TEDDY GRILLS N. Y. PRIMARY SAYS FARCE

Declares Ballot Boxes Openly Stuffed; Blames Guggenheim Machine in Colorado; Keeling in Indiana; Appeals to Illinois.

BRANDS PROCEEDINGS CRIMINAL-BRUTAL

Charges Roosevelt Inspectors Removed From Polls and Doors Closed When Suited Men in Charge.

Associated Press Report.

NEW YORK, March 27.—Supreme Justice Benedict at a late hour tonight issued an order to show cause why the result of the primary election on Tuesday in the fourteenth assembly district of Brooklyn should not be set aside and a new election ordered.

Associated Press Report.

CHICAGO, March 27.—Although "big business" and the control of the corporations constituted the chief topics of the speech of Col. Roosevelt tonight, the colonel devoted considerable time to the denunciation of the primary held in New York yesterday. He said it was a "criminal farce," that in many districts the polls were open only for a few minutes and the Roosevelt voters were shut out.

In other districts all the election inspectors were removed and anti-Roosevelt ones were substituted. He charged that in many voting places the ballots were misprinted and in others the Roosevelt candidates left off altogether. He declared that watchers saw the ballot boxes openly "stuffed."

"Criminal Farce."

"Nine o'clock was the time for closing. When the ballots arrived, it was either four minutes to 9, as happened in some cases, or fifteen minutes to 9, when most ordinarily decent citizens—men whom I depended on—had gone home," said Roosevelt.

"Against them were professional bread and butter politicians. These, of course, stood through the whole time and did not leave the polling booths until after 9.

"As I have said, such a primary contest is not merely a farce, but a criminal farce. With men nominally elected as a result, men like Parsons and Griscom and the rest, cannot if they wish to preserve their reputations as honorable men, consent to accept nomination as delegates.

"What was done in New York was substantially done in Indiana and Colorado. Against money, all the patronage, all the efforts of the Keeling machine in Indiana, we carried the state convention handsomely, then by fraudulent action, which can be only called brutal, in utter defiance of decency, nearly two hundred delegates were thrown out and the will of the people was reversed.

Appeals to Illinois.

"The same thing was done in Colorado by the Guggenheim-Evans machine. Outside of Denver, in spite of every species of attempted trickery and foul play, we carried a majority of the delegates, but were beaten by the most outrageous methods in Denver itself by the Guggenheim machine. In all these places our opponents have shown that they wished to win by any means, no matter how foul, and that they would not abide by the decision of the people.

"We ask for nothing except that the people themselves be permitted to say who they want. Never has there been a cleaner line-up in the history of this country than in the present line-up."

He concluded by an appeal to the people of Illinois to see that the legislature enacts the proper kind of a primary law.

Appeals to Gov. Dix.

Associated Press Report.

NEW YORK, March 27.—Chairman Duell, of the Roosevelt committee after a conference with the leaders appealed to Governor Dix to declare the primary invalid, and provide a second. State Chairman Barnes, and county Chairman Koenig expressed an opinion that a second primary would be illegal.

Leaders of the two factions do not agree as to who is responsible for the failure of the delivery of official ballots at many polling places yesterday. Duell blames the county organization, Koenig blames the board of elections and the official printers.

Calls it a Farce.

Duell sent a lengthy telegram to Governor Dix in which he said "newspapers this morning without regard to party or political affiliations declare that yesterday, the illegal primary election in this city and throughout the state was a farcical breakdown of the election law." He called attention to many alleged irregularities and asked in the "interests of

COAL STRIKE IN ENGLAND NEARS END

Miners Will Vote on Resumption of Work; Little Doubt But What All Will Be in the Affirmative; 115,000 Are Against Strike.

TRAFFIC SUSPENDS EXCEPT ON PERISHABLES

Activities Can Not Begin for a Week; Soldiers Ordered Ready to Go to Mining Districts If Needed.

Associated Press Report.

