

# Press Forward Pennsylvania Wilds

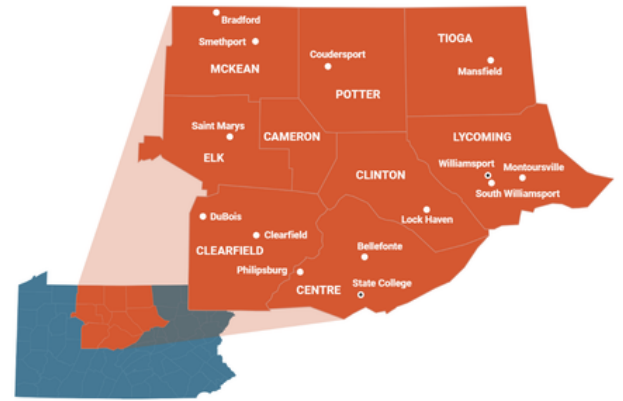

# Survey

Press Forward Pennsylvania Wilds is a local chapter of the national Press Forward effort to reverse the decline of local news.

In spring 2026, we're researching how people in the nine counties of the PA Wilds region find out what's happening locally – and how local news could serve you better.

What we learn from your responses to this brief online survey will drive our strategy for supporting local news and community information here in the PA Wilds.

The survey is anonymous. If you'd like to reach out to learn more about this project, email Press Forward PA Wilds director Joy Vincent-Killian at [joy@centrefoundation.org](mailto:joy@centrefoundation.org)

If you live in one of these Pennsylvania counties, we want to hear from you!
