WASHINGTON, April 1.—(Minimum) sent that the Italian line will be the danger of an attack by the Austrians in force upon the Italian lines was emphasized today at the Italian embassy. Recently the embassy submitted a statement that no less than forty divisions had been ordered by the army along the Italian front, and now information comes that these troops have received the essential of food, artillery and ammunition for which they have been waiting.

Recalling the inequality with which the Italian advance was made in the Lombardy and German armies on the front last year were received by the Italian military authorities now said especially by the fact that the Italian army is still in the hands of the Italian military men are sent.
