INDIANA SCHOOL CHOICE SCHOLARSHIP PROGRAM HISTORY

This latest iteration of the Choice Scholarship Program Annual Report incorporates data from the 2023-2024, 2024-2025, and 2025-2026 school years, building upon the initial report that was released in 2014. Because certain payment data will not be finalized until July 2026, some 2025-2026 information will be reflected in the 2026-2027 report. Prior Choice Scholarship Program Annual Reports can be found on the Indiana Department of Education's (IDOE's) Indiana Choice Scholarship Program webpage. The legal foundation for Indiana's Choice Scholarship Program can be found in Indiana Code (IC) 20-51 and 512 Indiana Administrative Code (IAC) 4.

Part of this report includes an overview of Indiana's current Choice Scholarship Program, which was passed as part of House Enrolled Act (HEA) 1003 (2011) (i.e., Public Law 92 [2011]). The Choice Scholarship Program provides Choice Scholarships to students in elementary, middle, and high school in Indiana who meet specific statutory criteria. These state tax funded scholarships are used to assist with the cost of tuition and fees at participating Choice schools for eligible students.

In May 2025, the income cap was removed from the student eligibility requirements to qualify for a Choice Scholarship award. Beginning July 1, 2026, all students between the ages of five and 22 with legal settlement in Indiana may use a Choice Scholarship to attend their preferred participating Choice Scholarship school.

ELIGIBILITY

Students must satisfy statutory eligibility requirements to participate in Indiana's Choice Scholarship Program.

For the 2025-2026 school year, all students must satisfy the following requirements:

1. Have legal settlement in Indiana;
2. Be at least five years of age and less than 22 years of age on October 1 of the school year; and
3. Be part of a household in which the household income is within 400% of the amount to qualify for the Federal Free/Reduced Lunch Program.

The income eligibility guidelines for the 2025-2026 school year are shown in Table 1.

STUDENT PARTICIPATION

Prior to the 2019-2020 school year, there was one application period for student applications. Beginning with the 2019-2020 school year, a second application period was put in place. The first application period is open from March 1 to September 1; the second application period is open from November 1 to January 15. For purposes of the Choice Scholarship Program Annual Report, a school is only counted as participating if they have one or more students receive payment, and students are only counted as participating if they receive a payment during the 2025-2026 school year.

The 2025-2026 school year saw growth in the total number of participating students in periods one and two. The 2024-2025 school year had 74,743 participating students in period one and 1,324 participating students in period two. The 2025-2026 school year had 78,965 participating students in period one and 1,583 participating students in period two. The total number of participating students from 2024-2025 to 2025-2026 increased from 76,067 to 80,548.

The period two application provides an opportunity for students who transfer during the school year from one Choice school to another to apply at their second Choice school and gives students who did not have an application in period one to apply for a half-year award in period two. In the 2025-2026 school year, 122 students withdrew from one Choice school and used a period two application to enroll in another Choice school; 1,418 students were new to the 2025-2026 Choice program in period two. There were 43 students who had a period one Choice Scholarship and withdrew from the Choice school but later returned to the same Choice school with a period two Choice Scholarship.

Table 2b illustrates the participating student applicant types for period two participating students. The table details whether a student participated in period one, withdrew from the school for any reason, and participated in period two; or if the student was only a period two Choice Scholarship award recipient for the 2025-2026 school year.

Table 3 illustrates students who withdrew during the 2025-2026 school year and participated in both application periods. The table shows students who participated during the first application period, left their original Choice school, and whether they returned to the same Choice school to apply and participate for the second period; or if the student enrolled, applied, and participated at a different Choice school for the second period.

SCHOOL PARTICIPATION

To participate in the Choice Scholarship Program, non-public schools must be located in Indiana, require a student to pay tuition to attend, administer statewide assessments, and be accredited by the State Board of Education (SBOE) or by a national or regional accrediting agency that is recognized by SBOE. The number of participating Choice schools includes only schools that reported student data to receive funding for the Choice Scholarship awards. In the 2025-2026 school year, there were 395 participating Choice schools. This is an increase from 373 participating schools in the 2024-2025 school year.

