

ADOPT | FOSTER | DONATE | VOLUNTEER

Let's Put Our Paws Together

This week's rescue group:

to support the
local rescue groups
in Tioga & Potter
Counties

www.facebook.com/HobosHomePA

Hobo's Home is a 501c3 nonprofit cat rescue in Millerton, PA. They work to home and rehome at-risk cats as well as provide TNR assistance to individuals as funding allows. Hobo's Home is 100% volunteer-run with NO paid employees so any donations that come in go completely to the care of the animals! Hobo's Home takes in primarily stray and otherwise homeless cats and kittens.

Pets are advertised on Petfinder.com, Adoptapet.com, and Facebook as they become available for adoption. Appointments are set up to meet pets after potential adopters have submitted an application and been approved to adopt. Please email HobosHome2020@yahoo.com or message them on FB to request an application to adopt.

WE SALUTE OUR VETERANS!

We offer **FREE** adoptions for veterans all year round.

Meet **MONSTER**

Monster is anything BUT a monster!!!! He is an extremely sweet, handsome, black with a patch of white kitten and he is OUR FAVORITE of the litter as far as personality goes!!! Monster loves to climb up on your shoulder and he held! He has been VERY WELL socialized with cats, dogs, people, children, and other kittens! Monster is an active little boy, is the first to greet you, and he likes to play with his siblings! Monster needs to go to a home with at least one other cat or kitten in it as that is in his best interest at this age! Perhaps you are interested in adopting 2 kittens?! (Ask us about our 2 for the price of 1 kitten deal!) Monster would do well in just about any home because he has such a nice personality. He can be easily picked up and held and has plenty of purrs to offer you! Monster will have been neutered, up to date on vaccines, dewormed, flea treated, FIV/FelV/HW tested negative, and microchipped upon adoption!

Meet **FRANKENSTEIN**

Frankenstein is an extremely handsome, black with a patch of white, sweet, and friendly medium-haired kitten! He has been VERY WELL socialized with cats, dogs, people, children, and other kittens! Frankenstein tends to be rather calm for a kitten and enjoys relaxing on his bed and occasionally playing with his siblings! Frankenstein is especially fond of his sister, Mary Shelley, and needs to go to a home with at least one other cat or kitten in it as that is in his best interest! Perhaps you are interested in adopting 2 kittens?! (Ask us about our 2 for the price of 1 kitten deal!) Frankenstein would do well in just about any home because he has such a nice personality. He can be easily picked up and held and has plenty of purrs to offer you! Frankenstein will have been neutered, up to date on vaccines, dewormed, flea treated, FIV/FelV/HW tested negative, and microchipped upon adoption!

Winter Wellness: Has your pet had his/her preventive care exam (wellness exam) yet? Cold weather may worsen some medical conditions such as arthritis. Your pet should be examined by a veterinarian at least once a year, and it's as good a time as any to get him/her checked out to make sure (s)he is ready and as healthy as possible for cold weather.
