

2019 Congressional District Census

Commissioned by the Republican Party

Ronna McDaniel
Chairwoman

Monday Morning

Preparing for the 2020 Presidential Election is going to take a massive grassroots effort all across America. That is why President Trump has requested that a Census of every Congressional District be conducted immediately.

Enclosed is your official **2019 CONGRESSIONAL DISTRICT CENSUS** registered **CODE #** [REDACTED] in your name as a representative of Tucson.

Your registered census is one of the select few being mailed into Arizona's 2nd Congressional District. In order to build the data models needed to target voters in Tucson and help ensure President Trump's re-election, it is critical that we receive your completed Census Document no later than August 5th.

[REDACTED] because of your high level of political involvement, your personal input on the questions presented in your Census Document is important to our nation's future.

This is the largest Congressional District Census our Party has ever taken for a Presidential election. Your completing and returning your 2019 Census Document is central to our ability to devise a winning Republican strategy in your area as we prepare for President Trump's re-election.

Our research shows that the nationwide Congressional District Census that we conducted last year made all the difference in maintaining our Republican Senate Majority and winning hundreds of other races across the country. Now that control of the White House is at stake, President Trump very much needs your personal involvement to make our 2019 Census a success.

With our nation so politically divided and the Democrats and mainstream media constantly spreading fake news about President Trump and his administration, it is difficult to get the real facts about his agenda out to Americans all across the country. That is why it is so important that you return your Census Document immediately to me here at RNC Headquarters.

[REDACTED] your participation in this national effort will provide us with the detailed data we need concerning Arizona's 2nd Congressional District. Most importantly, it will show the Liberal Democrats in Congress, the radical special interest groups, and their Left-wing allies in the media that the American people support President Trump and want to advance his legislative agenda – even with the Democrats now in control of the U.S. House of Representatives.

So please, act today to complete your **2019 CONGRESSIONAL DISTRICT CENSUS** and do your best to get it back to me at RNC Headquarters by August 5th.

At the same time, please include a generous contribution of \$25, \$50, \$100, \$250, \$500, \$1,000, or whatever you can send to help underwrite the costs of this project and enable us to enhance our voter outreach, strengthen our grassroots operations, better deliver our message to all Americans, and re-elect President Trump and Republicans at all levels of government.

(Over, please)

I'm making this special appeal for your financial help now because President Trump cannot continue to make major progress with his efforts to Make America Great Again as long as the Democrats and the Liberal media misrepresent his message and hold his Presidency hostage. It is absolutely vital that we have the funds to battle back.

With the Democrats in control of the U.S. House, President Trump and our Party are going to be under even more brutal non-stop attacks. They will try to bring all of his accomplishments to a screeching halt, block legislation in Congress, hold up Presidential appointments, work relentlessly to stop us from doing what's best for America -- and set the stage for them to capture total control of our government so they can enact their Socialist agenda.

What the Liberal media doesn't want the majority of Americans to know is that ever since President Trump entered the Oval Office, he has consistently delivered on his promises to make our nation better for all her citizens.

Under Donald Trump's leadership, our country's economy is strong -- and getting stronger. We passed the largest tax cut in America's history. We are cutting unnecessary federal regulations. Jobs are coming back all across our nation. Conservative judges are being confirmed to our nation's courts...

...We're moving forward to fix our nation's illegal immigration crisis, replace our aging infrastructure, and tap into our country's huge energy assets. We're investing heavily in fighting the opioid crisis at all levels. Our nation's veterans are getting the attention and care they've earned and deserve. We are rebuilding America's hollowed-out military and creating a safer America that will confront terrorism and other threats to our country head-on.

None of these accomplishments mean anything to the Democrats.

Chuck Schumer, Elizabeth Warren, Nancy Pelosi, and their Liberal cohorts are determined to put their radical, costly, and destructive politics first -- ahead of the good of our country -- as we witnessed in the confirmation hearing of Supreme Court Justice Brett Kavanaugh.

They will fiercely fight President Trump's every move to build on his positive record for the people. Together with their allies in the mainstream media, our political foes will continue to divide our great nation, destroy our heritage and values, and work to derail President Trump at every turn. Their goal is simple -- capture the White House and control of our government in the 2020 elections.

