I can't believe how bad the cash flow is...Really need to dig and find out where the losses are... i'm guessing Farmer Joe's and the farm are the black holes

Farm got hammered, I'll be interested to see the final number just how bad it was but it was clearly very bad

I wonder how much we've lost in distribution and Hawthorne as I'm sure that'll be surprising as well.

For the first time in a while it's been 3 weeks now farmer joes hasn't had to have money deposited into it. Dans made major improvements and got labor to a much better place.

How do you feel about that name, not necessarily the logo. My grandfather had never gotten the chance to open the store he wanted to after the family store split up and then he went on to run the chain of stores called Everybody's Markets. Would be cool to use that name, but certainly don't have to.

It's not quite as farmy as I was thinking... But it might resonate well in Cape Coral ... probably starting to get diluted a bit but there always was a large amount of Italian population in Cape Coral..... Haven't really been able to come up with anything that would be better and with the significance of the name it would be cool to go with

I have been trying to think of something more farmy at least not yet. Not that we need to make a decision today but we do soon for sure 🙌

I'm sure the Italian population is trending down as that's more elderly for sure
