According to our records, you reside in Pima County and are not currently registered to vote. If you have recently registered or are not eligible to register, please disregard this notice. However, if you are eligible to vote and have not yet done so, please take a moment to fill out the enclosed form and mail it in the postage-paid envelope.

According to the county database, most eligible citizens are registered to vote. As part of our ongoing voter registration monitoring, we will be reviewing the county voter file in eight weeks to see if you have mailed your form. We would very much like to add you to the list of registered voters.

To check your voter registration status, please visit this website:
