Earlier this week reported that the

county was nearing the High Risk category. Looking at those positive cases for the period of March 21 through April 1, we have 57 cases.”

The county is at risk of moving to High Risk with the 57 cases but data for Friday, April 2, and Saturday, April 3, will determine the risk level, Putman added. The announcement of the risk level will be available Tuesday, April 6, and effective Friday, April 9.

“Please keep using precautions,” Putman said. “Wear a mask and keep 6 feet of distance when gathering with people outside of your household; limit those gatherings to no more than eight people.”

To schedule a no-cost COVID-19

test, call the health center’s COVID-19 line at 503-842-3900.

Adventist Health Tillamook President Eric Swanson said across Oregon, 155 people are hospitalized with COVID-19. In Region 1 – which includes Tillamook, Clatsop, Clackamas, Columbia, Multnomah and Washington counties – have 64 adult ICU beds available.

“We have plenty of PPE,” Swanson said.

Emergency Preparedness Coordinator Ed Colson said weekly vaccine distribution was 745 primary doses, 425 booster doses. A total of 7,620 Tillamook County residents have received one dose of the vaccine and 3,629 residents are fully vaccinated.

“These data totals are as of March 30 due to an issue on Alert, which is the state’s vaccine reporting site,” Colson said. “The data wasn’t accessible at this time for yesterday.”

Vaccine partners are keeping a close eye on appointments and continue to hold vaccine clinics weekly, Colson added. Many users of the new online scheduling tool have reported how easy the tool is.

“You must currently be eligible to book an appointment,” Colson said. “A part of the registration does ask this question.”

If you are unable to utilize the online scheduling tool, call the health center’s vaccine line at 503-842-3914. People are able to sched-

ule vaccines up to three weeks out.

Phase 1B, Group 7 will be eligible for the vaccine Monday, April 5. This includes frontline workers as defined by CDC. Frontline workers include a long list of people, including those who work in food service, grocery stores and retail stores, colleges, U.S. Postal Service, and more.

For a complete list of what is defined as a frontline worker, visit <https://tillamookchc.org/coronavirus/vaccines/>

The online scheduling tool can be found on the website above by clicking the GetMyVaccine button.

An Easter egg hunt took place Saturday, April 3, at Hadley Park sponsored by Living Water Fellowship. There were around 6,000 eggs used for the event. A helicopter dropped some of the eggs on the field. There were raffle prizes for both kids and adults and free coffee and hot cocoa provided by Dutch Bros. Photos by Hilary Dorsey

Happy Hunting ...

Board and District

ELECTION DAY

Special Election May 18, 2021

Tillamook County Transportation District Director, position 3

Jackie Edwards
74 years old

Occupation: Having worked since age fifteen, I have had many working positions over the years. In my post-college years I worked for Dun and Bradstreet in their Los Angeles office. Later I worked as a buyer for Bergen-Brunswig Medical-

Surgical. I then worked for TRW aerospace corporation in Pricing, and later was an officer of a bank in San Fernando, CA. Over the years I also had a home editing/transcription business in which I served the colleges and law offices in the area.

After I moved to the Pacific Northwest, I was employed as a facilitator in the prison system focusing on life skills and moral development. Later, after moving to Tillamook County, I worked for the Headlight-Herald as a reporter for several years, reporting on South County and Tillamook County Government. I have a wide financial background and an understanding of people and their concerns in all walks of life.

Education: I attended Oklahoma College for Woman in Chickasha, OK; Antioch University in Marina del Rey, CA; Harbor College in Wilmington, CA and Valley College in Van Nuys, CA. While working in aerospace I took

many seminars in Contract Administration and Pricing.

Family: My family consists of my son, Mana, Jr. and daughter, Kari, with their three children, Trent, Farah and Lauryan.

Why are you running for Tillamook County Transportation District, Position 3?

The Transportation District Board offers an opportunity to assist citizens of Tillamook County at a very basic and necessary level. Transportation is vital to the survival of families always, but especially in a rural area where job locations are many times a great distance from home and medical appointments can be impossible to attend without adequate (and specially assisted) transportation. In the seven to eight years I have been involved with the District, I have seen services to our residents multiply, addressing needs that had not been previously met.

Linda Adler
62 years young

Occupation: Currently, I am the Property Manager at the Tillamook Port Storage and have a long work history in facility management, so I understand operations and budgets. Before Covid 19 I worked at Marie Mills Center, a work program for the developmentally disabled in Tillamook. I understand how important public transit is for people who are unable or can't afford to drive a car.

Education: I studied Social work at Portland State University, and computer

software at Wilbur Wright College in Chicago.

Family: I grew up in the rural town of Lafayette Oregon and attended school in McMinnville. I graduated high school in a tiny town called Stanfield in Eastern Oregon. My extended family lives in South County; one of my cousins teaches special needs kids at Nestucca High School

Why are you running for Tillamook County Transportation District Director, position 3? I am currently the only board member and the only candidate that lives in South County. The board tends to focus on services to the central part of the county, partly as a result of the imbalance in representation on the board. Outside of the City of Tillamook, South County has the highest year round population, the lowest median income and the most people who are “transit dependent”. South County ONLY has 4 Wave bus runs a day while all the other routes run at least 6,

with many more (needed) trips within the City of Tillamook.

What experience/skills do you have that makes you the best candidate? I held a real estate license in Chicago for 30 years, and during that time managed high-rise buildings. I developed and oversaw budgets up to 5 million dollars.

What is the district’s biggest challenge and how will you overcome it? Running a transportation District is a balancing act. There are many urgent issues that arise, plus yearly and long range needs and funding to address. All transit systems, especially rural systems in low density areas, are heavily supported by federal funding; directing that funding to where it is most needed is one of the responsibilities of the board. Most recently the Transportation District has been dealing with COVID: we had to retrofit the busses

See EDWARDS, Page A8

See ADLER, Page 8

SPECIAL DISTRICT ELECTION COVERAGE

Tillamook County Transportation District Director, position 5

Chris Kell, age 73

Occupation: Retired
Education: High School diploma, some college

Family: Husband, Jud Kell; two (2) grown children, Elaine Kell Carty, Sisters, OR; Darin Kell, Roseburg, OR; Local grandchildren, Justin Aufdermauer and wife, Cami (Schild Aufdermauer); 2 great grandchildren

Why are you running for Tillamook County Transportation District Director, position 5?

I have been a supporter of TCTD since its inception. As the Office Manager for a large church, I was well aware of the difficulty of our elderly and veterans to get transportation to doctor's appointments;

locally and in Portland. As a fledgling agency it was not without its challenges. I won a spot on the district board in 2005 and served 2 terms. Together with other committed board members we managed to smooth out the road for a fairly smooth ride. Now that I am retired, I have even more time to give in helping the district work with local agencies, riders and the public to provide as many of the identified, priority services possible at a reasonable cost. The district is fortunate to have a manager who is fiscally responsible and has built strong ties with agencies and folks in our community.

What experience/skills do you have that makes you the best candidate?

I have served two terms on the TCTD board. I regularly attend board meetings, serve on the Budget Committee and am Chairman of the Transportation Advisory Committee.

I am especially pleased with the results of the Transportation Advisory Committee's work. The committee worked with a consulting agency, and of the 209 responses to a questionnaire only 5 responses came back from out of county. I feel

good about local participation. Members of this committee include Nick Torres, Veteran's Services; Erin Skar, C.A.R.E.; Ron Rush, Marie Mills Center; Stacie Zuercher, Northwest Senior and Disability Services; Jeff Hazen, neighboring Sunset Empire Transportation District; and other locals: Carol Andrews, Robin Taylor and myself.

In addition to my TCTD experiences, I was a co-founder, manager and eventually small business vendor with the Tillamook Farmers Market. I am also an active member of the Tillamook Kiwanis Club, serving as their treasurer.

What is the district's biggest challenge and how will you overcome it?

A solid, functioning board is the greatest way of advancing the mission of any special district.

I see some board members consistently treat other board members, some staff, and even guests in a biased and disrespectful way instead of keeping the district's best interests in mind over their personal agendas.

I am not advocating for total agreement! One board member is an extreme, fiscal conservative. The healthiest boards have members who can forcefully argue their position, respectfully disagree, and then come together on a solution. He fits that bill.

I would join other board members in "publishing" board meetings live on Facebook and/or the local government access channel. Currently, unless a citizen does a public records request, they are limited to taking our word for any problems. Total transparency, would point out any unprofessional conduct by ANY board member, and allow for a more informed voter base.

Mary B. Johnson, 33

Occupation: Legal Assistant

Education: Graduated from San Francisco State University with a Bachelor of Arts degree in 2010

Family: My partner and I, along with our pets, reside in Rockaway Beach.

Why are you running for Tillamook County Transportation District, position 5?

As a person who relied entirely on public transportation for over ten years, I understand how important transit is to meeting the transportation needs of a community. I will work to enhance our transit system so that all our residents can access employment, education, shopping, medical services and recreation within Tillamook County,

as well as have access to the Willamette Valley and other coastal communities. Also, I believe public transit use by visitors to our county should be encouraged. Traveling by public transit provides an opportunity to explore our beautiful county in a safe and relaxing way. Visitors' use of public transit can have a positive impact on the reduction of traffic congestion and improved air quality. Facilitating and encouraging use of our interconnected services by travelers from other areas will benefit our communities both economically and environmentally.

