

HEALTH CARE SERVICES CLOSE TO HOME

UPMC
LIFE CHANGING MEDICINE

At UPMC Wellsboro, you'll find care close to home, including primary care, orthopaedic care, heart and vascular services, ear, nose, and throat, foot and ankle, pain medicine, and general surgery. Patients also have convenient access to lab and imaging services, a sleep center, and many other specialties designed to support their health and well-being.

UPMC Wellsboro Signature Services

UPMC MAGEE-WOMENS

Our women's health experts are here to care for women of all ages.

- Care for health conditions such as endometriosis, ovarian cysts, chronic pelvic pain, and overactive bladder.
- Minimally invasive gynecologic procedures and screenings, including a recently installed 3D Mammography Unit.
- Midlife health services for perimenopause and menopause.
- Labor and delivery services at The Birthplace at UPMC Wellsboro with a focus on family-centered care.
- Guidance and specialized care for infertility, prenatal care, and continued support for mom and newborn.

UPMC HILLMAN CANCER CENTER

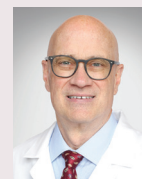

World-class cancer care is accessible close to home in Wellsboro through UPMC Hillman Cancer Center. Specializing in medical oncology, treatments offered include chemotherapy, immunotherapy, and hormone therapy. Additional support services such as financial and insurance counseling, nutrition, social work, support groups, and scalp cooling services are also available.

All patients receiving care at our facilities also have access to more than 400 active clinical trials.

UPMC Hillman Cancer Center combines expertise and resources of a nationally ranked center with the personal care of a community-based center.

Dr. William Flood, along with an experienced advanced practice provider, leads the team of cancer care experts in Wellsboro.

OUR PROVIDER:
