Customers Turn into Friends for Life

Established in 1982, Magee Construction Co. has evolved into a nationally recognized design/build team. "Our professional and courteous crews act as guests in our clients' homes," Wayne Magee said. "Crews try to do everything possible to make the remodeling a pleasant one."

The Magee team believes the same level of attention should be applied to each and every project.

As clients enjoy their new and remodeled spaces, they spread the word.

"Clients are left with pleasant memories after the construction experience and appreciate having an extended warranty on their project," Magee said. "Customers turn into friends for life."

The goal at Magee Construction Company is to ensure that clients receive quality workmanship and close attention to detail from a staff that really listens to its customers.

The staff will do everything possible to see that your project flows smoothly and is completed in a timely manner. They understand that roof replacement is just as important to one customer as a new home is to another.

Magee's well-trained staff will skillfully carry out your project from concept to completed construction. We make your dreams a reality.

The company has received Remodeling Magazine's Big 50 award, which recognizes the top 50 remodelers in the country, and has repeatedly ranked in Remodeler Magazine's annual top 500.

Locally, Magee Construction has received the Waterloo Historic Preservation award, as well as being voted Best of Best in the Courier poll every year.

JOSH ALMARAZ, BEST AUTOMOTIVE SALESPERSON 2024

I just wanted to say thank you to all the people that voted for me in this year's "Best of the Best!" Also, to my repeat and referral customers: Thank you for your trust in me to provide you with the vehicle of your choice in a customer-focused manner. Also, I appreciate you sending me some of your friends and relatives. My success depends on how I treat customers, and your loyalty and referrals reflect that treatment.

Thank you to Community Auto Group; specifically, Sam Porter and Jean "Frenchy" Charbonneaux for showing me the right way to approach this business and that outstanding customer service translates to happy, loyal customers for life!

I am excited to give my future and new customers outstanding customer service along with a quality new Honda or pre-owned vehicle. This would not have been possible without your loyalty and voting for me one of the "Best of the Best." I am very grateful!

Best wishes,
Josh Almaraz

BILL COLWELL FORD OFFERS AWARD-WINNING SERVICE

FIRST PLACE: Service • Detailing • Oil Change • Dealership

FAVORITE: Salesperson - Dakota Even • Best Customer Service – Automotive • Best Overall Customer Service

For the 9th consecutive year (2016-2024), Bill Colwell Ford in Hudson is ecstatic to have been voted yet again as the Cedar Valley's No. 1 overall dealership. In addition, they are humbled to be recognized as the "Best of the Best" in the Automotive Service, Detailing, and Oil Change categories. New this year, Bill Colwell Ford was also voted the "Favorite" for Best Customer Service – Automotive and Best Overall Customer Service. Also receiving the "Favorite" nomination for the second year in a row is Sales Representative, Dakota Even. They want to thank all of their loyal customers and community members for their support and taking the time to place their votes.

up to date with new vehicles and features put forward by Ford while continuing to offer tried-and-true vehicles such as the staple F-150, which as of 2024 is the #1-selling truck for 48 years running. New models and features are always on the horizon in both the gas and electric world, and both sales and service staff make it a priority to stay current with the latest technology to best

answer customer questions and maintenance requests.

Bill Colwell Ford's remarkable achievement of winning the "Best of the Best" award for the 9th year in a row is a testament to their excellence in the automotive industry. This achievement reflects not only their commitment to providing a quality guest experience in sales and service, but also their outstanding level of community involvement.

"When it comes to EV's, we are noticing both an increasing interest and uncertainty amongst consumers," said Blake Colwell, General Manager at Bill Colwell Ford. "However, they are changing in affordability, which is leading to a growth period and enthusiasm surrounding the electric vehicle initiative here in the Cedar Valley."

"This award is a testament to our dedicated and hard-working employees. It's because of their commitment to providing top-notch customer service, product knowledge and being adaptive to our ever-evolving industry that we have been able to build a solid base of loyal customers," said Bill Colwell.

Staying at the forefront of handling EV models with both sales and service, Bill Colwell Ford is always planning for the future and making improvements to their facilities to provide the ultimate experience for both employees and guests. After building a brand-new facility in 2012, they added the Quick Lane Tire and Auto Center in 2016, the Business Development Center in 2022, which includes several office spaces and a new conference

room, and additional service bays in 2023. Currently, they are nearing completion of an outdoor EV Charging Station which will house multiple Level 2 and Level 3 chargers for electric vehicles. "We're looking forward to getting these operational as they will be highest powered EV chargers in the Cedar Valley, providing 240kW and 120kW of powered charging," said Blake.

While the dealership is constantly making improvements to their facility, they are still meeting customers where it's convenient for them. They have continued to offer on-location services for sales and service customers, such as complimentary local pick-up and delivery for service appointments, video chats with sales staff by request, at-home test drives, and delivery of purchased vehicles. They have also continued to utilize implementation of the Ford Mobile Service Van that can visit customers at their home or office to complete a variety of service requests such as safety recalls, software updates, batteries, wiper blade replacements, filter replacements, and more. Being able to offer this service back in 2020 became so popular and appreciated by customers that they have continued this service to better accommodate

Pictured left to right is Kevin Schwarzhoff, Gannon Oberhauser (Northeast Iowa Food Bank), Whitney Burke, Blake Colwell, Jeff Baker, and Bill Colwell.

customer's busy schedules and the ever-changing auto service industry.

No matter what goes on day to day at the dealership, Bill Colwell Ford still makes it a priority to give back to the community that has given so much to them. In April, Bill Colwell Ford held their annual "Fill-a-50" item drive to collect food and personal supplies on behalf of the Northeast Iowa Foodbank. This year, 394 pounds of food and \$450 in monetary donations were collected, providing over 2,200 meals for members of the community. The dealership has also worked with other local organizations for prior "Fill-a-50" events, including the Black Hawk County Veteran Affairs food pantry, Cedar Valley Hospice, Cedar Bend Humane Society, House of Hope, Friends of the Family, Cedar Valley Angels, and more.

Bill Colwell Ford is also set to host their 13th annual

Drive 4UR School event on Monday, September 23rd from 11:00 a.m. – 7:00 p.m. at their dealership. The Drive 4UR School program started in 2007 and is a fun, engaging way to help schools raise money for their sports and extracurricular activities. For every valid test-drive completed, Ford Motor Company will donate \$20 to the Hudson Athletic Booster Club, (up to \$6,000). Since 2009, Bill Colwell Ford has been able to raise over \$73,000 for the Hudson Athletic Boosters. This year, their goal is to surpass the \$75,000 mark.

"Being able to give back to those who have given us a chance to earn their business is what keeps our business going. The Cedar Valley is a great community and we're happy to give back and be a part of it," said Bill Colwell.

As a growing business in the Cedar Valley that is committed to exceptional customer service, Bill Colwell