What experience/skills do you have that makes you the best candidate?

My transit use has provided me with experience in what works and what does not work in public transportation, having relied solely on interconnected public transportation systems while in college and as I worked and traveled nationally and internationally. I work as a legal assistant in a private law firm. Having worked in the legal field for many years, I believe my experience in careful listening, viewing issues from different perspectives and researching solutions to difficult problems will enable me to be a dynamic and effective

board member. I will bring a fresh voice to the Tillamook County Transportation District Board and will work to creatively provide and enhance services.

What is the district's biggest challenge and how will you overcome it?

I have been listening to Tillamook County bus riders and their stories to learn what issues directly affect their ability to ride the Wave and use Dial-a-Ride. I have also listened to people in our county who do not use those services to learn why they do not. I found that frequent transit access to ALL communities in our county is a big challenge, as well as ensuring timely connections to transit services in our neighboring counties. I have begun reaching out to people in our community and in neighboring counties who have worked to address these issues to learn options that have been considered, and what options have been tried for resolution. I intend to continue the dialogue by being accessible to community members, to continue to explore innovative ways to approach the challenges, and to work collegially with the other District board members to implement positive changes.

Damian Laviolette
age 47

Occupation: Tillamook County, Director, Information Services – Co-Owner/Operator Jetty Fishery Marina

Education: • Northern Virginia Community College,

NKN School District Director Zone 4

Associate Degree, General Studies

• George Fox, bachelor's degree, Management & Organizational Leadership,

• Western Governors University Master of Science Information Security and Assurance

Family: • Damian Laviolette (NKN Grad 1991)
• Teah Laviolette (NKN Grad 1992)

• Sabrina Laviolette 8th Grade NKN Middle School

• Robert Laviolette Nehalem Elementary School

• Caleb Laviolette Nehalem Elementary School

• Numerous other relatives to include two brothers, sister, and nephew who also graduated from NKN

Why are you running for Neah-Kah-Nie School District Director, zone 4? Two primary reasons:

• One - an opportunity to explore technology, cyber, and trade educational opportunities within the school district, areas of demand in the workforce of today and the future.

• Two - an opportunity to represent the parents and students within district in

particular my zone and make their needs/voice represented within the board team as collaboratively as possible

What experience/skills do you have that makes you the best candidate?

I know what it means to have attended school within this district from Kindergarten through to High School Graduation. Then to have left the local area, state, and country to learn and experience what life is like elsewhere.

Finally to return to this district with children of our own and a clearer understanding of the value and opportunities this school district and area represents for them. Throughout my journey to date I have learned valuable life lessons, matured through valuable work experience, sought, and obtained higher education, worked with, and managed diverse teams from all over the world at all levels. Combining history, experience, and education with a strong track record of financial/budgetary management skills as well as Neah-Kah-Nie School District Budget Committee experience, I believe I stand as a very strong candidate,

with significant skin in the game.

What is the school district's biggest challenge and how will you overcome it?

Most would likely say funding or new challenges around cultural shift. I would say it's risk/time management. Understanding how to quantify the top risks facing parents, students, teaching staff, administrators, and school board members with the limited time available is critical. The ability to then act to manage/mitigate risks, be it new gym floors, medical treatment in the school, or shifting educational programs becomes manageable. If the risks facing our district can't be quantified against each other, the district might find itself spending its limited time and resources on an area of lesser risk, while greater risk areas/activities are ignored. A functional documented risk management framework including operational and enterprise risk is a must.

Utilizing twenty plus years of professional risk management skills, education, and life lessons. I would work to enhance any existing risk management practices, add quantification, documentation, and present them for transparency sake to the families of the school district.

Potfest '21 slated April 17-20 in Wheeler

Willow Bill a colorful charter, cancer survivor, benevolent sort and resident of Wheeler is hosting the first Potfest on his property in Wheeler April 17-20. According to Bill, the entire festival is a celebration, idea and method sharing experience for those who are fighting or have beat cancer. And anyone who wants to support the effort or learn about the horrible disease.

Slated for the event is a Elvis Presley contest with prizes awarded on April 17. the contest will also be broadcasted out of Carson City's A to Zen.

On April 18 there will be a Willow Disc Golf Tournament with prizes so sharpen up your throwing skills. On April 19 there will be a Willow's & Wine event on 4-20 Bill has a presentation on beating cancer with many nontraditional methods, and one that helped him win the battle. There will be time to share your story, ideas and treatments along with celebrations of success and fellowship. Willow Bill lives across from the post office in Wheeler where the events are scheduled to take place. All events are from 10 a.m. to 6 p.m. each day except on Tuesday April 20 events are from 10 a.m. to 4:20 p.m.

SPECIAL DISTRICT ELECTION COVERAGE

NKN School District Director Zone 4

Mike Wantland
56 years old

Occupation: I have spent most my working life in, Coaching College and HS Baseball and, or the food, beverage and entertainment industry.

Education: I graduated Wilson HS 82' and Portland State University 88' with a BS Speech Communication.

Family: Born and raised in Portland, Or. By my parents Earl and Edna Wantland. I have 2 older brothers and

an older sister. I have 3 adult children. 1 grandchild and another coming in July.

My mom was born in Rockaway Beach in 1934. My moms side of the family had been in Tillamook County well before that. Rockaway Beach was the only beach I ever knew growing up. 5 years ago, I made it my home.

Why are you running for Neah-Kah-Nie School District Director, zone 4?

I'm running, because I was asked to. It was a reasonable request and after considering it I said yes. I consider myself someone that advocates for Kids and providing opportunities for them.

What experience/skills do you have that makes you the best candidate?

I have no idea if I'm the best for this position. That is for others to decide. What I do know is I have no problem advocating for every kid. I believe I'm an effective leader, as well as, a

dedicated team player. I will approach each challenge with Kindness, Compassion and Honesty. My words will be matched with action and my actions will have accountability. I will demand accountability, to the kids, from those I will be working with.

What is the district's biggest challenge and how will you overcome it?

I think if you asked 10 people what the biggest challenge for this school district is, you'd get at least 3or4 answers. There are always challenges, but it's those obstacles that truly define us. To sit here and pick apart the school district would be futile and not necessary. But introducing new direction is important and cant be looked at as intimidating. If there is one challenge I might foresee, is convincing others, that I dont have an agenda. This is not some ego driven stepping stone. The students voice has to be heard and our actions have to back that up.

IMAGINE: What if, only the truth was spoken?

COUNTRY LIVING!
Four bedrooms, bonus room, large kitchen and dining room, master suite and bathroom and a tiny house for guests. Small animals welcome here, small pastures and out-buildings plus fruit trees, berries and garden spot. The back patio and front porch are covered.

Tillamook County Emergency Comm. Dist. 911 Position 3

Chris Kruebbe
age:52 on April 15, 2021

Occupation: LCSW (Licensed Clinical Social Worker), CADC I (Certified Alcohol and Drug Counselor)

Education: Bachelors of Science, Minor in Information Systems, Major in Information Technology from Tulane University College, 2002. Master of Social Work, Dual Clinical and Community Organizing Tracks, Tulane University Graduate School of Social Work, 2006.

Family: My family is in New Orleans, I have two brothers, one older, one younger, two sisters-in-law, five nephews, 30 year old son and my 84 year-old mom. I have a 3 year old service dog named "Quinn."

Why are you running for Tillamook County Emergency Communications District 911 Director,

position 3?

We need improved communications protocols to discern the difference between 911 calls for law enforcement, mental health, substance abuse, EMS, and/or firefighters. Mental Health Counselors and Substance Abuse Counselors dispatched through local 911 can help reduce the unnecessary involvement of deputies, officers, firefighters, or EMS. I propose a name change for the board to "Tillamook County Emergency Communications District 911/988" when the new 988 number is implemented nationwide. Through the National Council for Behavioral Health, 911 dispatch operators can be trained in Mental Health First Aid®, which would help in the dispatch of trained mental health professionals who can assist in matters that are not law enforcement related. I

also propose that 911 dispatchers become trained as Certified Alcohol and Drug Counselors so that trained CADC counselors can be dispatched for matters that do not involve law enforcement where necessary. A 6-Month Experiment replacing Denver Police with Mental Health Teams has been a recognized success.

What experience/skills do you have that makes you the best candidate?

- Bay City Volunteer Firefighter/First Responder, 5 years
- Nehalem Emergency Volunteer Corps CERT Team, 7 years
- Red Cross Volunteer, Post Hurricanes Katrina/Rita, Lafayette, Louisiana, 2005
- Volunteers of America, Post Hurricanes Katrina/Rita,

Damian Laviolette District #56, Director Zone 4

I am excited to announce my decision to run for the Neah-Kah-Nie (NKN) School District #56 Director Zone 4 position. I hope to bring a diverse background of work and life experience to the School Board. I attended Kindergarten in Rockaway Beach (back when it was just Rockaway), Nehalem Lower and Upper Elementary School, and Graduated from Neah-Kah-Nie in 1991. I reviewed State (ORS 332.124 - 332.126), County, and District Board criteria and qualify to run for this position.