LONDON, March 27.—The event of the day in connection with the coal strike was the prompt decision of the miners federation to take a ballot of men on the question of terminating the strike. The ballot paper reads:

"Are you in favor of resuming work, pending a settlement of miners rates and wages in various grades by a district board to be appointed under the coal mines minimum wage act."

When it is remembered that 115,000 voted against commencing the strike, little doubt is felt but a majority will now vote for its termination. The prospect tonight is that the strike may end in a week, although there can be no general resumption until after Easter.

Orders were issued at Aldershot tonight that all troops, numbering 10,000, be prepared to move at any moment to the colliery districts. Five hundred left for Channock, where serious riot occurred this afternoon.

Railways have decided to suspend all freight traffic except for perishable goods from April 3 to 9. The worst trouble appears over but prices of coal and food are rising daily and the inevitable distress is throwing a great responsibility on the government.

CHARGES AGAINST WARDEN

Nevada Governor Will Ask Dismissal of Official.

Associated Press Report.

CARSON, Mar. 27.—Governor Oddie filed formal charges against Warden Ray Baker, of the state penitentiary today, and called a special meeting of the prison board, at which he said he would ask for Baker's dismissal.

The governor accuses the warden of gross extravagance, ludicrious expenditure, and of having made misleading statements in his annual report.

Baker was cited to appear before the board, and he has engaged an attorney, and said he will fight to the end.

REPEAL RECIPROCITY

American Law Rendered Inoperative by Canada's Vote.

Associated Press Report.

WASHINGTON, D. C., March 27.—A favorable report on the bill to repeal the Canadian reciprocity act with the exception of section 2, which related to wood pulp, and print paper, was made today by the committee on finance.

The law was rendered in operative save as to the paper schedule, by Canada's rejection of reciprocity.

CENSUS MEN FREED

Boosted Tacoma Population; Blame Shifted.

Associated Press Report.

TACOMA, Wash., March 27.—Guy Kelly and Roger Watts, charged by the government with being in a conspiracy to return false census returns, were found not guilty today.

The blame for the alleged irregularities was shifted by the accused men to Stacey Cornwell, a special agent, said to be in South America.

STRIKE SUNDAY NIGHT

Miners and Operators Unable to Reach Agreement.

Associated Press Report.

CLEVELAND, March 27.—The miners and operators in the bituminous fields were unable today to reach any agreement over the wage scale, and prevent a strike on April 1. It is stated that the strike is sure to begin at midnight on Sunday.

STEPHENSON CLEARED

Senate Decides His Election Was Entirely Proper.

Associated Press Report.

WASHINGTON, March 27.—The senate today declared Stephenson's election valid and acquitted him of the charge of having spent corruptly $107,782 in the Wisconsin primary.

THE WEATHER.

Associated Press Report.

ARIZONA—Generally fair Thursday and Friday.

ONE KILLED ONE DYING IN CHURCH DUEL

Ex-convict Follows Former Mayor to Prayer Meeting; Assailant Shot to Death While Wielding Razor and Gun.

CONGREGATION FINDS A CHARNEL HOUSE

Death Fight Witnessed by But Two Persons, Sexton and One Woman; Detectives Trailing Intended Victim.

Associated Press Report.

OAKLAND, Cal., March 27.—Adolph Goldman, recently released from San Quentin, is dead, and ex-Mayor Roland W. Snow is desperately wounded as the result of a duel tonight in the assembly rooms of the First Congregational church. Only the sexton and one woman were witnesses, the congregation expected for prayer meeting not having arrived.

The duel was the outcome of enmity dating back to the time Snow was elected mayor, in 1899. Some years ago Snow was shot by Goldman in a quarrel in San Francisco, and Goldman was sentenced to five years.

Goldman is said to have followed Snow to church and took a seat across the aisle from him. The witnesses first intimation of trouble was when Goldman attacked Snow, slashing him with a razor. While Snow was trying to defend himself Goldman drew a revolver and shot once.

Shot Through Head.

