Sullivan County Health Department

FOR IMMEDIATE RELEASE

23 March 2020

The Sullivan County Health Department has been notified of a positive case of COVID-19 in Sullivan County. Citizens are asked to monitor for symptoms of COVID-19. Reported symptoms have ranged from mild to severe illness for confirmed Coronavirus disease 2019 (COVID-19) cases. These symptoms may appear 2-14 days after exposure. Symptoms include but are not limited to cough, shortness of breath, and fever. If you experience these symptoms contact your healthcare provider. This is an ongoing investigation and as more information becomes available it will be provided to the community. The Sullivan County Health Department is working closely with local and state officials to ensure that contacts of this patient are identified and monitored, and that all infection control protocols are being followed. The Sullivan County Health Department will provide updates as new information becomes available. The Sullivan County Health Department would like to remind all citizens to practice public health precautions of social distancing, avoiding mass gatherings, frequent hand washing, and to stay home.

Visit the Indiana State Department of Health website at www.isdh.in.gov and the CDC website at www.cdc.gov for the most up-to-date information on COVID-19.