I have many great memories from my twelve years spent in the NKN school district. Its small-town rural nature allowed for many experiences not available elsewhere. I was able, as a scrawny 6-foot tall 135-pound high schooler, to participate in the school's football, wrestling, and baseball programs. Mentor/hang out with younger students at outdoor school and participate on several high school quiz bowl teams. I had the fortunate opportunity to learn lifelong skills and lasting memories from school district staff, such as Nap time with Mrs. Gillis, discipline from Principal Jacobsen (yes that paddle had holes in it), story time from Mrs. Grimes, Spanish from Mrs. Daniels (she made our amazing wedding cake), Algebra from the legendary Mr. Duke, and Marine Biology from a "Rockstar" in her profession Mrs. Ginger. There are so many other amazing memories of friends, events, and teachers it's impossible to give them all their do in this limited space.

I was fortunate to enlist in the United States Army in 1992 along with my wife Teah (also a Neah-Kah-Nie alumni). During an active duty career that spanned 20 years, beginning in the enlisted ranks, and ending as a Warrant Officer, I learned to appreciate the hard work and stick-to-it mentality my parents had so diligently worked to pass on. After numerous deployments, duty stations ranging from Panama to Washington DC, and nine different colleges, I was finally able to earn a Master of Science degree, grasping the true value of higher education. After retiring from active duty with a fantastic technology and cyber security skillset I entered the private sector and world of banking. I was again fortunate to end my 8-year stint in banking with a five-year run as a C-level executive in one the United States larger financial institutions. A dream opportunity to operate the family business (which has been a community staple for 43 years and counting) brought my small family unit home. Teah and I who started down the road to children later in life couldn't resist a chance to bring our children to the school district and the unique/amazing opportunities that so shaped our lives. Today I work full time as the Director, Information Services for the County, and co-operate the family business with my wife, our three children, amazing manager Josh Rebello (Class of 2011), and strong staff, many of whom are also NKN alumni.

Teah and I have faced and overcome significant adversities and challenges in our 28 years of marriage to include numerous deployments and relocations, Teah's battle against cancer and subsequent medical treatments. The Loss of my father and her mother to unforeseen tragedies and the COVID-19 pandemic that we've all been affected by and are still trying to survive and thrive through.

When combined my family background, education, career experiences, and Teah and I's life journey to date have positioned me as a strong candidate for the NKN School Board. I have seen and experienced life elsewhere firsthand, not only in the United States but in other nations far less fortunate than ours. I have managed large diverse teams and groups of individuals while serving the nation and working in the private sector. I have skillsets, training, advanced education, and certification in organizational management, technology, cybersecurity, risk management, and regulatory compliance. I have successfully implemented, monitored, and operated budgets (capital and expense) exceeding 50 million dollars. Over the past twelve months I have served on the NKN School Budget Committee. Working for the County I have come to understand some of the districts funding sources and many of the challenges facing them.

Our children are currently enrolled in the School District today, Sabrina in 8th Grade, Robert in 3rd Grade, and Caleb in Kindergarten. We have a vested interest in our children's education and the long-term future of the school district. I am committed to ensuring every student has access to the districts existing educational opportunities. I look forward to rolling up my sleeves and committing the time necessary to work with other board members, school staff, and fellow parents. Exploring future technology and trade options for our children is a must do and something I would look to make a priority. Our children could and should be equipped as early as possible for the high demand career fields of today and the future. Collaboration is critical and listening to the parents not only in my zone, but across the district will be a key factor in continuing the School Districts long track record of success.

Please consider me favorably when completing your ballots for the May 18th Election for District #56, Director Zone 4.

H63271

SPECIAL DISTRICT ELECTION COVERAGE

Tillamook County Emergency Comm. Dist. 911 Position 3

Matt Kelly,
Age: 50

Occupation: I have worked for Tillamook County Sheriff's Office for 20 years. I currently hold the position of Undersheriff and supervise all divisions of the Sheriff's Office.

Education: I graduated from Neah-Kah-Nie High School in 1988 and enlisted in the US Air Force in 1989. I've held and hold various certifications including 911 Telecommunicator certification, Emergency Medical dispatcher certification, and

Basic, Intermediate and Advanced police certifications.

Family: I and most of my family have roots in Tillamook County. My mother, sister and several members of my extended family all reside locally. My partner of several years, Ahnie Seaholm and I reside together in central Tillamook County.

Why are you running for Tillamook County Emergency Communications Director, position 3?

As a former 911 dispatcher, firefighter and current law enforcement officer the 911 system is extremely important to me and holds a special place in my heart. I want to maintain the quality of service that 911 has been and continues to provide to the citizens, visitors, and first responders of Tillamook County. 911 dispatchers are the first "First Responders". They are the voices on the other end of the line in your time of need. I will do everything I can to ensure Tillamook 911 provides outstanding assistance and service to Tillamook County.

What experience/skills do you have that makes you the best candidate?

After completing an eight-year enlistment in the United States Air Force, I came home to Tillamook County. I was hired by Tillamook County 911 as a 911 dispatcher in 1997. Since that time, my life has been devoted to public safety. I was a 911 dispatcher for two years then hired as a police officer for Tillamook City Police. In 2001 I was hired by Tillamook County Sheriff's Office where I served as a Patrol Deputy, Detective, Detective Sergeant, Lieutenant, and now Undersheriff. Also, during that time, I was a volunteer firefighter for Netarts/Oceanside Fire Rescue. Because of my 24 years of experience in public safety, I can see problems and solutions from several different perspectives. I understand the challenges that 911 dispatchers face and what their essential roles are in public safety.

What is the district's biggest challenge and how will

you overcome it?

The biggest challenges for the Tillamook County Emergency Communication District are hiring and retaining staff as well as keeping up with changes in technology. Hiring in public safety is very challenging. I want to ensure that Tillamook 911 hires and retains the best people to be dispatchers. It is important to ensure the women and men that choose a career as a 911 dispatcher can take 911 emergency calls, give lifesaving emergency medical instructions, and notify the correct public safety responders. I want to make sure that 911 dispatchers realize they are an essential part of the first responder family. I feel it is important to continue to evaluate compensation and working conditions so that we can hire and retain great people all while providing a positive working environment. I will work with the District to identify current technologies while being mindful to balance costs and needs.

FENCEPOSTS

What a relief! Spring break in Cape Meares was back to normal. Unlike last year, when hordes descended upon us just before the state went into quarantine, this year had only the usual number of revelers. We liked seeing our full-timers, part-timers, and a few extra tourists enjoying the seashore, despite the somewhat rainy start to the week.

On a personal note, it was like old times here in the Steen household. Our son, his wife and their two children, ages 3 years and 15 months, visited the first half of spring break. Our youngest daughter

and her two girls, ages 15 and 12, visited the second half of the week, with friends joining them for a day. We were up in the forest, on the beach, playing board games, shopping in town at Salty Raven and the Blue Heron, eating salmon, and making sundaes with Tillamook ice cream. It's amazing how freeing COVID vaccinations can be!

Unfortunately, spring break also brought out the opportunists. Someone stole a black 2000 Ford Ranger right out of the Drafa's driveway, while they were home! Fortunately, the vehicle was found

later that same day in Coos Bay. Still, it was a hassle for the truck owner, who was without his vehicle for a while and had to pay \$445 to get it out of impound. A suspicious character had been recorded on a neighbor's video camera; the police followed up on that lead and found that it was indeed the man who had stolen the vehicle. Perhaps it would be a good idea for more of us to install security cameras.

While on the topic of crime, a gentle reminder that the speed limit in Cape Meares is 25 mph. We may have visitors who aren't keenly aware of that, but those of us who live here could do a better job—yours truly included! It's easy to get distracted by our pretty little village and forget to check the speedometer.

A gentleman called the other day with an idea about how to permanently stop development on Bayocean Spit. He said that Cape Look-

out has a sign on 8th Street denoting Netarts Spit as a part of the National Wildlife Refuge system established in the 1960s under John F. Kennedy; therefore, no building is allowed on that spit. He wonders why Bayocean Spit can't have a similar designation. Someone reading this column might know how to further his idea.

Speaking of the spit, just a reminder that we are in the midst of the annual snowy plover nesting period, which runs from March 15 to September 15. A section of Bayocean Spit is roped off, indicating the sensitive nesting area. Please do not walk on the dry sand in this area; walk only on the wet sand. No bikes of any kind or dogs (even leashed) are allowed from the start of the marked snowy plover area to the jetty, as either might scare these small shorebirds. Please do your part to protect this threatened species.

On days I work in Tillamook, I'm occasionally hungry on the drive into town. One morning last week, Hebo Market was out of the breakfast sandwich that I usually buy to eat on my way to work. I dropped by Yellow Dog, the coffee cart located just north of the intersection of U.S. Highway 101 and State Route 22. They offer breakfast sandwiches on bagels or croissants. I ordered ham and cheese which came with at least an inch of stacked ham slices, a layer of yellow cheese and a slab of scrambled eggs on a croissant for \$5. It was prepared in a jiffy and perfect for a work day breakfast.

Speaking of edible indulgences, Krispy Kreme donut franchises are offering a free glazed donut each time a fully vaccinated customer presents their immunization card in 2021, according to a post on Facebook. I hope a reader will report back to me to verify that this hearsay is correct.

