

Star Bares Propaganda Branding Foreign-Born Disloyal

Klan Agents Circulate Paper Accusing Jews of Inciting Race Warfare, Not to Enable Blacks to Rule U. S., but to Seize Power Themselves as Part of World-Wide Conspiracy to Overthrow All Gentile Governments.

"CHRISTIAN RUSSIA RUINED BY SEMITES," ANOTHER "WARNING" TO COHORTS

"I Am an Anglo-Saxon White Man. So Ordained by God." Chaplain Proclaims, and Holds Up "Imperial Wizard" of "Invisible Empire" as "Statelikest and Most Stalwart American Yet Evolved by Civilization"—Japanese Also Attacked in Periodical.

Jews, members of colored races and all foreign-born citizens and residents of the United States are being branded as disloyal in propaganda circulated by agents of the Ku Klux Klan. The Star publishes today more extracts from the "sacred" writings of Emperor Simmons and from the papers which his agents find effective in fanning racial and religious hate and prejudice as a preliminary to successful salesmanship which keeps money flowing into the Atlanta coffers, starting with the \$10 donation that opens the portals of the "Invisible Empire."

The two preceding articles in this series, with their abundant examples of the venomous anti-Catholic propaganda current in the "Invisible Empire," have made it plain that Emperor Simmons was, to put it courteously, Ku-Kluxing the truth when

AVOWS RACIAL DISTINCTIONS WERE "DECREED BY CREATOR"

In the case of the negro this bias is self-evident. Simmons himself has voiced it in "The Ku Klux Creed," printed on page 2 of his secret and copyrighted sacred Kloran, or ritual. "We avow the distinction," runs the third paragraph, "between the races of mankind as same have been decreed by the Creator, and we shall ever be true to the faithful maintenance of White Supremacy and will strenuously oppose any compromise thereof in any and all things."

That phrase, "White Supremacy," was the rallying cry of the original Ku Klux Klan of the reconstruction period, and the modern counterfeits has clung to it to such an extent that at the present time the secret counterfeits of the order is "white" and the secret password is "supremacy," unless they have been changed since. The Star learned them along with the other sacred \$10 mysteries.

White Supremacy is further emphasized in Emperor Simmons' copyrighted pamphlet, "The Practice of Klanishness," the secret unflinching communion of a long-suffered and long-winded soul with its God which the Star discussed in the eighth article of this series.

"Racial Klanishness," says the soul on page 5, from its "Aulie" in Atlanta, "being in all things true and loyal to the Caucasian race, its traditions and civilization, and keeping its civilization pure by preserving it from the contaminating intermixture of alien races and their influence, maintain White Supremacy first, last and all the time. (The Star does not hold itself responsible for the imperial variety of grammar). Faithfully protect our politics and society from the haughty, ambitious and arrogant aggressiveness of colored races who seek to mix their breed with the blood of our Government and civilization. . . . Recognize the distinction between the races of mankind as they have been decreed by nature, and preserve unto death the peculiar distinctiveness of the white race from the foul touch of a lower stock. Keep Caucasian blood, society, politics and civilization PURE!"

Maintains Stalwart Chaplain

The Imperial Wizard, like all true royalty, maintains an Imperial Chaplain who is quite as stalwart, if not arrogant, in his Caucasianism as the Emperor himself.

The alleged Imperial Chaplain is one Rev. Dr. Caleb A. Ridley, otherwise identified as pastor of the Central Baptist Church of Atlanta and Chairman of the Dixie Defense Committee, which has been active in Atlanta and other communities where leading white and negro citizens have been attempting to approach the South's race question on the "Atlanta" plan basis of inter-racial councils.

