

Guthrie Robert Packer Hospital, Towanda Campus

Newman W. Benson Acute Rehabilitation Unit

Facing a traumatic injury, stroke, or heart condition is something none of us anticipate. In such critical moments, know that Guthrie is here for you and your loved ones.

The **Newman W. Benson Acute Rehabilitation Unit** is an inpatient center at Guthrie Robert Packer Hospital's Towanda campus.

Our personalized program provides a minimum of three hours of inpatient therapy a day, at least five days a week, for conditions such as:

- Stroke
- Brain injuries
- Neurological conditions
- Cardiac conditions
- Spinal cord injuries
- Amputations
- Trauma
- Pulmonary conditions

Our goal is to get you home to a more normal routine as quickly as possible.
