BEDRIDDEN WITH PARALYSIS for nearly a year Scout Douglas King Wednesday night received the Star Scout badge, highest but one in the parade of Boy Scout decorations. Illness has not prevented Douglas from progressing in Scouting. Shown, left to right, are Douglas King, his mother, Mrs. Alice E. King, pinning the Star badge on his uniform; Frank E. Alder, council president; R. D. Pike, chairman, court of honor, and Joseph Foy, scoutmaster. (Photo by J. Robert Burns).

One-Man Show Staged for One Scout, to Award High Emblem

Douglas King, a student at Roskrige junior high school when he was shot in a gun accident last year, is unable to attend Boy Scout court of honor ceremonies. He is paralyzed below the waist.

So officials of Catalina council Wednesday night staged a one-man court of honor for him in the bedroom of his mother's Menlo Park home.

Douglas, who had been active in scouting, had completed work for a number of merit badges at the time of the accident—enough to entitle him to Star Scout rating.

When Scout officials arrived at the home, the youth was sitting up in bed, dressed in his Scout shirt.

To his mother, Mrs. Alice E. King, a widow, went the honor of pinning upon his chest the Star emblem. Both mother and son were sorry that Douglas' brother—

A. A. NICHOL QUILTS GAME SURVEY JOB

PHOENIX, March 19.—(P)—The State Fish and Game Commission today accepted the resignation of A. A. Nichol, director of the wildlife survey under the federal aid division.

Nichol, in charge of the survey for more than a year, formerly was connected with the University of Arizona.

The game commission abolished the Ruby game refuge of 3,840 acres, located northwest of Nogales. The Colorado river bullfrog season was fixed from March 20 to November 30, this year, and from March 1 to November 30 hereafter to conform to the California sea-

FDR ESTABLISHES RELOCATION PLAN

WASHINGTON, March 19.—(P)—President Roosevelt established today a "War Relocation Authority," which will have charge of a program for the relocation and employment of those persons being moved out of military areas.

These people will be given an opportunity to enlist for the duration of the war in a "war relocation work corps." They would perform work essential to the war effort.

White House officials said, but not of a type which would provide any opportunity for sabotage.

It was suggested they might engage, for instance, in agricultural pursuits and thereby release other workers for jobs more closely linked with direct production of weapons and war supplies.

The director of the new authority, which was created by an executive order, will be Milton S. Eisenhower, a former land use coordinator of the department of agriculture.

Valley Growers In War-Borne Quandary

SAFFORD, March 19.—(Special)—Confronted with a request from Washington, transmitted through S. F. Jarvis, local Triple-A administrator, that they greatly increase their plantings of long-staple cotton in order to meet a demand of the war department for the kind of long-staple cotton grown in the Gila valley, farmers of the area generally have indicated their intention to comply, Jarvis said today.

Meanwhile, he said, many of the farmers in question are gravely depressed by a water situation created by the recent allocation—by the war department—of material quantities of the valley's irrigation water supply to the Phelps-Dodge corporation at Morenci.
