TIMES HERALD

Let the Healing Begin.

The DCH Wound Care Center offers new hope for healing chronic wounds that have been slow to respond to traditional treatment. Our experienced team of physicians and certified nurses and therapists specialize in diagnosing hard-to-heal wounds and developing a team approach and plan of care for optimal healing time. Our goal is to return patients safely and comfortably to the health and lifestyle they desire.

Welcome V. Chowdry Pinnamaneni, MD

Daviess Community Hospital proudly welcomes Dr. Chowdry Pinnamaneni, who specializes in wound care, including:

- Non-healing surgical wounds
- Pressure ulcers
- Diabetic ulcers
- Vasculitic ulcers
- Pyoderma gangrenosum
- Stasis ulcers
- Arterial ulcers
- Ostomy site complications
- Radiation wounds
- Cutaneous presentations

Office Hours:

Monday–Friday 8:00 am–4:30 pm

INTRODUCING

CORE Center

Chiropractic, Orthopaedic & Rehabilitation Excellence

Excellence in quality healthcare has long been a hallmark of Daviess Community Hospital. That same commitment continues with the recent opening of our new CORE Center, conveniently located in downtown Washington.

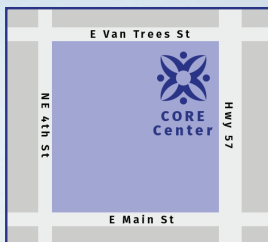

Three medical specialties working together as one. The new CORE Center is home to the offices of Dr. Marcus Thorne, Dr. Jess Brower, and DCH Outpatient Therapy. Dedicated to chiropractic, orthopaedic and outpatient therapy, this 18,000-square-foot multi-specialty clinic provides efficient care for those who may need a combination of treatments such as physical therapy and chiropractic or orthopaedics and rehabilitation.

The primary mission of Daviess Community Hospital is to ensure that our community has access to excellent coordinated care in a convenient location. The new CORE Center is an integral part of that mission. To learn more or to schedule an appointment, call today!
