KIPTOWN Pirate Treasure!

The U.S. is believed to be home to many hidden treasure troves, just waiting to be discovered! Gangsters from the early 20th century are said to have hidden fortunes in places like the Catskill Mountains. The outlaw Jesse James is thought to have stashed his ill-gotten gains in the Wichita Mountains ... and, of course, buried pirate treasure is the stuff of legend! The infamous Captain Kidd is said to have buried his treasure on the site where the Statue of Liberty now stands!

After it sank off the coast of Cape Cod in 1717, a ship named the Whydah Gally lay undisturbed for 267 years. In 1984, a team of divers discovered the wreck ... and found treasure worth millions of dollars!

Look through today's paper and see if you can find any maps.
