How have its "domains" and "realms" and "Klans" been extended until they embrace every State in the Union but Montana, Utah and New Hampshire?

What are the possibilities of an order that preaches racial, and religious hatred of the Jew and Roman Catholic, of the negro and the foreign-born citizen?

What are the possibilities of a secret organization that practices censorship of private conduct behind the midnight anonymity of mask and robe and with the weapons of whips and tar and feathers?

What ought to be done about an order whose members are not initiated but "naturalized," whose oaths bind them to obedience to an "Emperor chosen for life?

What ought to be done about an organization with such objects when the salesmen of memberships in it work first among officers of the courts and police departments, following then with the officers on the reserve lists of the military and naval forces?
