State tax office opens for 12-hour service as March 15 'zero hour' nears.

Arizona Daily Star

TUCSON, ARIZONA, FRIDAY MORNING, MARCH 9, 1951 SECTION A THIRTY-TWO PAGES PRICE FIVE CENTS

WASHINGTON, March 8.—(AP)—Two proposals to "draft doctors as well as 18-year-old boys" faced the senate tonight as leaders planned to complete action tomorrow on the Universal Military Service and Training Bill.

They came from Senator Langer (R-ND). Sponsors of the bill expected a move to knock out the universal military service provisions of the bill. Langer told a reporter that he would like to see a "draft" bill passed...

Lower Death Age It would lower the induction age from 18 to 16 and extend required military service by draftees from 24 to 24 months.

Whenever the present international situation is such that the President or Congress could not do so, the bill would require that the President or Congress could not do so.

Fourth Session The session was part of the fourth session of the 81st Congress.

A French spokesman said "We are not in a position to discuss the draft agenda submitted by the Russians."

Today, they modified one of the points on their list to include a proposal to make it a joint proposal with the President's signature.

A western source suggested that the threat to the security of the United States is being increased by the atomic energy treaty partners.

With this in mind, the committee on the part of the North Atlantic Treaty Organization is being formed.