Snow fell with his knees and from that position fired a bullet striking Goldman in the chest, felling him. Snow staggered to his feet and fired twice more, both bullets striking the prostrate man. Goldman fired from a recumbent position, the bullet striking Snow in the head, but the latter managed to fire one more shot, the bullet piercing Goldman's head, killing him instantly. Little hope is given for Snow's recovery.

In recent years Snow made his home in Goldfield, where he engaged in mining. He resided with his daughter, Mrs. Gertrude Keatly. Snow arrived in Oakland March 1 and registered at a rooming house as John Wright. He knew Goldman was at liberty and endeavored to avoid him.

It was said tonight that Goldman had employed detectives to keep him informed of the whereabouts of Snow.

SMELTER TRUST PROBE

Colorado Congressman After Guggenheim Plants.

Associated Press Report.

WASHINGTON, March 27.—As investigation of the smelter trust by the house committee on mines and mining, was proposed by Mr. Martin, of Colorado, today.

Martin said: "The Guggenheim check books have written into Colorado's political history its foulest, and blackest pages." He declared that the smelter trust had "killed a graveyard of rival smelters" in his state.

ILLINOIS GETS LAW

Presidential Primary Bill Passes Thursday Morning.

Associated Press Report.

SPRINGFIELD, Ill., March 28.—The senate passed the presidential primary bill with emergency clause at 12:15 this (Thursday) morning by a vote of 27 to 11. It passed the house yesterday.

WORK OR VIOLENCE SAYS MEMBERS I.W.W.

Committee Calls on Mayor of Frisco; "Empty Stomachs Make Desperate Men."

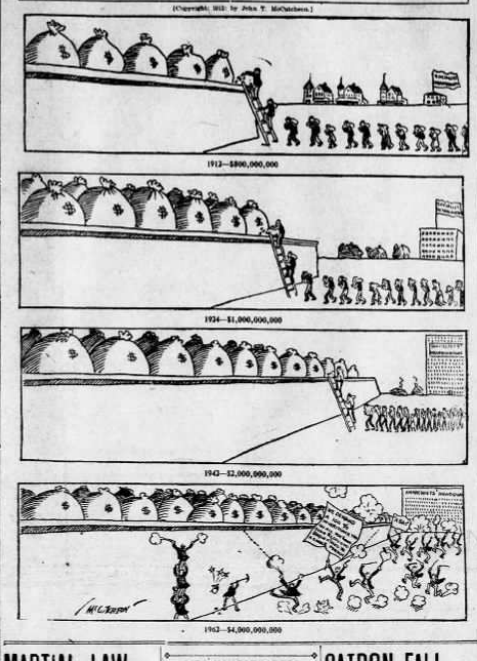
Associated Press Report.

SAN FRANCISCO, Cal. March 27.—Violence of a nature that would "make the whole world shudder," if San Francisco did not heed, was what was given work was threatened by a committee representing the Industrial Workers of the World who called today upon Mayor Rolph. The committee demanded work for "thousands of men out of employment in this city, and made desperate by empty stomachs."

The speakers abused the city government and refused to credit the Mayor's assertion that the problem of the unemployed was being given consideration.

IF MR. ROCKEFELLER LEFT HIS FORTUNE TO HIS GRANDSON, TO BE HELD IN TRUST FOR FIFTY YEARS

By John T. McCutcheon.



MARTIAL LAW FOLLOWS RIOT ROCK ISLAND

Regiment Guards Illinois Town; Raid on Railroad Yard Finds "Powder Men;" One Dead; Two Dying.

Associated Press Report.

ROCK ISLAND, March 27.—Fear of possible dynamite outrages as a sequel of last night's fatal riot caused martial law to be declared late today on request of Rock Island authorities. The Tenth Sixth regiment of the National Guard was mobilized here today.

As a result an early threatened demonstration was averted and Mayor Schriever relinquished his power to the military authorities.

