Meet **PIXIE**

Pixie is a magical little fairy wishing for a home. She's about 9 months old and came in with her sister, Trixie, after they were found outside by kind people. These calico girls would love a home together or at least with another young cat, and they'd be just fine with nice dogs, too. Pixie is spayed, microchipped and up to date on vaccines.

Meet **TRIXIE**

Trixie is just a baby doll hoping for someone to snuggle with. She's about 9 months old and came in with her sister, Pixie, after they were found outside by kind people. These calico girls would love a home together or at least with another young cat, and they'd be just fine with nice dogs, too. Trixie is spayed, microchipped and up to date on vaccines.

Meet **BURT**

Once Burt gets to know you, you've got a friend for life. He's a loving and loyal companion who is a fast learner and loves to play fetch! He loves other dogs, and is ok with cats once he gets used to them. Burt is a 2-year-old lab/shepherd/hound mix (we think) to and is neutered, microchipped and up to date on vaccines.

Meet **EMMA**

Emma is pure sweetness, even with some typical husky mouthiness! She adores people, who she greets with kisses, hugs and snuggles. In a foster home, Emma showed us she'd prefer to be the only dog. She seems playful with cats at the shelter! Emma is about 2 years old and is spayed, microchipped and up to date on vaccines.

*Winter Wellness:* Has your pet had his/her preventive care exam (wellness exam) yet? Cold weather may worsen some medical conditions such as arthritis. Your pet should be examined by a veterinarian at least once a year, and it's as good a time as any to get him/her checked out to make sure (s)he is ready and as healthy as possible for cold weather.
