

Harbor Christian Academy

A PLACE WHERE EVERY STUDENT CAN
ACHIEVE, BELIEVE, AND BELONG.

Achieve

We set individualized goals for students to succeed personally and academically.

Believe

We believe God created us in His image and we are all His image bearers.

Belong

We provide an environment where each child is valued as a part of our community.

Personalized Education

We spend time and effort getting to know your child, determining their strengths and weaknesses, then making an educational plan tailored to their individual needs.

Skills-Based

This model allows students to advance at their own pace. Students needing extra time with reading, math, or science concepts receive the support necessary for mastery, while those excelling advance more quickly. Additional advanced learning opportunities are also offered.

Neurodivergent Inclusive

- Dock Program: A specialized program designed to provide individualized support for neurodivergent students.
- Take Flight: Dyslexia intervention curriculum
- Social Skills Training
- Executive functioning assistance
- Self regulation skills
- Outside-the-box solutions for individual needs