Thanks to Cathy Griffin for sharing the 2021 "Dirty Dozen" and "Clean

15" with fencepost readers. The lists are of foods that contain the most and the least (respectively) of pesticide residue (which is toxic). The worst offenders, in order, are strawberries, spinach, kale/collard/mustard greens, nectarines, apples, grapes, cherries, peaches, pears, bell/hot peppers, tomatoes and celery. Organic versions of this produce are the best investment in our health. If not available, we can wash them thoroughly with water and or treat them with products sold for the purpose.

The clean fifteen include (in order) avocados, sweet corn, pineapples, onions, papayas, frozen peas, eggplant, asparagus, broccoli, cabbage, kiwis,

cauliflower, mushrooms, honeydew and cantaloupe. We need not purchase these foods from the organic section. They're considered safe.

Remember that we can hear the latest and greatest from the Coastal Caucus, our County Commissioners, our Legislators and the Governor's office each Friday morning on the radio. Join the Tillamook Community Call every at 8:00 a.m. by telephone (971-254-3149, Conference ID: 703 023 979#) or tune in to KTLI Radio, at 95.9 fm. Reports are also given there on the latest Covid/Vaccine information from Adventist Health, Tillamook Community Health Center and Rinehart Clinic. And there are updates from the Sheriff and Emergency Management departments of County government.

Don't forget that the Library Thrift Store, located across from Grateful Bread Bakery on Brooten Road in Pacific City, is open for business. The hours recently changed to 11 a.m. through 4 p.m. Thursday, Friday and Saturday. Sellable donations are accepted during open hours, subject to visual inspection. Proceeds from the well organized and reasonably priced venture benefit South Tillamook County Library's building and grounds.

Happy birthday this week to: Roger Bentley, Bill Blum, Lori Byrd, Garrett Delano, Mahonie Fry, Heidi Haltiner, Blasé Ihnat, Darcy Jones, Donna Jones, Julie Kellow, Marie Krueger, Keith Marshall, Jojo Richardson, Leith Seymour, Julie Simmitt, Lucas Slavens, Tanner Slavens, Aaron Smith, Jasson Swirtz, Emma Thurman, Emmalea Trent, Chelsea Wallace, David Wheeler and Jeanne Wheeler.

OPINION

LETTERS TO THE EDITOR

I support Andrea Goss

I have known Andrea Goss for several years and she has always acted with high ethical and integrity standards. If chosen, Andrea will serve the Tillamook School Board very well.

Sincerely,
Elisabet Wilkerson
Tillamook

Thank you Senator Anderson

Dear Senator Anderson, Thank you for being present in the Oregon State Senate for the vote on SR 554 (prohibition of concealed handguns in Oregon public buildings). While we may not always share your opinion on issues, we applaud you for doing what your constituents elected you to do. You did the responsible thing by honoring your oath and participating in our state's established governmental process. Please continue to represent us by being in attendance for all legislative decisions.

Kim and Mark Cavatorta

Response the Krostikin column

I am writing in regard to the March 2 Guest Column by Robin Kostrikin. The gist of this rant, as I understand it, is that the scientific, clinical, and public health community, and especially Dr. Anthony Fauci are part of a diabolical scheme to foist unproven and unsafe vaccines on the American people. Additionally, they are suppressing the availability of safe, effective, proven, and inexpensive treatments. I counted 23 statements of "facts" made. These statements are either flat-out untrue, irrelevant, or taken so far out of context as to be misleading/meaningless. I obviously cannot address all of these statements in 500 words, but I will address a few of the most critical in the current covid-19 context:

1. Ivermectin is not a "miracle" cure, at least not for covid-19. It is very efficacious as an anti-parasitic drug (not versus any known virus

infection). There is a tenuous scientific rationale for it in covid-19, but it is unproven. The clinical data on this drug in covid-19 is weak at best. <https://www.covid19treatmentguidelines.nih.gov/antiviral-therapy/ivermectin/>. The maker of Ivermectin (Merck) has put out a statement that there is "no evidence for efficacy in covid-19."

2. Hydroxychloroquine (referred to as HCQ in the column), although originally touted as a "miracle" drug, has been proven in multiple controlled, scientifically credible studies to be ineffective vs covid-19 at any stage of the disease.

3. Kary Mullis developed in 1983 the polymerase chain reaction (PCR) test, for which he was awarded the Nobel Prize in 1993. I do not know when he was supposed to have said "it was not to be used for clinical diagnosis". That may have been an appropriate statement at some early date in the development and validation of this technique. It is certainly an incorrect statement in 2020, and has

CHAMBER CHATTER

#ShopTillamook Challenge launches this week!

Justin Aufdermauer
Executive Director

Did you know you can purchase high-quality farm and garden supplies, homemade bath bombs, hand-painted vintage furniture and mouthwatering smoked meats all right here in Tillamook County?

Sometimes it feels easy to forget how fortunate we are to have so many amazing local retailers in our community. More than saving a long drive into Portland, these local shops power our economy, support beloved community events and our children's sports leagues, and care about our hometown just as much as we do.

So we're launching the #ShopTillamook campaign to remind everyone about all of our great retailers and show our local shops how much we appreciate them!

#ShopTillamook is an idea gleaned off the success of our past events promoting local businesses. Think #TillamookTakeout meets Shop Small Sweepstakes. In many ways, #ShopTillamook combines those two events to show off all the great retail options available in our community – and give you a rea-

son to buy that special shirt or fancy new tool you've been eyeing for a while. After all, it pays to shop when every purchase makes you eligible to win one of 80, \$50 gift cards!

The rules are simple: Every time you purchase an item from a locally owned retailer between April 4 and May 31, snap a photo and post it on Facebook or Instagram using #ShopTillamook. Each post automatically enters you to win gift cards to local stores. There is no limit to how many times you can enter, so the more you shop, the more likely you are to win!

Each week we will randomly select 10 winners to receive a gift card to a local business. We'll also share videos of several local businesses to give you an oppor-

tunity to scope out your next purchase and learn a little bit more about retailers throughout the county. Between our videos and your pictures, we will flood social media with hundreds of reasons to visit local shops. Let's encourage each other to buy locally!

Shopping locally helps our community thrive. It supports your neighbors, your friends, and your family. It keeps our community vibrant and unique. And it shows local business owners – the same ones who support FFA, youth sports and local nonprofits – that we appreciate all they do for our community! They took a risk to open a business and provide you with great products and services just down the street. Participating in the #ShopTillamook campaign is a great way to say thank you.

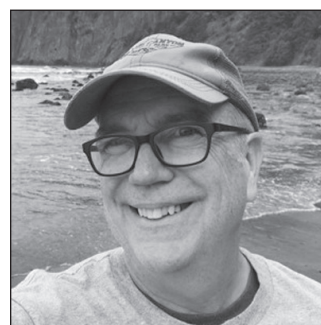

The Tillamook community showed up for our local restaurants big-time with #TillamookTakeout, and we hope you'll all do the same for #ShopTillamook. What better way to do that than to treat yourself to a new shirt, a nice piece of furniture or a new gadget. And, of course, enter yourself for the opportunity to win a gift card!

TALES FROM THE LIBRARY

Bill Landau
Extension Librarian
Tillamook County Library

What have you done in your life that brought both terror and excitement? For me, driving the 28-foot bookmobile takes me WAY out of my comfort zone...but I actually kind of like the adrenaline rush! This column will give you a behind-the-scenes look at what it is like to drive an entire library through the major, minor, and barely-there roads of Tillamook County.

Let's talk about the perilous parts of the job first. The bookmobile is built as a school bus, but instead of rows of seats, we have bookshelves installed. One of the most often-asked questions we hear is, "How do you get all the books to stay on the shelf when you are driving down the road?" The answer is...sometimes we don't! The shelves are actually angled back a bit so this normally keeps them on the shelf. But ask anyone who has ever driven the bus what happens when you hit a big pothole or accidentally go over a curb.

It is like a game of 52 card pickup with books scattered all over the floor of the bookmobile!

The next peril involves something we do a lot of... backing up! In fact, not only do we have to back the bookmobile into the library garage every night, but we also must back into many narrow driveways at some of our rural stops. As Peter Pan said, it takes a lot of "faith, trust...and a little bit of pixie dust" for me to do this without making a fool of myself. With rain-covered sideview mirrors and a distorted fish-eye lens on the backup camera, the best advice is to take it slow and do not overcorrect on the steering wheel. I have left plenty of tracks on the road that make it look like a sidewinding snake had driven the bus!

The only thing that makes me sweat more than backing up in the bookmobile is backing up while turning tight corners and dodging structures at Camp Tillamook Youth Transitional Facility. This was always the ultimate test for a bookmobile driver

when we used to provide library service there. I always made sure I had my good luck charm with me on those days!

Another thrill that never gets old is when you hit a pothole so big that it bottoms out the bus, making the most horrible cringe-inducing noise you can imagine! This must be something the manufacturer assumes will happen because there is a "strike plate" under the vehicle to protect important internal components. My usual spot to bottom out was on Slab Creek Road in South County, where the leafy trees created a sun-dappled effect on the road, camouflaging the potholes. Thank goodness, Slab Creek was resurfaced not long ago!

One more anxiety-causing moment was when the self-dumping canopy on the side of the bookmobile would inexplicably choose the wrong moment to bail gallons of rainwater on an unsuspecting victim. At school stops, we left more than one student totally drenched when the mechanism let loose with a waterfall at just the wrong time. Maybe it is a good thing the canopy lost a battle with a telephone pole one day and was suddenly and permanently removed from the bus!

