* Note: 2001-10 figures were obtained from the Vermont Department of Education. The state has no numbers for 2011; the 2011 numbers in this chart were obtained from the Lamoille South Supervisory Union. The 2011 numbers are for this fall, but all other years are end-of-year statistics. As a result, Stowe claims a 15-student gain from last fall, but the chart shows a difference of 26.
