

Thank you for taking time to participate in the Democratic process. My hope is that you will examine the arguments thoroughly, so you can feel confident in reinforcing your vote and confidence in me as your representative on City Council.

I'm grateful to have served as a Council member for over 11 years. I have been blessed to see and be a part of this community coming together and achieving great things. We did this because of respectful relationships built between citizens, city workers and city council. It wasn't "Us against each other", it was "Us against the problem".

The accusations against me aren't because I've failed to do my job. The accusations against me are because I refuse to participate in that which disrespects the position I was elected to and remain steadfastly committed to.

I am proud of the positive working relationships I have built with the city workers and citizens of Gervais, and none of these relationships could reasonably be considered a conflict because they are all also people I represent. I hear every voice and I try to remain objective- because that's what I believe I was elected to do. Please allow me to continue to serve this community: vote NO on this recall notice.

Sincerely,  
Micky Wager
