<https://www.facebook.com/secondchancetiogapa>

Hours: Tues, Thurs, Fri 12 to 5; Sat & Sun 12 to 4

PA KENNEL LICENSE #04944

Second Chance Animal Sanctuaries recently earned our 2026 Platinum Seal of Transparency from Candid, a website that helps people research legitimate and trustworthy nonprofit organizations. Platinum is the highest seal an organization can earn for a commitment to sharing information with transparency and integrity. As a 501c3 nonprofit that's funded purely by donations and grants, and receives no state or county funding, it's extremely important to Second Chance that our adopters, donors and the community trust us and the work we do. Thank you for your support!

Candid.

Meet **FARLEY**

Farley is calmer, slower and would enjoy a home where he can relax. This 4-5-year-old mix needs a little time to warm up to new people, but once he does, that smile and baby blue eyes will melt your heart. Farley is choosy about dog friends; he isn't crazy about dominant ones who get too frisky. He seems ok with cats. He's neutered, microchipped and up to date on vaccines.

Meet **BRENNA**

Brenna is an absolute social butterfly who adores all people and other dogs...but no cats, please. She's a happy, smiley, playful wigglybutt with so much love to give. She's just over a year old and we're told a pittie/German Shepherd mix. She'd love a dog sibling of similar size to play, run and wrestle with. Brenna is spayed, microchipped and up to date on vaccines.

Meet **ANGEL**

Angel is just as her name suggests - sweet, demure and loving. This orange and white girl is about a year old. She adores people and attention, but may need a little time to warm up. When she does, she's roly poly and snuggly. She's good with other cats, and likely would be fine with nice dogs. Angel is spayed, microchipped and up to date on vaccines.

Meet **CINDER**

Cinder is as lovey as his cheeks are chubby! This solid gray boy is about a year old and just a big doll baby who loves to be held, talked to and adored. He's cool as a cucumber and not much seems to bother him. He's good with other cats, and likely would be fine with nice dogs. Cinder is neutered, microchipped and up to date on vaccines.

Winter Wellness: Has your pet had his/her preventive care exam (wellness exam) yet? Cold weather may worsen some medical conditions such as arthritis. Your pet should be examined by a veterinarian at least once a year, and it's as good a time as any to get him/her checked out to make sure (s)he is ready and as healthy as possible for cold weather.
