

If your child is looking for something fun and exciting to do during the summer, they can enroll now in our 2018 Ram Summer Sport Camps. We offer safe, fun and skill-focused programs for your child. We will provide the perfect opportunity to improve their skills, make new friends, and inspire a love for the game.

We provide camp opportunities that offer countless ways for your child to grow. Also returning this year by popular demand is our Strength and Conditioning Camp. Sessions are available all summer in the mornings. Our camps and programs are offered locally at our Mineral Wells High School campus and led by our expert staff.

Our mission is to help your child achieve their athletic and life goals. We want the privilege of helping your child become the best player and person they can be. If they love sports, they need to be at one of our Ram Camps! What a great year to be a Mineral Wells Ram!
