Dear Parents and Guardians,

I am writing to inform you of an incident that occurred during last night's varsity basketball game involving players from both teams. A physical altercation took place, resulting in a disruption to the contest. In the interest of student safety, school officials, in coordination with School Resource Officers, made the decision to suspend the game. Please know that this matter is being taken very seriously. The incident is currently under full investigation by the administrative teams from both schools, with support from our district and law enforcement partners as appropriate. The safety, well-being, and character development of our students remain our top priorities. Expectations for sportsmanship and conduct always apply, including athletic events, and any violations of school or district policy will be addressed accordingly.

Respectfully,

Chip Fulmer

Principal