It looks like we only got through the perilous parts of driving the bookmobile. Be sure to tune in next week when we cover the many joys of driving the big blue bus!

Letters: continued from above.

been for many years, as there are many clinical tests using PCR, especially in infectious disease.

4. She infers in that same sentence that Mullis said "Dr. Fauci was a fraud." I am very skeptical that Mullis ever said such a thing. Certainly it was not said in the context of Fauci's work on covid-19, as Mullis died in August, 2019

5. I do not know the people cited by her as "well-respected sources" on covid-19, but American Frontline Doctors is certainly not a well-respected source.

6.-23. Etc. However, I must agree with the concluding statement made by Ms. Kostrikin. She advises, "Trust, but verify."

FENCEPOSTS

BAY CITY
JODY DAILY
503-931-9721
jodydesign@hotmail.com

Greetings Bay City! I have bad news; Bill Landau has retired as Library Manager for Tillamook County. But the good news is that Bill and his wife Peggy are not moving away and will continue to work parttime for the library. The very first thing I always read in the Headlight Herald is Bill's "Tales from the Library" column and commentary. The many duties he was responsible for included supervising the bookmobile, the courier service, and the branch libraries. His talents go beyond his

library responsibilities. He is, and I quote, "The guy behind the ukelele classes and the book cart drill team", and is also the very famous "Captain Book", and may I add, a very gifted writer. Tillamook County has been very fortunate to have such a dedicated person managing our library services. Thanks Bill.

On Saturday, April 3rd, The Bay City Arts Center partnered with Mana's Kitchen to present a special live stream concert featuring gusy-folk style singer-songwriter Amanda Stanaway and renowned guitarist and frequent collaborator, Stan Cassell. The performance focused on Ms. Stanaway's original music and included some surprise arrangements by the two talented performers. In addition to being the founder/owner of Mana's Kitchen in Bay City, Ms. Stanaway is a musician and concert and events promoter

with a resume of national performances, including a mid-west tour with Peter Yarrow of the famous folk group "Peter, Paul and Mary". If you missed this 90 minute performance you can find it at YouTube Concert Link: https://youtube/_12uhMIBJrE. This was the second in the BCAC's 2021 Live Stream Concert Series, and the first to be produced by Arts Center volunteers. The concert was also broadcast live on the Arts Center's radio station, KAYN, 92.9 FM.

Tillamook County is in the moderate risk category for Covid-19 through April 8th. At that time the State will decide if they need to move Tillamook County up or down on the scale; so please wear your mask in public and stay 6 feet apart. Let's bite the bullet and get on top of this. We have been blessed to have local businesses who are not only our neighbors,

but our friends. I want them to be able to stay open and thrive.

During 2020 I watched as the Methodist Church delivered food to those in need, sewed countless masks, and collected warm hats and gloves for CARE, all while nurturing, not only their own congregation, but their members were nurturing their neighbors. I watched the Bay City Arts Center create music venues, art classes, workshops, and teach our children in unbelievably creative ways, showing us what dedicated volunteerism really looks like. I watched from front and center as your City Council sought out grants and other moneys to keep our businesses afloat and encouraged the citizens to buy gift cards and certificates now and use later. Fire Chief Darrell Griffith and Public Works Director Roy Markee made the December porch parade

happen. In every emergency we faced, the City crews rose to the challenge. I watched people like Pat Vining and Greg Sweeney put up Christmas lights, clean the post office, and volunteer countless hours to other organizations because they saw a need. These are just a few of the fantastic people who met the challenges of 2020 head on, stepped up to the plate, and made life better for the rest of us.

Thanks for reading the Fencepost, and I'll see you next week.

P.S.

Dear Readers,
As you may know, I write the Bay City Fencepost column that appears every week in the Headlight Herald. The newspaper comes out every Tuesday. I have to write and submit it on Thursday for it to appear in the newspaper the following week. Feedback tells me that the readership

for the Bay City column is increasing, so it provides a good opportunity for us to highlight the best of Bay City and keep the public informed, and engaged in what is happening in our town. I would like to include news about upcoming events and what the non-profit organizations, clubs, businesses, and citizens of Bay City are doing. I try to highlight why you should love and appreciate Bay City, and give a sense of its history, and the people who helped shape what it is today, and those who are helping shape it for tomorrow. To do this, I need your help. Please keep me informed...and the earlier the better so we can get the dates for events out in time. You can reach me by email (jodydesign@hotmail.com) or by calling or texting (503)931-9721.

Thank you so much,
Jody Daily

Memorial for The Reverend Jerry Jefferies

There will be a private memorial service for the family of Pastor Jerry Jefferies on Saturday, April 10, 2021.

After the service, between 1:00 PM and 3:00 PM, those who would like to be invited to view the items of remembrance that will be on display. Location is at St. Peter Lutheran Church, 401 Madrona Avenue in Tillamook. Covid-19 precautions are to be observed. Entrance to the building will be metered to allow for appropriate spacing of people in the building. Anyone entering the building will be required to bring and wear their one protective, nose and mouth covering, face mask. We do not have masks available to hand out. Participants will enter at the front door, on the corner of 4th Av. and Madrona St., and exit through the back door of the church. Also, please bring your own pen or pencil; you will be asked to sign in with name and phone number. If there is a Covid-19 outbreak traced to this event, we will need a way to notify you.

H63308

tillamookheadlightherald.com

I just got my Johnson and Johnson Covid vaccine. So far so good, but boy, I am looking forward to traveling again. Hopefully the side effects will be minimal. Dale gets his tomorrow...

Yes! April birthdays! I want to give a birthday greeting for all that have birthdays this month. But I have some names of a few lucky folks that celebrate this month. Here goes! Happy birthday to Nancy Albro, Cliff Konruff, Carla McGillivray, Cheryl Meyer, Fred Brackner, Nancy Geesey, Sue Hennessy, Debee Moody, Brian Reynolds, Joey Kammerer and me!

The Solve Beach Cleanup is coming up on April 17th, and as always, the Lions Club will be organizing the Rockaway Beach cleanup again. You know, the Lions Club is always there when our community needs assistance, and this is no different.

ROCKAWAY BEACH
SUGAR BROSIUS
503-653-1449
sugarsugarusa@netscape.net

The cleanup is from 10 AM - 1 PM. The volunteer limit is 100 and you need to sign up online. To sign up go to <https://www.solveoregon.org/opportunity/a0CI0000QFF-0TUA5>. (Whew, I hope I typed that right.) Good luck folks! And R Sanitary and Tillamook County are kindly donating their time, hauling and disposal services again. Thanks guys.

Sadly, the International Police Museum is no longer

in Rockaway, but it is just a hop, skip and a jump away in Nehalem. It is now located inside the Wheeler Treasures Antique Mall at 395 Nehalem Ave in Wheeler. The new mailing address is PO Box 67, Wheeler, Oregon 97147. They will now be open seven days a week. The Wheeler staff will be sanitizing and cleaning, and will handle the gift shop. While we are on the subject, don't forget this awesome museum when you want to donate to someone. You can add the IPM to your Fred Meyer Rewards Program or you can donate your cans to the IPM's recycling program. The International Police Museum is a 501 (c) (3) non-profit corporation. Donations can be made at the Museum or at any US bank branch or even online at www.internationalpolice-museum.org. The entire staff at the Police Museum has no

paid staff and they rely totally on grants, volunteers and Board members for staffing and support. This is such a cool and worthwhile project. Be sure to stop by and support the International Police Museum.

Linda Bagwell brought up a great thing to remind folks about. Please be smart when you make a fire on the beach. If you are too close to the beach grass, all it could take is one spark to start a major fire. And for heaven's sake, please make sure the fire is out when you are finished. Thanks Linda!

I probably should have finished this column before my Covid vaccine. I feel a little feverish. Well, until next week....

"April, dressed in all its trim, hath put a spirit of youth in everything." That's Rockaway Beach. "Sugar Coated!"

THS Alumni Scholarship Fund has been helping students for decades

Joe Warren

jwarren@countrymedia.net

The Tillamook High School Alumni Scholarship Fund is embarking on it's third decade of helping students offset the cost of furthering their education past high school.

It all began in 1991 when 13 Alumni were visiting at a class reunion decided to set up a nonprofit and raise money for scholarships.

In 1992 the group gave out their first \$500 scholarship. Today that amount has

David Bailey, Melanie Baildey, Bob Miles, GTim Edvalson, Dana Trusty Edvalson, Jennifer Bailey Clemerlain, Bebbi Reeves, Brett Hurliman.

Photo by Joe Warren

grown to five \$3,000 scholarships to graduating seniors and one, \$3,000 scholarship, to a post graduate each year.

To honor the founding members, who none are alive today, having lost the last founding member, Jean Bailey, last September, planted a tribute tree, a pink flowering dogwood in the garden at the Tillamook PUD last week. Jean worked as a secretary for the PUD, so finding a spot in their flower garden seemed fitting.

"We wanted to honor all the founding members and do something to remember them by and remember their contribution to our students and our community," Debbi Reeves, president of the alumni scholarship board said while the tree was being planted. "The founding members wanted to help fellow Tillamook Hight School graduates and it's always been based on need."

