

COLLIER COUNTY SHERIFF'S OFFICE

CONSTITUTIONAL CARRY IS NOT OPEN CARRY

"I support the constitutional carry law. It is the duty of every gun owner to use their firearms safely and within the law." - Sheriff Kevin Rambosk

ON JULY 1, 2023, FLORIDA'S CONSTITUTIONAL CARRY LAW GOES INTO EFFECT.

➤ To carry a concealed firearm in Florida you must meet the same criteria required to qualify for a concealed weapons or firearms license as outlined in F.S.S.790.06.

➤ You are not required to complete training or pay a licensing fee.

➤ If you are traveling to another state it is still your responsibility to know and comply with that state's laws.

➤ Florida concealed licenses are still valid and will still be issued to qualifying individuals.

➤ Effective July 1, 2023, the State of Florida acknowledges all concealed firearm licenses lawfully issued by another state.

➤ Restrictions remain in place on where it is unlawful to carry a firearm.
