

Poll: Cost of health care here a concern

The expense of healthcare remained a top concern for participants in the Health and Wellness Community Poll, conducted by Strongpoint Opinion Research in partnership with the Star. The poll, which asked questions similar those in a poll published in June 2018, had 1,474 respondents answer questions about their personal health as well as the health of their community.

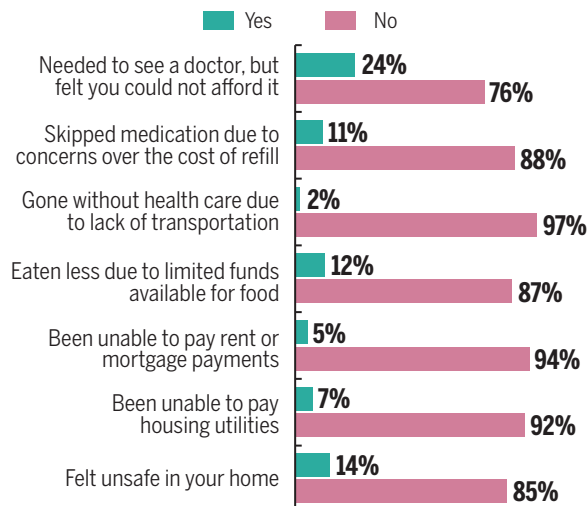

When you think of physical health, how would you rate the overall health of your community?

When you think of mental health, how would you rate the overall health of your community?

In the last 12 months have you experienced any of the following?

Note: May note add up to 100 percent due to responses of "I don't know."

How would you rank Tucson as a place for each of the following?