Percent Change from Previous Year	4.08%	4.48%	5.90%

Non-public schools, consisting of Choice and non-Choice schools, accounted for 9.08% of statewide student enrollment for the 2025-2026 school year. This is an increase of 0.38 percentage points from the 2024-2025 school year. Choice student enrollment for period one, as a share of statewide enrollment, increased by 0.42 percentage points over the same time period. Overall state enrollment decreased by 0.71%. Enrollment for traditional public school and non-public/non-Choice schools decreased by 0.48 percentage points and 0.04 percentage points respectively. Public charter school enrollment increased by 0.1 percentage points.

Table 5 depicts the count and percentages of statewide student enrollment by school type for period one.

PARTICIPATION BY GEOGRAPHIC AREA

Each public school corporation in Indiana is categorized as one of four geographic types – metropolitan, suburban, rural, or town. The geographic area for each student is determined by the public school corporation in which the student lives.

Table 10a. Participation by Geographic Area						
	2023-2024		2024-2025		2025-2026

SPECIAL EDUCATION

During the 2013 legislative session of the Indiana General Assembly, legislation was passed allowing non-public schools to be the designated special education service provider for eligible Choice Scholarship students. At the time a student’s application is submitted, the parent/guardian of the eligible student must designate either the Choice school or the public school corporation as the special education service provider. Choice schools that are selected as an eligible student’s special education service provider and agree to provide associated services may receive state special education funding to meet the student’s needs. Total enrollment of students with special education eligibility reported on their student Choice applications increased by 776 students between 2024-2025 and 2025-2026.

Table 12a. Special Education Service Provider Selection						
Year	2023-2024		2024-2025		2025-2026

Total	5,110	109	5,451	102	6,190	139
P1/P2 Combined Total	5,219		5,553		6,329	

From 2024-2025 to 2025-2026, selection as the special education service provider rose from 4,589 to 5,086 for public school corporations and from 964 to 1,243 for Choice schools.

The information in Table 13 shows the **actual** special education payment information for Choice schools for the 2024-2025 school year. Data for the 2025-2026 school year will be in the 2026-2027 version of the annual report. In 2024-2025, Choice schools received a combined special education payment for eligible Choice students of \$3,651,203.65. In cases where a parent/guardian selected the Choice school as the special education service provider and the student was withdrawn from the Choice school prior to the end of the school year, a prorated refund of the special education funding was returned to IDOE. The amount of refunds issued for the 2024-2025 school year was \$46,294.94, collected from 16 schools.

STUDENT RETENTION

Participating Choice schools are required to report a Choice Scholarship student who withdraws from the Choice school to IDOE within five days of the student's exit date. Table 14 provides the count and percentage of participating students who exited a Choice school prior to the last day of school. The overall withdrawal rate has decreased from 3.36% to 2.84%.

Between the 2024-2025 and 2025-2026 school years, returning students increased from 58,433 to 62,852. The number of new students increased slightly.

CALCULATION OF AWARD AMOUNT

The value of the Choice Scholarship is the lesser of the following two amounts:

- 1. 90% of the per student State funding for the student's corporation of legal settlement; or
- 2. Tuition and fees charged to the student at the eligible Choice school.

The 90% award amounts are posted on the Choice Scholarship Program [webpage](#).

Table 16a shows the number of students in each period that received either the 90% award or the amount of tuition and fees charged by their Choice school.

INCOME ELIGIBILITY

For the 2025-2026 school year, students must have met the income eligibility requirement. Students qualify if they are part of a household that has income that is within 400% of the amount to qualify for the federal Free/Reduced Lunch program. The guidelines are posted on page three of this report. In addition to using household size and income, the Choice Scholarship Program utilized the Choice Scholarship Eligibility System (CSES) for verification of income eligibility for students who are included in the database. Foster students are included in the CSES database and therefore are not required to use the foster status for income qualification. The CSES is not required by law but has been implemented by IDOE to assist schools and families. The CSES database includes students who qualify for certain benefits from other State-administered financial assistance programs. Table 17 outlines the breakdown of students by their income eligibility type. Due to the removal of the eligibility tracks, the number of foster students was not reported in years 2024-2025 and 2025-2026. While there is an increase in the number of students qualifying using the CSES, household size and income is used by most students.

