

# **Road Master Position Available**

## **Primary Function:**

The Road Master is responsible for the planning, supervision, and hands-on management of township roads, bridges, rights-of-way and related public infrastructure in accordance with Pennsylvania law and township policies.

This position plays a critical role in ensuring safe, efficient, and cost-effective operation of the township's road system. The Road Master will also ensure the effective operation of Township equipment and road work employees (laborers). Reports directly to the Board of Supervisors.

Pay rate is \$25.00 per hour and position is part-time. DGLVR certification is required or willingness to obtain this certificate is necessary.