As Chairwoman of the RNC, my top priority is to make sure we have the organization and the funds to stop their efforts to change our nation into a Socialist country by ensuring Donald Trump is re-elected the 45th President of the United States.

Our nation's changing demographics demand that we Republicans reinforce and expand our message of opportunity for all. We must reach women, minorities, young Americans, and other voting blocs with our inclusive message of fiscal responsibility and pro-growth policies. And we must make clear to all Americans that our country's best future lies in re-electing Donald Trump.

This Census is an essential step in building -- brick-by-brick, town-by-town -- a nationwide, activist network second to none, that will keep in touch with voters like you to make sure we are locked into the pulse of America and understand who our voters are and what

issues are of most concern to them.

BY COMPLETING AND RETURNING YOUR CENSUS DOCUMENT TODAY, YOU CAN HELP MAKE THIS EFFORT A MAJOR SUCCESS.

Your opinions will represent literally thousands of Republicans in your Congressional District when it comes to key questions such as:

- Do you agree that President Trump and our Republican leaders in Congress should continue to be aggressive in working to pass legislation to create jobs, cut taxes and regulations, and make America more competitive at home and around the world?
- The threats posed by domestic and international terrorists; the growing reality of cyberattacks to our nation's government, businesses, and infrastructure; instability in the Middle East; and the military build-up of Russia, Iran, and China demand solid leadership. Do you support our efforts to do everything we can to protect our country and restore America's position in the world?
- The almost total collapse of America's once-workable immigration system in recent years has proven to be a very volatile and divisive issue. Do you support President Trump's efforts to secure our nation's border and work aggressively to enforce long-standing immigration laws to solve our nation's illegal immigration problem?
- Do you believe that the national media has a strong bias against all things Republican and fails to tell America's voters the real facts about Republican policies, principles, and goals?
- What are the most important national issues that you feel are most directly relevant to your life and family?

The answers you provide in your Census will help us shape our strategy and allow President Trump and our Republican incumbents and challengers to continue to battle for a bold agenda that reflects the priorities of the citizens of this country – one that will frame the national debate, strengthen our Republican voice in setting policies, increase voter turnout, and keep our nation on a secure course.

The extremely close results of so many of the 2018 elections underscored just how crucial it is for our Party to be prepared to fight for every vote – not just in what is sure to be a costly, fiercely fought contest for the White House – but also in races up and down the ballot all over the country.

If we fail to maintain the White House and our U.S. Senate Majority and do not capture a Majority in the U.S. House, the Democrats will bring a wrecking ball to all of our accomplishments and will do everything possible to **revive Barack Obama's agenda** of big-government, massive spending, job-killing regulations, a weakened military, and an ineffective foreign policy.

We can't let that happen.

That means the RNC must start to invest in opposition research, voter outreach,

Party expansion, and grassroots organizing. And we must have the funds necessary to use the latest technologies to execute our campaign plans and get our Republican message out to ALL Americans.

To be successful, we must put these action items into full swing – NOW.

That is why I sincerely hope you will send a contribution of \$25, \$50, \$100, \$250, \$500, or \$1,000 along with your completed **2019 CONGRESSIONAL DISTRICT CENSUS**.

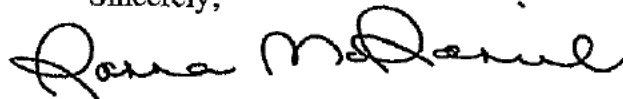

Politics in America today is a non-stop struggle. President Trump cannot succeed, nor can our Party prevail over the challenges the Democrats will constantly present in their efforts to divide and destroy our great nation, without the input and support of dedicated individuals like you.

America is truly at a crossroads. The path to a positive future for our children and grandchildren is in your hands.

Mr. Steller, the fight to re-elect President Trump starts today. We must begin funding the powerful grassroots operation needed for the Presidential election and be prepared to work for every vote in races all across the country – including contests in Tucson. If the Democrats win this battle, it will prove disastrous for America's future.

Please stand with us – let me hear from you by August 5th.

Sincerely,

Ronna McDaniel
Chairwoman, Republican National Committee
