MEMORANDUM

FROM: Mayor Duke Bennett

DATE: April 27, 2018

I was very happy to hear that all of our records removed by the FBI last July were returned to the Wastewater Treatment Plant Office today. We will continue to fully cooperate with the federal authorities and I am encouraged that the investigation appears to be nearing the end. I look forward to final closure on this matter and we will soon put in an official request for any information related to their findings.