Sheriff Bruner's fear of "powder men" was substantiated when it was learned that several men familiar with the use of explosives were mingling with the malcontents. The discovery was followed by a raid on the railroad yards, where a score of men were arrested.

Deputy sheriffs aided by the militia investigated reports that dynamite plots had been perfected. A recapitulation of the dead and injured disclosed that but one man lost his life last night. The list of the injured, however, was increased and two are said to be dying.

OLD BUT VIGOROUS

Sugar Trust Official Surprises Hearers at Trial.

Associated Press Report.

NEW YORK, March 27.—With self-possession and vigor which excited the wonder of spectators in a crowded courtroom, Octogenarian John E. Parsons testified in his defense to the government's charge that he and others connected with the American Sugar Refining company acted criminally in the restraint of trade in closing Adolph Segal's Pennsylvania refinery five years ago. Counsel for the defendants, through Parsons, sought to show the "trust" made every effort to get Segal to repay the million and a quarter loan which he obtained from it through Gustave E. Kissell.

AIDS HOMESTEADERS

WASHINGTON, D. C., March 27.—The house today passed a bill reducing from 5 to 3 years the period of residence required on homesteads before a patent will be issued. It also permits entrymen and their families to be absent five months in each year. The legislation has been before congress for many years.

BRYAN DENIES SAYING HARMON WAS TOOL

William J., However, Believes the Governor Is Wall Street Choice and Reactionary.

Associated Press Report.

LINCOLN, March 27.—W. J. Bryan today gave out an open letter, in reply to one given out by E. S. Moore, Harmon's campaign manager. Bryan denies that he said Harmon was a tool of Wall street but he admits that he did say that Harmon was Wall street's choice, and was a reactionary.

Bryan recites that the Ohio governor deserted the Democratic party in 1896 and came back in 1900, but the next year was the leader of a movement in Ohio to turn the Democratic party of the country back to Wall street.

That Harmon's strength has been thrown to reactionary side since 1908, says Bryan, is shown by his opposition to the recall, the referendum and initiative in the adoption of the constitution for Ohio.

DEFOREST ARRESTED

Head Wireless Company Charged Misuse of Mails.

Associated Press Report.

SAN FRANCISCO, March 27.—Lee De Forest, of the American De Forest Wireless company was arrested at Palo Alto this afternoon, on an indictment from New York, charging a misuse of the mails.

COAL PRICE ADVANCES

$1.50 a Ton Tacked on; Hold Reserve Fearing Strike.

Associated Press Report.

CHICAGO, March 27.—The price of coal here advanced 50 cents to $1.50 a ton the past week. There seems to be plenty in storage but it is being held in fear of the strike.

CATRON-FALL NEW MEXICO U.S. SENATORS

Republicans Elected on Eighth Ballot; Change of Four Spanish-American Votes Completes Choice.

Associated Press Report.

SANTA FE, March 27.—The eighth ballot resulted today in the election of Albert B. Fall, and Thomas B. Catron, republicans, the first United States senators from this state. Thirty five votes were needed for election. The final ballot, after four Spanish-American members had changed their votes to Catron resulted; Fall 39 Catron 28 with eight scattering; democrats, Felix Martinez 26; A. A. Jones 23; progressive republicans H. J. Hagerman 3, W. H. Gillenwater 2.

The senators-elect will leave tomorrow for Washington to present their credentials. Fall is a native of Kentucky aged 51, and Catron is a native of Missouri, age 71. Each has been attorney general of the territory and promiment in politics of New Mexico for many years.

Catron in the early days was a law partner of the late Stephen B. Elkins.

WIFE ELOPES; SUICIDES

Son Late Rear Admiral Hichborn Shoots Self.

Associated Press Report.

WASHINGTON, March 27.—Philip Hichborn, a young lawyer and son of the late Rear Admiral Hichborn, committed suicide by shooting late today.

Despondency over the elopement last summer of his wife with H. L. Wylie, a Washington lawyer, was probably the cause. The couple were married in San Francisco.

