Let's Put Our Paws Together

This week's rescue group:

to support the local rescue groups in Tioga & Potter Counties

Our mission is simple: To turn compassion into action!

This is a lifesaving mission for dogs and cats in our community and is possible through the following actions:

- Adopting healthy animals into loving homes
- Promoting the human-animal bond through outreach, education, & advocacy
- Spaying and neutering to end the suffering of overpopulation and improve public health

Meet **HAVOC**

Havoc's story begins with heartbreak—but it doesn't end there. This beautiful Border Collie mix came to a Tennessee shelter under unimaginable circumstances. She had been dumped just before giving birth to what they believed was her very first litter. Frightened, confused, and trying her best to survive, Havoc gave birth to three puppies on her own. Tragically, one of them didn't make it. When she arrived at the shelter in Tennessee, she was severely malnourished and scared to death. She couldn't possibly understand why she had been abandoned at her most vulnerable moment. But once she realized she was safe, the confusion in her eyes slowly gave way to trust. Now in Pennsylvania for a fresh start and a second chance at love, Havoc is blossoming into the wonderful dog we always knew she was. She's on the shy side at first, taking a little time to feel comfortable—but once she opens up, she is incredibly sweet, gentle, and affectionate. She forms strong bonds and has so much love to give. Havoc is dog-social and would likely enjoy a canine companion, especially one who can help continue building her confidence. True to her Border Collie roots, she's intelligent and observant, taking in the world around her with thoughtful curiosity. Havoc has already survived so much. Now she's just looking for a family who will show her that she'll never be left behind again. If you're ready to give a deserving girl the happy ending she's been waiting for, Havoc is ready to meet you.

Meet **MILRED**

Mildred is a charming black-and-white beauty with a heart as soft as her fur. With her lovely tuxedo markings and bright, curious eyes, she carries herself with quiet grace. But what truly makes Mildred special is her love for gentle pets. A soft hand and a calm voice are all it takes to have her melting into contented purrs. She adores slow chin scratches, tender strokes along her back, and peaceful moments curled up beside someone she trusts. Mildred isn't one for chaos - she thrives in calm spaces where affection is given sweetly and patiently. If you're looking for a loving companion who will reward your kindness with soft nudges and soothing purrs, Mildred is ready to be your gentle, devoted little shadow.

Winter Wellness: Has your pet had his/her preventive care exam (wellness exam) yet? Cold weather may worsen some medical conditions such as arthritis. Your pet should be examined by a veterinarian at least once a year, and it's as good a time as any to get him/her checked out to make sure (s)he is ready and as healthy as possible for cold weather.