To date, the fund has donated \$216,500 in scholarships since the first \$500 donation in 1992 and grown to \$18,000 given each year to five graduates and one post graduate student.

According to Reeves, the fund has never been endowed by a single enormous donation, and the board of

directors doesn't host fundraisers. Rather, the group relies on small donations from class reunions, memorials and individual bequests to fund the scholarships.

The scholarship fund was born from a decision Bailey and a group of friends made and the THS Alumni Scholarship was born.

The fund has grown over the years, today the board used the services of Brett Hurliman at Edward Jones and only spends the interest made on the account each year while adding in donations it receives throughout the year.

"When we make more we add a scholarship or up the amount given each year," Reeves said. "As you can see, we've come a long way since our first \$500 scholarship to what we are giving today." Any senior or past student ready to go back to school can apply.

According to Reeves, applications open up each year around the first of the first of the year and are due around April 1. This year students have until April 9 to apply. All the information on how to apply is available at the guidance office at THS or on the alumni scholarship fund's site.

Any Tillamook High

School Alumni who are interested in helping see this tradition grow or want to help out can donate or become a member of the committee.

"We are always looking for people who what to become a member," Reeves said. "We meet eight times per year to take care of our business."

For more information about the THS Alumni Scholarship Fund, go to www.ths-asf.yolasite.com. The website has the most current news.

The original Board of Directors was set at a maximum of 13 alumni and a minimum of 9 alumni per the Bylaws they are as follows:

- Jean (Trusty) Bailey
- Bob Berkey
- Dorothy (Cocanower) Berkey
- Mervin Borthick
- Patricia (Swett) Chaffee
- Velda (Williams) Dahl
- Alice (Bester) Holden
- Shirley (Stranahan) Jacobsen
- Mabel (Boyes) Koehler
- Leonard Kostur
- Joyce (Higgins) Lane
- Peter Sutton
- Margaret (Hallstrom) Winslow

OBITUARIES

Robert Allen Royster

July 19, 1955 - March 26, 2021

close family friends. This experience became a family tradition for many summers and something he continued to do with his own family as an adult. In 1989, he bought the Sportsman's Pub-n-Grub and made a life for his family in Pacific City.

He accomplished so much in his life. Always living life to the fullest in the true meaning of the Royster name: "To engage in noisy, revelry without restraint, to carouse..." Rob had a sharp mind and quick wit.

He visited many countries while working on Royal Vikings Cruise Lines in the early 80's. He would proudly tell you, the only continent he hasn't traveled to is Antarctica.

In June of 1981, Rob received a bachelor of science with a major in food biochemistry, from University of California, UC Davis. Hence, the amazing culinary he produced. Rob loved to cook.

Rob is survived by his wife Nicole, their daughter, Ryleigh, and children: Amy (husband Denver, Grandchildren: Ava, Azra, Aspen and Dean), Ashley (husband Justin), Charlie, Katylyn (husband Tanner). Along with extended family: 3 brothers, William (wife Diane, Nephews: Jim and Joe), Daniel (wife Marty, Nephews: Max, Sam, Jake and niece Kelly), Patrick Royster, and step mom Joanne Royster. He was preceded in death by his mother Barbara Haselow, his step father Ted Haselow and father Robert Royster in December of 2020.

Rob loved everyone that surrounded him; family, friends, and all of the customers and friends in the Sportsman's family. He was the proud owner of the Sportsman's Pub-n-Grub for 31 years. He felt very blessed being an active part of this community, and his charitable contributions were endless. He proudly served on many boards including the Dorymen's Association. One of his proudest moments was In 2018 Rob was awarded "Outstanding Community service" by the Nestucca Rural Fire Protection District. Then once again being awarded "Citizen of the Year" in 2019 by the Pacific City Chamber of Commerce. Rob loved being the Grand Marshall in the Dory Days parade which he enjoyed being a part of. Rob was always a joy to be around, full of wisdom, and made people laugh.

Rob was born in Vallejo, CA July 19, 1955. In the summer of 1970, his father, Robert Charles Royster, brought his family from California to Pacific City, Oregon to dory fish with

Monroe Edward 'Joe' Vice

Oct. 2, 1937 - March 3, 2021

Monroe Edward "Joe" Vice went home to be with the Lord on Wednesday, March 3, 2021, at the age of 83.

Joe's journey began October 2, 1937, when Virgil and Bertha Vice brought him into this world, on their farm in Snyder, Oklahoma.

In his early years, he helped on the farm and later worked at the Tillamook Cheese Factory. Joe found he enjoyed working with wood and went to work for O & W Plywood, Louisiana Pacific Mill (LP), and later became a local carpenter.

Joe served in the Army National Guard with Company M, 186th Infantry from December 19, 1955—December 18, 1958. During his service, he received a Rifle Marksman Badge and Perfect Attendance Award. He became a First Cook and discovered his flair for baking.

Joe married his first love, Pearl Elizabeth "Sugar" Carpenter on August 16, 1958 in Bay City, Oregon. They began their family two years later and had two children, Kelly and Kathy. Thirty-six years later the Lord called Sugar home on April 27, 1995.

Joe later married Mary-Ann Carpenter, of Detroit, Michigan, on May 4, 1996 in Tillamook. They enjoyed traveling and participating in Corvette shows. Their original Route 66 trip was a definite highlight.

Joe is known to his family and friends as "Pop." His friends knew he had a sweet tooth and was quite the baker himself. Most meals included a glass of sweet iced tea and ended with a bowl of vanilla ice cream topped with milk and Nestle Quick (homemade hand-cranked vanilla was his favorite).

Pop liked to watch a good old western, but when outside building or gardening, you would probably hear some toe-tapping gospel or country music in the background. Building was a big part of Joe's life. He could work with any type of materials laying around, and built everything from Leprechaun Traps with his grandkids for school, to beautiful homes for friends and family. He started his own business in 1981, and his son Kelly joined him in 1983. Pop was never able to finish high school, since he was needed on the family farm, but he was one sharp cookie when it came to numbers!

Joe now joins his parents Virgil and Bertha, brothers Bill, Jay, Henry, and first wife, Sugar, in heaven.

Pop leaves behind:

Ashley Samantha Neste

March 5, 1992 - March 12, 2021

God gained another Angel...Born in Tillamook March 5th, 1992 to Lloyd (Jamie) & Shannon. Passed away March 12th, 2021 at the age of 29.

Ashley was a graduate from the class of 2010 at Tillamook High. She leaves behind a hole in the hearts of all of those she touched. Ashley enjoyed riding her quad, camping, spending time with family and friends. Pulling pranks and scaring anyone she could was one of her favorites.

Ashley lit up a room with her smile, kind eyes and caring heart. She loved her Kayso (son), stars & EVERYTHING rainbows.

Leaving behind to continue life's journey until we meet again, is her eight year old son Kayson Lee Clark, significant other Dennis (Dj) Damm, her parents Jamie and Wendy Neste, Steve & Shannon Zuercher, Brother James and Tianna Neste, niece Miriam Louise, brother Kyle and sister Alexis Zuercher. Grandparents Gary and Linda Couture, grandmother's Virginia Clouse and Linda Nelsen. Many uncles, aunts & cousins.

Ashley gained her wings to join her beloved Great Grannie, & Great grandfather Patricia and Luke Jones and her Aunt Jenny, who she is chasing rainbows and unicorns with.

There will be a private family ash ceremony/celebration of life at a later date.

OBITUARY POLICY: The Headlight Herald has three options for submitting obituaries:

BASIC OBITUARY: Includes the person's name, age, town of residency, and information about funeral services – No Cost.

choose the length, the wording of the announcement, and if you want a small photo included – Cost is \$75 for the first 200 words, \$50 for each additional 200 words.

PREMIUM OBITUARY: Often used by families who wish to include several photos and a longer announcement, or who wish to run a thank-you list of names – Cost varies by length of announcement.

CUSTOM OBITUARY: You

Please provide a digital version of text and photographs by email, CD or USB Drive, if possible. All obituaries are placed on tillamookheadlightherald.com/obituaries at no cost

Sharon A. Epperly

May 19, 1943 - March 19, 2021

She loved southern gospel music and was a big fan of the Gaithers. She also loved classic country music as well as 50's rock and roll. She was a big fan of Elvis and has collected various memorabilia over the years.

Sharon entered into Heaven 3/19/21 at 2:58 p.m. She was preceded in death by her parents, Westley and Anne Jacobs, sister Donna Allen of Garibaldi, brother Ron Jacobs of Vancouver, sister Shirley Frampton of Rockaway, and niece Laura Lane of Bay City.

She is survived by her husband Dick Epperly of Vancouver WA, daughter Debbie Epperly of Vancouver WA, daughter Darlene Keener of Vancouver WA, and daughter Shay Davis of Scappoose OR, sister Linda Smith of Petersburg AK and brother Kenny Jacobs of Portland OR.

Also surviving her are 7 grandchildren: Shontae Dominguez of El Paso TX, Dalton Davis of Clarkston WA, Danielle Keener of Vancouver WA, Dakota Davis of Sterling ID, Dossion Davis of Longview WA, Rebecca Keener of Vancouver WA, and Mikey Keener of Vancouver WA. She also has 2 great-granddaughters Alex Davis of Clarkston WA and Rosalie Keener of Vancouver WA, and a great-grandson Alaiekis Davis of Longview WA, as well as several nieces and nephews, great-nieces and nephews and great-nieces and nephews.

