678 personnel
0% contained

Tuesday, several spot fires were detected across Forest Road 231 to the north of the main fire perimeter. Night shift was able to suppress those immediately, the largest of them reaching a half-acre.

Tuesday, crews continued work on Forest Road 231 to provide a robust firebreak.

In Oak Creek Canyon, hotshots built handline and reopened lines established during the 2014 Slide Fire.

Other crews built containment lines to the south of the fire to protect values closer to Sedona.