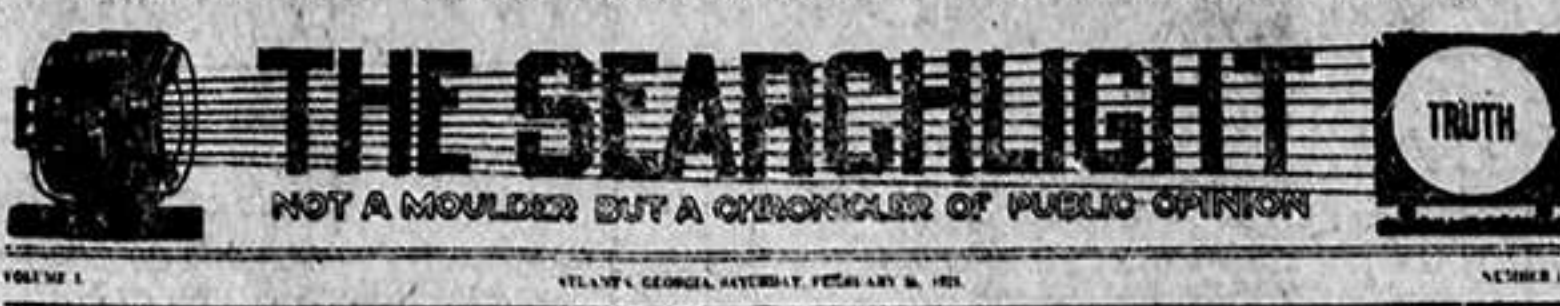

On July 23 the Searchlight, which The Star yesterday linked up with the propagating forces of Ku Klux, Inc., announced to its readers that Dr. Ridley had been engaged to contribute a weekly "column" to the sheet, and in the issue of Aug. 6, under the standing head "Ridley's Ramblings," appears an article, "Americans Without a Hyphen," which deserves generous quotation.

"Hedged about and guarded by the horizon-line of the Invisible Empire," begins the Chaplain's verbal ramble, "stands the statelikest and most stalwart American yet evolved by our civilization. His bosom smelt with that patriotic pride and love of country which have pulled men away from selfishness and ease and sent them

he stated that his organization wages war on no creed, takes no part in any religious controversy and concedes the right of every man to worship God as he pleases.

Similar failure of the Emperor's professions to coincide with the propaganda on which his salesmen rely for their income appears, as might have been expected, in the case of the three other classes definitely set apart as ineligible in the "questionnaire," or entrance test of the order. Not only have Jews, members of colored races and foreign-born whites as little place as Roman Catholics in the Ku Klux scheme of an incorporated and Emperor-ruled "PURE Americanism," but similar active steps are taken to stimulate any dislike or prejudice against them which may be latent in the community or the individual prospect.

FLAUNTING MASKED EMPIRE

KU KLUX KLAN PARADE IN HOUSTON, TEXAS.

Enough examples have now been given of the hatred propaganda which circulates in Ku Klux circles to make it abundantly plain that when Emperor Simmons or his underlings assert that their order wages war on no individual or organization "regardless of color, race or creed" these smooth professions do not coincide with the facts as uncovered by investigation.

The fruit of such propaganda is the list of outrages and lawless acts which have been occurring in many parts of the United States since Ku Kluxism, Inc., got fairly rooted. When they are taken up and analyzed the American public will be in a position to decide whether it wants to be "hedged about and guarded by the horizon-line of the Invisible Empire," where stands "the statelikest and most stalwart American yet evolved by our civilization," as Imperial Chaplain Ridley phrased it, or whether, instead of this incorporated super-government and invisible censorship, it does not prefer the constitutional principles and rights secured by the founders of Americanism and the laws evolved from the experiences of national life.

But before going on to this analysis of the fruits of Ku Kluxism, The Star has one more intensely secret document of the Klan to make public.

Realizing that outsiders would be interested in seeing the oath with which Klansmen must bind themselves as they pass the portals of the Invisible Empire, The Star secured a copy of the obligation, which will be printed in full and discussed tomorrow.

CASE UNDER ADVISEMENT

Bismark, N. D., Nov. 4.—The state supreme court today took under advisement the case in which attorneys for a number of taxpayers sought to have the court quash its order dissolving an injunction issued by District Judge Coffey at Jamestown last month, which held the bank of North Dakota insolvent.

Enough examples have now been given of the hatred propaganda which circulates in Ku Klux circles to make it abundantly plain that when Emperor Simmons or his underlings assert that their order wages war on no individual or organization "regardless of color, race or creed" these smooth professions do not coincide with the facts as uncovered by investigation.

"Dooley" Enigma Easy; Latest Ones Knotty

Since the recent appearance of a news item in The Star recounting the achievement of the Tucson postal authorities in delivering to the proper person a letter addressed only to "Dooley" the post-office has been deluged with letters similarly addressed, Assistant Postmaster Don A. Etchells said yesterday. These letters containing only the business slogan of a concern or a like key to the identity of the person for whom they are intended, are being sent, Mr. Etchells believes, in an attempt to stump the postal management. If this is true the plan has probably succeeded, as Mr. Etchells now has a letter on his hands for whom he fears he will not find a recipient. It is addressed to "Seventeen Cow Guardians," evidently a cattle company employing 17 cowpunchers. This is the first letter of the kind that has not been successfully delivered, Mr. Etchells said.