AWARD AMOUNT AND COUNT OF AWARDS BY GRADE LEVEL

Table 19 details the total number and amount of Choice Scholarship students by grade level. The amounts shown are the maximum that would be paid if every student remained enrolled for the full school year; students who do not remain enrolled for the entirety of the school year receive a reduced award payment because the award is prorated to the amount of time the student remained enrolled in the school. Due to prorating awards for these students, **the amounts shown below are not the actual amount of dollars paid**. The table combines the period one and period two data. Period two awards are half the size of period one awards because they cover only half the year. Kindergarten through third grade account for roughly 38% of the total awards in each of the years shown, while high school (grades nine through 12+) see significantly lower numbers.

AWARDS BY PUBLIC SCHOOL CORPORATION OF LEGAL SETTLEMENT

There are 287 public school corporations that are the legal settlement of at least one Choice Scholarship student. The Choice student count by public school corporation of legal settlement is provided in Appendix A. Although the student lives within the boundaries of a specific corporation of legal settlement, the student may not have attended the public school prior to participating in the Choice Scholarship Program.

2023-2024	276	3
2024-2025	284	8
2025-2026	287	3

A student may have legal settlement in one public school corporation but attend a school that is located outside that corporation's boundaries. The following table shows the number of students who lived in the boundaries of one public school corporation but attended a Choice school in a different public school corporation's area. In the 2025-2026 school year, 55.3% of Choice students attended a Choice school within their corporation of legal settlement and 44.7% attended a Choice school within a different public school corporation's boundaries.

AWARDS BY PARTICIPATING CHOICE SCHOOL

Table 21 provides the total award amount that all Choice Scholarship students were eligible to receive in each of the last three years of the Choice Scholarship Program. **This is not the actual amount paid, but the total amount awarded for approved student applications.** The complete listing of all eligible award amounts by Choice school is provided in Appendix C. *The amounts shown are the maximum that would be paid if every student remained enrolled for the entirety of the school year.* Period one award amounts are an annual award; period two are a half-year award, so the individual award amounts are half the period one award amounts.

Table 22 depicts the number of students with tuition amounts reported within certain brackets on their Choice Scholarship applications. Roughly 76% of all participating Choice students have a tuition and fee amount between \$5,001 and \$10,000.

PAYMENTS

The next table depicts the different payment scenarios for the 80,548 students who participated in the 2025-2026 Choice Scholarship Program. As shown in Table 21, if all Choice students remained enrolled at their Choice school for the full school year, the total amount of Choice award payments would be \$548,012,632.46. If all 80,548 students received their full reported tuition amounts, the total payments would tally \$705,453,091.49. There were 19,265 students who received their tuition and fees amount as their Choice Scholarship award because the sum of reported tuition and fees was less than 90% of the per pupil funding at their corporation of legal settlement. The average tuition for those 19,265 Choice students was \$6,583.12 and the sum of the tuition amounts for those students totals \$126,823,725.20. The remaining 61,283 received 90% of the per pupil funding at their corporation of legal settlement.

Choice Scholarship award payments are made to the Choice school on the student's behalf at least once each semester. The student (if 18 years of age or older) or the student's parent or guardian signs an Endorsement Form authorizing IDOE to disburse the Choice Scholarship funds directly to the participating Choice school on behalf of the Choice student.

Indiana Code (IC) 20-51-4-6 specifies, *If an eligible Choice Scholarship student enrolls in an eligible school for less than an entire school year, the Choice Scholarship provided under this chapter for that school year shall be reduced on a prorated basis to reflect the shorter school term.*

The payment and prorated refund amounts for the 2023-2024 and 2024-2025 Choice Scholarship Program are detailed in Table 24. The information for the 2025-2026 school year will be published in the 2026-2027 version of the Choice Scholarship Program Annual Report.