She was an amazing wife, mother, grandmother and aunt and will be greatly missed.

A memorial service is planned for sometime this summer.

Sharon Ann Epperly was born on 5/19/43 in Butte, Montana, the 5th of 6 children of Westley Allen Jacobs and Anne Marie (Grandovic) Jacobs. Her family moved to Rockaway OR when she was very young. She attended Rockaway Grade School, Nehalem High School, and Seaside High School.

In June 1964 she married Clarence Richard "Dick" Epperly. They lived in Rockaway and had two daughters: Debbie in February 1965 and Darlene in 1968. They moved to Garibaldi OR in 1967, relocated to Portland OR in 1975, and to Vancouver WA in 1977. They were married for 56 years.

While living in Garibaldi, Sharon worked in the local motels cleaning rooms, and after moving to Vancouver she worked as a senior caregiver for various agencies.

She attended the Church of God of Prophecy in Tillamook, Vancouver and Camas Washington. She was a Sunday School teacher for many years.

Sharon loved animals, especially horses, baby goats, cats, dogs, and seals.

Lady Mooks drop heartbreaker to Banks in final match of the season

Mike Weber

For the Headlight Herald

The Tillamook High Cheesemakers girls soccer team had hoped to conclude the season with a win or tie in their final match. The Lady Cheesemakers nearly accomplished their goal too in a Class 4A Cowapa League match against the Banks Braves.

For 78 minutes of the 80 minute contest, Tillamook (1-7-1) played Banks (5-3) evenly and it appeared that the game would end in a scoreless tie, which would've certainly been very good results for the Cheesemakers. Unfortunately, Banks scored the game-winning goal with less than two minutes remaining for a 1-0 win at home over Tillamook Wednesday.

A much improved Mooks squad, guided by

coach Hannah Snow Roberts and assistant coach Jhoany Mendez, had numerous scoring opportunities that could've easily produced a win against Banks, which beat Tillamook 3-0 on March 11.

"There was lots of emotion for everyone today, since it was the last game for our seniors," said Mendez, a first year assistant coach. "We had some scoring chances in the last few minutes too, but there was some little mistakes we made that hurt us near the end of the game. Everyone ran hard and we pressured well offensively and I'm proud of our team."

The Cheesemakers had lots of momentum and they were inspired by the emotion of trying to play their best to honor seniors Daisy Valencia, Kim Gomez Mendez, Crystal Hernandez, Angelica

Valencia, Leslie Marquez and Marissa Velazquez Villa, who played the final game of their Tillamook High School career.

"We played pretty good, but they (Banks) just got lucky near the end of the game," said midfielder Angelica Valencia. "I was really hoping that we would either win or tie. To be honest, I felt like could've played a little better. It was one of the best games we played this year, but not our best game."

Angelica Valencia nearly put the Mooks in front when her shot in the 30th minute was right on target, but Banks junior goalkeeper Natalee Rizzo made a good save to prevent a Tillamook goal.

In the 35th minute, Tillamook freshman goalkeeper Jordan Aldrich (eight saves) made a spectacular save of a Banks 12-yard penalty shot.

Tillamook displayed a solid offensive attack, led by Angelica Valencia (three shots on goal) and Hernandez (two shots) and they nearly put the Mooks in front near the end of the first half as they booted good shots that were both saved by Rizzo.

"We played pretty hard in

Tillamook's Gabrielle Garcia passes the ball to teammate Leslie Marquez during a match against Banks Wednesday at Banks High School. Goalkeeper Gabrielle Garcia makes a save during the second half of Tillamook's soccer game Wednesday at Banks. Photo by Mike Weber

the first half, but I think we probably could've played better in the second half," said Hernandez. "That sure was a great save by Jordan on the penalty kick, which was really nice to see. I was hoping that we could've had a tie game. We could've done better this year, but overall I think we had lots of fun."

Tillamook's defense, led by defenders Daisy Valencia,

Jennifer Delatorre, Katherine Manderson and Velazquez Villa, played tough throughout the match while preventing the Braves from creating scoring opportunities and it remained a scoreless deadlock at halftime.

In the second half, Tillamook continued playing Banks evenly, with both squads getting six shots on goal. The Mooks had two of

their three total corner kicks in the second half too and they had scoring opportunities but they were just unable to convert them into goals.

Tillamook sophomore midfielder Gabriella Garcia (six saves) was in the net as goalkeeper in the second half and she made a number of outstanding acrobatic type of saves to help thwart the Braves offense.

Call for volunteers in North Oregon Coast to serve as trail ambassadors

This spring, Trailkeepers of Oregon, the Mt. Hood and Columbia River Gorge Regional Tourism Alliance, the U.S. Forest Service and Oregon State Parks are kicking off another season of the Trail Ambassador Program to equip Columbia River Gorge National Scenic Area and Mt. Hood visitors with information they need for a safe, informed and positive experience when hiking in the region. The Trail Ambassador 2021 season will kick-off on April 24 and Trailkeepers of Oregon is currently seeking volunteers.

Volunteer Trail Ambassadors will be placed at some of the busiest trailheads in the Mt. Hood National Forest, the Columbia River Gorge National Scenic Area and trails on the North Oregon Coast. Volunteers will have the opportunity to table at trailheads and hike the trails on weekends during peak season. Volunteers will engage with the public to answer hiking and recreation related questions, promote responsible hiker ethics like "Leave No Trace," and steer people to useful resources like OregonHikers.org and ReadySetGorge.com.

Arica Sears, the deputy director for the Oregon Coast Visitors Association, has been integral to bringing the Ambassador program to the coast.

Sears notes, "The Trail and Beach Ambassadors provided an invaluable asset to the visitor experience last year by sharing localized messages and opportunities to visitors. This program supported coastal destinations during a time when businesses and agencies had reduced hours and capacity to communicate with visitors and will be a helpful part of Oregon's reopening process this summer."

Volunteers can look forward to volunteering at multiple trails in the Gorge as well.

"We are excited to continue our partnership with TKO's Trail Ambassadors. Despite significant challenges over the past year, their unwavering commitment to building, restoring and maintaining hiking trails has been remarkable," said Christy Cheyne, forest supervisor. "Trail Ambassadors will continue to be pivotal in the Columbia River Gorge National Scenic Area."

"Last year, Trail Ambassadors of TKO helped both rangers and visitors to state parks by sharing info about trail conditions and Leave No Trace practices. Efforts like these help keep people safer, and help keep the trails in better shape, too. We appreciate the efforts of all of the Volunteers as we navigated the changes brought by 2020's COVID-19 pandemic. We look forward to working with this year's volunteers," said Oregon State Parks Ranger Miranda Mendoza.

Program organizers are looking for friendly, professional, outgoing individuals who enjoy informing and helping others and possess knowledge of Gorge, Mt. Hood and coastal trails. Volunteers are required to take an online training before signing up to volunteer. Volunteers who complete 24 hours of volunteer service earn a Northwest Forest Pass.

For Trail Ambassador Program details and how to sign up to volunteer, go to trailkeepersforegon.org/trailambassadors

Kruebbe

Continued from Page 1

Lafayette, Louisiana, 2005

- Mental Health Professional with 15 years of experience as a Case Manager, Counselor, Community Organization, and Behavioral Health Professional.

- Certified Addictions and Drug Certified Counselor
- Member of the Medical Addictions Treatment Team focused on the Opioid Crisis

with a grant funded/awarded by the U.S. Department of Health and Human Services Administration.

What is the district's biggest challenge and how will you work to overcome it?

Homeless emergencies, mental health emergencies, drug and alcohol emergencies, and domestic violence are the biggest challenges we face as a community. While all other emergencies are handled well by law enforcement, these situations need specialized attention so that we treat citizens with dignity,

respect, and understanding.

To learn more about my plan for the district, please visit Kruebbe.weebly.com. Thank you for your support and together, let's improve upon our Communications District and make it a model for the rest of the state as Eugene has done with the CAHOOTS (Crisis Assistance Helping Out On The Streets) program. Tillamook County Citizens deserve public safety programs that bring hope and promise while maintaining its effort to protect and serve.

Adler

Continued from Page 1

and re-write safety rules to keep staff and ridership safe.

Recruiting, training and retaining good staff is always a challenge. When I began my term on the board, the District eliminated the Human Resource position, and shifted HR responsibilities

to Tabitha Welch, Finance Supervisor. Our most recent audit reported that the finance department should have more than 1 person to reduce the margin for error, balancing a 12 million dollar budget has its own challenges. The District needs an effective, dedicated HR staff to focus on employee retention - and maintain record keeping.

My role on the board is to speak up for low income residents, the disabled, and

students who rely on transit to get to work, medical, school and recreation. It was reported, pre Covid 19 at the March 19th 2020 meeting that South County ridership was up by 20%, everything has dropped over the past year.

We are blessed to live in such a wonderful place. As a board member, I will work to improve transportation services and options for our community as well as our visitors.

Edwards

Continued from Page 1

The District and its leadership give this very necessary service to all residents and I want to offer the skills I have to continue and to expand these services to the entire county. We are fortunate to have people who care at the District who are in key positions. I want to continue to be a part of this compassionate organization.

What experience/skills do you have that make you the best candidate?

