

5051 E. Canada Street  
Tucson, AZ 85706

April 14, 2015

Mr. Britt Klein,  
Administrator Tucson Water  
City of Tucson  
PO Box 27450  
Tucson, AZ 85726

Britt,

In response to your email request about the rented / lease materials provided on:

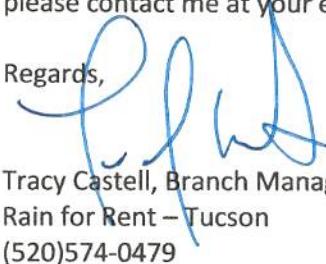

**Contract 100241 (Blanket PO Number 34573) Rental of Above Ground Piping, Pumps, Hose, Filtration System & Related.**

Rain for Rent maintains a select inventory of equipment for use in potable water applications. The City of Tucson (Tucson Water) and Rain for Rent has partnered on several emergency potable high line (bypass) projects since 2008 with success and without incidents. To the best of our knowledge, Rain for Rent has not rented or leased any "non-potable" pipe or fittings for use or conveyance of potable water for the City of Tucson or their customers.

While Rain for Rent is not contracted to provide any onsite management related to operating the temporary piping systems, hydrostatic testing, chlorination, or any bacterial testing, we are aware the City of Tucson (Tucson Water) has provided these services on all projects completed since 2008.

We look forward to our continued partnership in the years to come. If you have any further questions please contact me at your earliest convenience.

Regards,

Tracy Castell, Branch Manager  
Rain for Rent – Tucson
