**DEATH THREATS MADE BY JAPANESE IN PHILIPPINES**  
Two New Attacks Beaten Off by American Army Here  
NEW EDICTS QUOTED Hostage System Is Set Up In Effort to Quell Any Disorders

WASHINGTON, Jan. 14.—The same harsh, ruthless practices made familiar by Nazi forces in France, have been applied, the war department reported tonight, by the Japanese in Manila and other isolated sections of the Philippines.  
Residents of the islands have been warned that anyone who signs or attempts to injure a Japanese soldier or sailor, is liable to a death penalty. If he cannot be held in custody, the death penalty may be inflicted at any time. A list of names including that of the Japanese captives, is being prepared.

The department announced this development in its second communique of the day. It said that in the first of two Japanese attacks on Manila, the Japanese had used heavy tanks and heavy artillery. American and Filipino troops repelled both with heavy losses to the enemy and without any casualties to themselves.  
The two tank attacks were supported by aircraft and artillery. The Japanese used gas and fired mortar shells. The first attack was repelled by the Philippine army. The second was repelled by the Philippine army and the United States Army.

Juveniles, 12 to 17 Years Old, Glibly Confess to Police

Five juveniles from 12 to 17 years of age were arrested last night and told they had committed 38 burglaries in the last month in Tucson. A part of the loot was recovered from a hiding place behind the "swinging shrine" on South Main street.  
The juveniles, all of whom were between 12 and 17 years of age, were arrested by police officers who were patrolling the streets. They were taken to the police station and interrogated. They confessed to the burglaries and named their accomplices.

Closest To East Coast Yet; Navy Rushes Craft To Rescue Survivors, Number of Which Not Definitely Known

NEW YORK, Jan. 14.—(AP)—The Third Naval District announced tonight that the Panamanian tanker Norrens was torpedoed by a submarine early today 60 miles south of Montauk Point, Long Island—the closest approach yet made to America's east coast by enemy warcraft since the United States entered the war.  
The Navy's announcement said that a naval craft had been sent to the rescue from New London, Conn., and Newport, R. I., and that a number of survivors were known to have been picked up.

**100 Miles From New York**  
The position of the oil carrier, 60 miles south of Montauk Point, was at the eastern tip of Long Island, 120 miles from New York City, would place it approximately 100 miles east of New York harbor.  
The vessel was named Norrens and was owned by the Norrens Shipping Co., of Panama City, Panama. It had gone to sea on Jan. 11.
