BEST OF THE BEST 2025

WOODWARD NEWS

FROM THE DESK OF

What began in July 1998, when I was just a newly dedicated sales rep of one year, has grown into a much awaited event each year! I have had the pleasure of being present for it's lifespan of 27 years and each year brings some new fun along the way.

From the excitement of the nominations to the big reveal, it is a community treasure. The community shows recognition to their friends and businesses that may not get their flowers throughout the year and we are happy to be a part of that. With each new category added and business that hits the scene, Woodward has shown that we are willing to lift up the hard workers in the area despite where they come from.

Sheila Gay
Publisher

PHEW! This year has been a pearl clutcher. Different voting practices and a slightly more cram-packed schedule have given me a run for my money, but here we are at publication time! I always enjoy giving people the good news that their business or personality has won them public recognition and this year it has helped me immensely. So just know that when I see you smile you are bringing me a little bit of joy as well.

Every year we try to innovate this process a little more as I learn and grow as a multimedia representative. There may be bumps and hiccups along the way but it is all in effort to streamline and make this process more efficient and fun!

Sara Acosta
Multimedia Representative