The wife is a daughter of the late H. M. Hoyt, formerly solicitor general of the United States.

IRRIGATION MEET.

Associated Press Report.

SALT LAKE, March 27.—The national irrigation congress will meet here October 1-5 instead of in July as was announced tentatively. The new dates will bring the congress here the week of the State fair.

MESSAGE SAYS MADERO TROOPS BADLY BEATEN

Signal Victory for Rebels; Federals Compelled to Retreat; Aubert Cut Off From Main Body; Reinforcements Fail Arrive.

3000 REBELS HEM IN AUBERT'S ARMY OF 1200

Report Says Eight Cars Filed With Wounded Officers and Men Have Departed for Mexico City.

Associated Press Report.

MEXICO CITY, March 27.—Reinforcements under Gen. Tellez left Torreon today to support Gen. Aubert and Pancho Villa, who are opposing revolutionists near Jimines. Reports of federal defeat at Jiminez are untrue. On the contrary, up to 12 o'clock last night the troops of Gen. Aubert were fighting valiantly against the forces of Orozco and up to 2 o'clock this afternoon no news has been received that the federals had been defeated, in fact, victory appears to be with the federals."

The above is the substance of a statement issued by Madero today. News from other sources does not appear to bear out the official statement. Telegrams reaching the capital from official and private sources indicate beyond a doubt that the last of the federal forces operating about Jiminez have retired to the vicinity of Torreon. Behind the last train carrying the troops of Gen. Aubert the railroad was destroyed to prevent pursuit.

Eight Cars of Wounded.

One hundred carloads of federals arrived at Torreon today and eight cars, occupied almost entirely by wounded officers and men, left there for Mexico City. An unconfirmed report is that Gen. Aubert and Gen. Telles have been wounded.

Disastrous Defeat.

Code message was received from Torreon which confirmed the defeat of Aubert. The telegram in part is as follows:

"After the disastrous defeat suffered by the federals at Corralion, Gen. Telles, wounded though he was, returned in such order as was possible to Torreon. He was advised that the rebel forces were organizing to follow him closely, and to prevent attacking the rear, destroyed the railroad as he went, but in the most consurable manner, leaving Aubert cut off without assistance.

"Gen. Aubert, in beginning the battle with the rebels, sent an urgent request to Tellez for reinforcements, and continued to counter march toward Torreon.

Mazatlan Captured.

"Aubert did not receive this word until he was immediately west of Jimenez from which position he could see the great number of rebels. He also counted upon Villa with 300 men but before Villa's force could make the juncture with Aubert, his force was cut off by rebels who afterward attacked the flanks of Aubert's force which were eventually almost surrounded after being subjected to a drilling fire, resulting in complete rout."

Mazatlan, Sinaloa, was reported taken by the rebels today.

To Attack Aubert.

Associated Press Report.

JIMINEZ, Mexico, March 27.—Gen. Trucy Aubert's retreat last night and early today seems to have been amazing for this afternoon it was reported a re-organized column of the federals would be returning to attack Jiminez. It was reported that they had already opened battle with a detachment of rebels at Rancho de San Pedro, ten miles from here.

The report came as a complete surprise to the rebel camp. The government commands of the late General Salina and General Telles, it is practically certain, have returned to their base at Torreon, 150 miles south, and it was assumed that when Aubert broke camp and disappeared he had been the futility of attacking a force outnumbering his own at least two to one.

Information that he had halted in his retreat and was returning to the attack, resulted in a cancellation of the order issued early today for Campa, with 600 rebels, to occupy Parral, two hours by rail from here. Campa was ordered to report there at once.

The rebel column, still at Escalon, thirty miles south, received orders to proceed north to attack Aubert in the rear. It is possible, though not probable, Aubert has not heard of the repulse of the day before of federal columns and still expects to be supported.

Tonight reports were received showing that Aubert's return was not due to his own choice, but to having met a column of rebels in the mountains, and the appearance of the insurrectos who came from Corralitos checked him. He then returned to the vicinity
