Meet **BURT**

Once Burt gets to know you, you've got a friend for life. He's a loving and loyal companion who is a fast learner and aims to please. He loves to play fetch! He adores other dogs, and is looking for a cat-free home. Burt is a 2-year-old lab/shepherd/hound mix (we think) to and is neutered, microchipped and up to date on vaccines.

Meet **EMMA**

Emma is pure sweetness, even with some typical husky mouthiness! She adores people, who she greets with kisses, hugs and snuggles. In a foster home, Emma showed us she'd prefer to be the only dog in a home. She seems playful with cats at the shelter! Emma is about 2 years old and is spayed, microchipped and up to date on vaccines.

Meet **DIESEL**

Chill, snuggly, happy, go-with-the-flow describes Diesel to a T. He's a handsome, hefty boy who is always smiling, awaiting the next person to shower him with attention. He seems just fine with other cats and unbothered by dogs. Diesel is about 2 years old and is neutered, microchipped and up to date on vaccines.

Meet **CHESSIE**

Chessie is the self-appointed greeter of her colony room, because she's a true people-cat. If you're looking for a velcro BFF who won't leave your side, Chessie is your gal. She's "meh" about other cats and would probably be fine with chill dogs. Chessie is 1-2 years old and is spayed, microchipped and up to date on vaccines.

*Winter Wellness:* Has your pet had his/her preventive care exam (wellness exam) yet? Cold weather may worsen some medical conditions such as arthritis. Your pet should be examined by a veterinarian at least once a year, and it's as good a time as any to get him/her checked out to make sure (s)he is ready and as healthy as possible for cold weather.
