Ferns, Gladiolus, Grasses,
Peonies, Plax, Ranunculus,
Seed Mats, Strawberries,
Wildflowers, Various
Specialty Bulbs & MORE

Meet **BIVENS**

Meet Bivens — a green-eyed sweetheart who came to us as a stray with a severe mouth injury. After surgery and lots of care, he's healed beautifully and is now a goofy, playful, energetic 10-month-old ready for his forever home. Bivens loves people, enjoys tolerant dogs, and would do best with patient cats while he works on his social skills. Neutered, vaccinated, and microchipped, his adoption fee is waived for the right home. Interested in giving Bivens the love he deserves?

Meet **RUBBLE**

Rubble is described by his foster family as the sensitive sweet boy of the litter. He enjoys cuddles and time spent snuggling in your lap. He's been raised with kids, dogs, and other cats. Oh, and don't forget Rubble is neutered, vaccinated, and microchipped! We aren't asking an adoption fee for Rubble! His vetting cost about \$150, and we appreciate as much as his adopters are willing to cover of that, but there is no expectation except a great home.

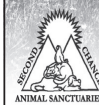

Meet **CHASE**

Chase is described as the independent one of his litter. He loves pets but also doesn't mind hanging by himself, so he's not as needy as many kittens his age. Chase has been raised in an amazing foster home with kids, dogs, and other cats. What more could you ask for? Oh, and don't forget he's neutered, vaccinated, and microchipped! We aren't asking an adoption fee for Chase! His vetting cost about \$150, and we appreciate as much as his adopters are willing to cover of that, but there is no expectation except a great home.

Winter Wellness: Has your pet had his/her preventive care exam (wellness exam) yet? Cold weather may worsen some medical conditions such as arthritis. Your pet should be examined by a veterinarian at least once a year, and it's as good a time as any to get him/her checked out to make sure (s)he is ready and as healthy as possible for cold weather.
