Network Systems Specialist

C&T Enterprises is seeking an experienced IT professional to join our team as a Network Systems Specialist, with opportunities for advancement.

Position will be based at one of our Northern Tier office locations (Mansfield, Wellsboro, Wysox or Sayre) and will require frequent travel between our facilities in northern and central PA. Successful candidate will manage and provide high-level complex support for company’s entire network infrastructure; maintain up-to-date knowledge applicable to current information technology environment; and ensure performance and availability of systems, network infrastructure and security infrastructure is maintained to highest standard with maximum levels of productivity and efficiency.

Bachelor’s degree in computer information systems or technology, as well as network certification, preferred. In lieu of degree, 3 years of progressively responsible, directly related experience is acceptable. Candidate must be a self-starter with strong written, verbal, and interpersonal communication skills.

C&T Enterprises, a subsidiary of Claverack Rural Electric Cooperative, Wysox, Pa., and Tri-County Rural Electric Cooperative, Mansfield, Pa., serves more than 60,000 electric and natural gas consumers across northern and central Pennsylvania, and employs approximately 200 people.

C&T offers an excellent compensation, benefits and pension package. Qualified applicants should send resume, recent salary history and professional references, by Tuesday, July 5, to: Justin DeVine, Manager of Information Technology and Cybersecurity, Valley Energy, P.O. Box 340, 523 S. Keystone Ave., Sayre, PA 18840 or e-mail JustinD@ctenterprises.org.