My professional background above highlights my varied background in financing - from purchasing, to auditing, to allocation-of-funds/budgeting to cost sections. This background included continuous education with

constant upgrading of skills in Contract Administration.

What is not mentioned above is my volunteer work which brought me close to individuals who need our services. I volunteered at battered women's shelters (Hermosa Beach, CA and Redondo Beach, CA), and a teen runaway shelter (Redondo Beach, CA). This also involved working a suicide hotline. I saw the world from the perspective of individuals struggling to survive. While my skills are "work skills," they are also "people skills." Tillamook County is a caring county and I want to continue to be a part of it by serving the Transportation District. My abilities and experience are a good fit with the needs of the District and our community.

What is the District's biggest challenge and how will you overcome it?

The District is actually running very well. It is fiscally sound and is looking to the future with respect to upgrading vehicles for improved air quality, improving technology so people can access schedules and other services online, and identifying through surveys which transit investments should be made to make sure local residents have access to reliable transit services to get to medical appointments and jobs. So, most things are "covered."

The above said, there is a concern for the need to be competitive in our pay scale and affordable health care for drivers, maintenance technicians and dispatchers, and then to have affordable housing for those workers. The District will continue working with communities and community and county governments to address these needs for our employees.

TILLAMOOK COUNTY WELLNESS

How a map brought a community together

Samantha Goodwin
Northwest Youth Corps
GIS Intern

In Tillamook County, OR, the problem isn't finding a place to enjoy the outdoors but rather that there are too many places to choose from. With hundreds of beach access points, dozens of parks and day use areas, over 40 boat launches, and over 200 miles of trails, how do you find the right park or the right trail for you?

Most people look for recreation information on the internet. However, in Tillamook County, it's usually not that simple to find what you're looking for. Multiple land management agencies, each with their own website and map, offer different types of recreation in different places. Anyone looking for a trail to hike must check 4 or 5 different websites to get a good idea of what is available. Trying to dig up all the facts on parking, entry fees, and restrooms could make anyone feel like they need a degree in investigative journalism. Even finding the local park in your own town can be difficult without a knowledgeable neighbor to share local information.

In fact, this is a problem for more than just visitors and locals. It's also a problem for the towns, the county, and even the state and federal land management agencies. The Access to Physical Activity Committee (APAC) was formed as part of Tillamook County Wellness to focus on bringing the benefits of movement and physical health to more people. The committee brought together a wide variety of community, industry, and agency partners to try to understand and overcome the challenges that people in Tillamook County face when they are trying to be more physically active.

APAC recognized three major problems with lack of information in Tillamook County:

1. Recreation information was scattered and separated by type, land owner, and availability. Each agency or organization had separate websites and

separate maps. Trying to find a trail required searching through multiple sites.

2. Recreation information was incomplete and not available online. Local resources had never been added to websites. Details such as parking, restrooms, and pet-friendliness were not included in descriptions of parks and trails.

3. Recreation information is outdated and incorrect. Without regular updates, information on many websites was not always current.

Tillamook County needed a comprehensive, interactive map that would show all of the recreation and trail resources in the entire county; including every agency, landowner, and land manager. The map would be an all-inclusive experience that would give visitors and locals all of the information they needed with a simple click; restrooms, parking, pet-friendliness, fees, amenities, and more. This map would have the most accurate and up-to-date information about the recreation opportunities available in Tillamook County.

In the fall of 2019, TCW, together with Visit Tillamook Coast, The Northwest Youth Corps (NYC), and the USFS Siuslaw National Forest had put together the funding and the cooperative network necessary to hire an intern specifically to work on their ambitious mapping project for 6 months. In January of 2020, the Access to Physical Activity Committee welcomed me as their new intern to the project. I began

work on the project right away and together we planned to finish it in a year, an ambitious but achievable goal.

The working theme of the map project was "More information is always better," and it made sense to apply that to the data collection process. I had to consider what kind of information would be needed to make this map useful to outdoor enthusiasts as well as to agency land managers. What questions would people be asking when they looked to this new map for answers?

Some things were easy to guess such as noting which recreation sites had a restroom, how much parking was available, and whether dogs were allowed. However, we decided to gather even more information about each site and to include high-quality pictures to help people know what to expect. In the end, the list of attributes to include in the data collection was long and encompassed every type of recreation we could imagine. Attributes included categories such as Status (open, closed, unknown, etc.), Features (ocean view, old growth forest, sand dunes, etc.), Facilities (picnic table, fire ring, bench, etc.), Activities (camping, hiking, beach access, etc.) and many more.

In the spring of 2020, I began identifying all of the recreation sites and trails located in Tillamook County. I would need to personally visit each one to gather data for the map project. Using the data I'd received from several

agencies back at the beginning of 2020 as a baseline, I added new trails, new recreation sites, and new information to the map. It was exciting to see the visual representation of how our knowledge about Tillamook County was increasing.

The map had so much potential to help the county improve its recreation and trails projects and to improve access to outdoor recreation for everyone that APAC decided to advocate for a new full-time position to keep the momentum going: Outdoor Recreation Community Coordinator. This would create a dedicated position to manage and update the map, maintain and increase communication and coordination between the partners, and work towards creating a balanced and fully-realized recreation network in Tillamook County that would provide improved access to everyone.

The future of the Community Coordinator role is still under consideration, but APAC is confident that it will go forward. The map will be fully transformed into its new web format and publicly available by early summer of 2021, just in time for everyone to get outdoors and enjoy the sunshine on the beautiful Oregon Coast in Tillamook County.

The new map will be featured on the Tillamookcoast.com website soon. In the meantime, you can discover great places to get active on the Tillamook County Wellness website under the Move Well tab (<https://tillamookcounty-wellness.org/move-well/great-places-to-get-moving/>)

And for more details and photos, check out the full story written by Samantha Goodwin, "Tillamook; Outdoors (A Summary): How A Map Brought A Community Together" at <https://storymaps.arcgis.com/stories/b2a628d-36b6641999f8cd547cc8b754>

Public Notices

trust deed reinstated by payment to the beneficiary of the entire amount then due (if applicable) and curing any other default complained of in the Notice of Default by tendering the performance required under the obligation or trust deed, at any time prior to the sale date. For Sale Information Call: 916-939-0772 or Login to: www.nationwideposting.com In construing this notice, the masculine gender includes the feminine and the neuter, the singular includes plural, the word "grantor" includes any successor in interest to the grantor as well as any other persons owing an obligation, the performance of which is secured by said trust deed, the words "trustee" and "beneficiary" include their respective successors in interest, if any. Pursuant to Oregon Law, this sale will not be deemed final until the Trustee's deed has been issued by QUALITY LOAN SERVICE CORPORATION OF WASHINGTON. If there are any irregularities are discovered within 10 days of the date of this sale, that the trustee will rescind the sale, return the buyer's money and take further action as necessary. If the sale is set aside for any reason, including if the Trustee is unable to convey title, the Purchaser at the sale shall be entitled only to a return of the monies paid to the Trustee. This shall be the Purchaser's sole and exclusive remedy. The purchaser shall have no further recourse against the Trustor, the Trustee, the Beneficiary, the Beneficiary's Agent, or the Beneficiary's Attorney. If you have previously been discharged through bankruptcy, you may have been released of personal liability for this loan in which case this letter is intended to exercise the note holders right's against the real property only. As required by law, you are hereby notified that a negative credit report reflecting on your credit record may be submitted to a credit report agency if you fail to fulfill the terms of your credit obligations. Without limiting the trustee's disclaimer of representations or warranties, Oregon law requires the trustee to state in this notice that some residential property sold at a trustee's sale may have been used in manufacturing methamphetamines, the chemical components of which are known to be toxic. Prospective purchasers of residential property should be aware of this potential danger before deciding to place a bid for this property at the trustee's sale. READ THESE PAPERS CAREFULLY
You must "appear" in this case or the other side will win automatically. To "appear" you must file with the court a legal paper called a "motion" or "answer". The "motion" or "answer" must be given to the court clerk or administrator within 30 days (or 60 days for Defendant United States or State of Oregon Department of Revenue) along with the required filing fee. It must be in proper form and have proof of service on the plaintiff's attorney or, if the plaintiff does not have an attorney, proof of service on the plaintiff.
If you have questions, you should see an attorney immediately. If you need help in finding an attorney, you may contact the Oregon State Bar's Lawyer Referral Service online at www.oregonstatebar.org or by calling (503) 684-3763 (in the Portland metropolitan area) or toll-free elsewhere in Oregon at (800) 452-7636.
NOTICE TO ANY VETERAN OF THE ARMED FORCES
If you are a veteran of the armed forces, assistance may be available from a county veterans' service officer or community action agency. Contact information for a local county veterans' service officer and community action agency may be obtained by calling a 2-1-1 information service.

STICKELERS by Terry Stickels

Below are four squeezer puzzles. Can you find the correct word to be placed in the middle of each to create two new words, one front-end, one back-end? Here's an example of how it works:

ever **GREEN** horn

1) boon _____ hand
2) clearing _____ clean
3) snow _____ wood
4) round _____ plant

Conceptis Hitori

Each puzzle consists of a square grid with numbers appearing in all squares. The object is to shade squares so:

- No number appears in a row or column more than once.
- Shaded (black) squares do not touch each other vertically or horizontally.
- When completed, all un-shaded (white) squares create a single continuous area.
