

1 and there was 3 other gentlemen  
2 who some one told me were  
3 the Earps - Mr Holliday was  
4 next to the buildings on the inside  
5 he had a gun under his coat  
6 he had on a long coat and  
7 the way I noticed the gun was  
8 that his coat would blow open  
9 and he would try to keep it  
10 covered - I stood in the door until  
11 these gentlemen passed and until  
12 they got to the second door and  
13 what frightened me and made  
14 me run back I heard this man  
15 on outside kind a looked hated  
16 at Holliday and I heard him  
17 say let them have it and  
18 Doc Holliday said all right  
19 before I could get from the  
20 door then I thought that  
21 I would run and run towards  
22 the back of the shop but before  
23 I reached the middle of the shop  
24 I heard shots I dont know  
25 how many - an  
26 I dont know who said give it to  
27 them I can not describe the  
28 party it was one of them that  
was with Holliday -
