Weekly cases

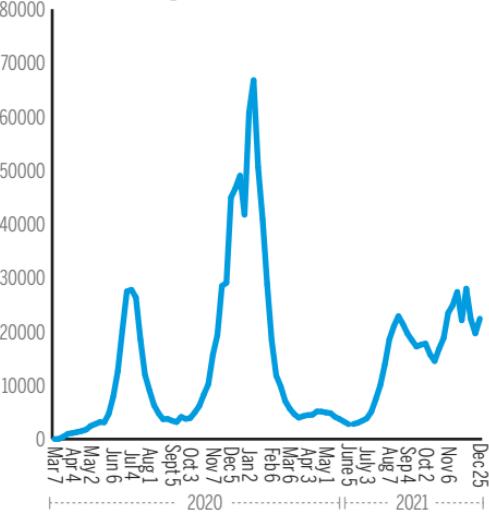

Weekly vaccine doses administered

Weekly deaths

Weekly hospitalizations

SOURCE: Arizona Department of Health Services
Figures as of Thursday, Dec. 30.

The Star accounted for about a one-week lag in cases and vaccine doses reported to ADHS. We accounted for a about two-week lag in hospitalizations and deaths. Cases and vaccine doses are included through Dec. 25. Hospitalizations and deaths are included through Dec. 18.

Weekly totals are aggregated from Sunday to Saturday. Data is updated frequently and may have changed. Find the most up-to-date data and additional disclaimers about each dataset at azdhs.gov/covid19/data/.
